ENGINEERING NEWS

meeting of the Arch AL\_A\_meeting 'or, the, Architectumi ingineering Society, a week ago has vening, a talk was given by Miss thel C.\_Sparks in, which abs related E.C.Sparlences in a government fratfy-is offles in "Washington, She was gi-ember of a drafting force that pro-tred plot drawings of troop placements France and that made models of forts. A co Fielder 13, C.E. while of here and county contours under the dirgo on of the Government War Collego, on of the Government War Collego, and a Week, while on his way, to into. In is with the U. S. Geological Provo Stream Measurements, Jury of Stream Measurements Idaho. He is with the U. S. Geological Survey on Stream Mensurements. A large radial drill urrived Monday, for the Department of Industrial Engi-neering. It is a very modern tool which the muchine shop has not had heretofore and represents a distunct addition to the department's equipment. C. W. Heponstall, of the Heppenstall Knife and Forge Company, Pittaburgh, has Just presented a locomotive, to the school. It is an industrial type of, hearrow gauge and will be a valuable addition to the equipment in Italiway Idechankal Engineering. Mr Heppen-skall also presented the school with a steam hammer.

am hammer, The Sonior Engineers started today their annual inspection trip. They il stop at Harrisburg, York, Philade-ia, Trenton, New York and Schenec-dy. About sivty men are taking the

### MINING NOTES

An informal dinner was recently heid at the Fort. Pitt Hotel, Pittsburgh by the alumni of the School of Mines in the Pittsburg district in order that Dean Moore might lay before them plans for the futtsburg district and this meeting a committee of the alumni was appointed to zerve in an adviouxy capacity and for the purpose of alding the school in any way possible. The committee con-serve in a school, at this meeting a for the purpose of alding the school in any way possible. The committee con-serve is a school of the school in any way possible. The committee con-serve is a school of the school in the future of the school of the Warriner of H W. Monizo Ogen of the Warriner and Stewart and Maittee the metallurgists

numeration and Stewart and Addung an metallubelariment of Metallurgy has recently purchased and installed an US,000 purchased and installed an US,000 purchased and installed an US,000 purchased and installed built of the second and the second studying ...metallography to a correlate studying ...metallography to a correlate halr. theory with prates in the heat-treatment of steels to devide, cyriain physical properties.

Other, new equipment recently ob-jated by the department, consists of Brown Transformation point record-g instrument complete for determining 0 proper hardening temperatures of proper hardening temperatures of schele, a Pensky-Margin fash point iter, Bureau of Alines Model, and Egniter-Ubjetchdo viscoeinetec for ting the fash point and viscoeity pretively of heavy ells, with particu-reference to fuel ells

Three semi-finals will be chosen, the vell represent the class in the semi-finals. Three semi-finals will be held between, the representatives of the chasses com-poing the various sections. These sec-tions were formerly lecture periods and will'be in charge of different members of the department. There, are four-sections and these will be in charge of Miss Adams, Mr. Gibbons, Mr. Miller, and Professor Marshman. A niember will be chosen from these sections to take part in the finals No definite arrangements have been made concerning the final contest but it is probable that it will be held in, the Auditoium and will be open to any wishing to attend. It is probable that the final geneches will be extemportion-ous and the speakers will not, know will be announced at a late date
