A Brief History of Our Business and Our Policy

Our store opened for business in the FALL of 1913, from a very modest beginning, when the owner was still a Junior at Penn State. At that time we occupied only a very small part of our present location. Finally, after graduation in 1915, we occupied our entire present location, due to our abnormal growth.

In 1911 we sold only Agricultural Books. We added various articles as rapidly as we were able. In the FALL of 1915 we began to expand very rapidly, until now we carry the MOST COMPLETE line of TEXT BOOKS and STUDENT SUPPLIES at PENN STATE. We also carry various other articles which a student may need while here at College.

Our POLICY has been and always will be to serve you in the very best possible manner. We invite helpful SUGGESTIONS and CRITICISMS to improve our SERVICE. We realize that our business will grow only if we render you the best of SERVICE, and we aim to do so.

The Point Makes the Pen

The Tempoint Pen has the point that won't weaken in the strongest hand or strongest ink—

Due to a special hardening process which also gives the gold pen a steel-like hardness and flexibility.

Writes at first touch. The famous Wahl Comb Feed automatically regulates flow of ink for any speed.

Air-tight chamber prevents "sweating" and keeps pen moist for instant writing.

THE PERFECT POINT

The Perfect Pointed Pen (Heretofore known as the Boston Safety Pen)

A fitting writing mate to the Eversharp Pencil, made by the same concern. Made in both Self Filling and Screw Joint styles. Prices, \$2.50 and up.

Come and try it. Learn how different and better a pen can be.
