

On the Corner

HERE GOES FOR A LITTLE MORE AGONY

Yes, dear reader, this doesn't hurt you any more than it does us

BUT—

And I guess if you can stand it, we can.

It's lucky we received our prep education at a school about five miles down the line, for a guy sure does not need a course in safe-cracking to open one of them new-fangled lock boxes in the P. O.

Well, ye old poster sike has come and went. And now the freshmen can rest in peace—until the next time.

We note our reporter says the Sophs and Juniors had a scrap on the Co-op. We must admit, however, it looked more to us like a free-for-all. Guess the Argonne forest had nothing on it. And of course the Sophs won.

At least that's what said reporter said, but then he was a Soph himself, so he can't be blamed for thinkin' such foolish things.

TO THE FROSH. Now that it's getting to be cold weather, we hereby make a free gift to the Freshies of all the radiators in town. They're yours, hang on to 'em good and tite, and what's more, don't let any poor nut of a Soph sell 'em to you.

The editor of our hot-air box colym got an excommunication this year weak cost two cents to send it too. And what do you suppose the poor fish writ it on? PAPER, b'gosh.

For a little variation, we herewith submit this poem.

No, we ain't a-starting studyin'. And we ain't a-going to, nuther. For there ain't no use a-gradin' When we'd a great deal ruther Go to Ladies' Cottage.

Guess we'll begin to think about starting studyin' along about quiz time.

We agree with the man who said "What chance has a poor devil of a student to go through college paying \$8 a week room and \$4 a week board?"

Lucky we paid our landlady reg'n'r last year and got a rep, for as usual, WEDIE BROKE.

And if some more of these subscriptions don't begin to roll in, we'll stay broke. Might even have to s'pond publication.

So, what's the use of going to Bellefonte for two and three-fourths when you can get all you want here for one and a half.

Step up, fellahs, one at a time please. Don't crowd.

If you're willing and we're willing, I guess that will be ALL.

COLLEGE CHORUS SINGS

In Sunday chapel, the College Chorus gave a fine rendition of Gounod's "Jesus' Word of God Incarnate". The organization of this branch of musical activity has nearly been completed and in spite of the fact that Seniors have been exempted from daily chapel, the class of '20 is well represented.

SINGLE FIELD GOAL DEFEATS VARSITY

Ritner, by Beautiful Dropkick in Third Quarter, Enables Second Team to Win 3-0

The last game between the varsity and second teams before the opening of the football season was played last Saturday on New Beaver field and resulted in a 3-0 victory for the scrubs. Both sides were evenly matched so that Penn State will have a wealth of material from which to select her varsity team.

The game opened with the second team kicking off. Way, the varsity quarterback, received the ball on the 5-yard line and by brilliant open field running advanced it to the 50-yard mark. Several times during the game, he got away for long runs of this kind. Hess at fullback and Beck and Robb as half backs composed the rest of the backfield for the first ten minutes and they repeatedly went through the line for substantial gains. The second team, however, also had an excellent backfield, with Jones at full, Ritner at quarter, Killinger, right half, and Hilscher, left half, and on more than one occasion they pierced the varsity line.

The lines of both teams were about equal. Both offered good resistance and kept their opponents from getting dangerously near to their goals. The varsity line consisted of Higgins and Snell, right and left ends, Rangely and Cuthbert, right and left tackles, Henry and McKenzie, right and left guards, and Conover, center. The second team's line was made up of Brown and Ego, ends, Hill and Black, tackles, Gill and Boer, guards, and Bentz, center.

The scrubs scored the only points of the game. In the third quarter, they worked the ball down the field to the varsity's 20-yard line, and from there Ritner dropkicked a beautiful field goal, netting three points.

The game was characterized by frequent time-out periods and substitutions. Pond substituted for Jones, Knabb for Haines, Kraft for Way, and Emory for McKenzie. One peculiarity of the game was that every forward pass failed, whether attempted by varsity or scrubs.

Professor H. B. Northrup, of the Department of Metallurgy, attended the 120th meeting of the American Institute of Mining and Metallurgical Engineers, held in Chicago, September 22nd to 28th inclusive. This meeting had the largest attendance of members of any of the Institutes' meetings to date. The items of particular interest taken up at this meeting were those in connection with the manufacture and heat treatment of iron and steel.

There is considerable new equipment being installed in the mining machinery room. A motor driven Sirocco fan for mine ventilation purposes gives the laboratory the latest word in ventilating equipment. The motor driven centrifugal pump has arrived and will be installed in the very near future.

Mr. W. H. Chasney, Professor of Mining, is away for two or three days attending the conference of mining men held in connection with the dedication exercises of the new buildings for the Pittsburgh Station of the United States Bureau of Mines.
