DEPARTMENT OF MUSIC SCHEDULE NEW COURSE

As was announced some time ago, the Department of Music will offer a new course in music appreciation during the coming semester. There are no prerequisites for the course and those students enrolling in it will receive college credit, provided they are students in a school which accepts music as an elective. The aim of the course is to give the listener an idea of the form of various compositions, starting with the simple and ending with the more complex works, to discover the motive upon which a theme is built and developed and to watch for its recurrence during the development. In this way it is hoped to teach the student what the composer has to present so that as a listener he may enjoy music to a greater degree by knowing what to listen for. The class scheduling this semester will meet in Room 56 of the Lebar Arts building on Wednesdays at one-thirty p. m.

With the beginning of the second half of the contest, and after 19 to 11 in favor of the Penn State side, the Red and Black team, its personnel of the first half unchanged, began a spurt in an attempt to equalize the score. Mullan and White led. A field goal by Carroll and several foul goals answered also by this sterling forward raised the Wash-Jeff score to within three points of the Blue and White score. Mullan, Haines and Carroll combined with Wolfe and Killinger in a spurt which raised Penn State's score from any danger of being overtaken.
