INTELLECTUAL BY-PRODUCTS DESCRIBED BY FRANK WADE

Such a side line need not make of a man a jack-of-all-trades. The old saying, "Beware of the man who has but one book" is still valid.

The game does not have to be golf, worthy avocation though that be. Except for the few, the too ardent followers of golf are far more likely to find it a means of outgo rather than a means of income.

So in order that it may become a truly intellectual by-product, you must choose something that has possibilities in the way of ready sale, either of product, or of service, and that appeals to you as something you would miss a good deal for any time if necessary.

Don't worry about your suit going bad. We can help you out with a pair of the Dutchess trousers.

We have many patterns to select from. Prices range from \$5.00 to \$10.00 the pair.

Contains more Turkish than any other "Turkish blend" cigarette

YOU don't want too much Turkish tobacco in your cigarette. Most men find straight Turkish cigarettes too rich and heavy.

But you do want ENOUGH Turkish. The extra large proportion of Turkish in Fatimas gives smokers that delicious Turkish taste.

That is why—even if a man smokes more Fatimas than usual—they leave him feeling just as he should feel—fine and fit for his work.

FATIMA A Sensible Cigarette

The Real Thing in Cigarette Packages

Smokers are beginning to realize that the fancy-colored, expensive pasteboard box is no longer the popular cigarette package.

At nearly all of the big fashionable clubs and hotels, as well as among those smokers who go to French Lick, to Atlantic City and Palm Beach, and even to Newport itself, the one package most frequently seen is this "soft" yellow package that carries twenty Fatimas.
