

ELECTRICAL STUDENTS OBSERVE RADIO TESTS

Of no little interest are the developments in the world of wireless telephony which are at present being observed by the students in the course served by the students at this institution. The Western Electric Corporation, which developed most of the wireless apparatus used by the United States fighting forces in the recent war, has established a research laboratory for the study of the wireless telephone at Deal Beach, New Jersey, a few miles south of Asbury Park.

Tribute Is Paid to Honored Dead

A fitting tribute was paid last Sunday to the memory of two great men, who have rendered such invaluable service to the college that their names shall ever be revered by the hosts of Penn State students and alumni. At ten-thirty on last Sunday morning, the student body gathered around the grave of Captain Atherton, the seventh president of the college and who was buried on the north side of the auditorium.

DEAN POND EULOGIZED BY CHEMICAL SOCIETY

The members of the Priestley Chemical Society met last Friday night to pay tribute to the memory of Senior Dean G. G. Pond, S. W. Cohen '20, president of the society and presiding officer of the meeting, called upon Professors Pritchard and Chandler, who in the course of their remarks brought many interesting facts to light concerning the magnanimity of character and the unmeasurable service Dr. Pond had rendered to students, alumni, and to all who came in contact with him.

"PREXY" MAKES STRONG APPEAL FOR ECONOMY

Dr. Edwin Earle Sparks, president of the Pennsylvania State College recently issued an earnest appeal to college men and women to recognize the sound principles of saving and right spending and the need of personal thrift as a factor in national prosperity in order that they may assume their proper place as leaders of constructive thought and action in America. In referring to the preparation necessary to such leadership, Dr. Sparks said:

"The development of high ideals, sound principles of conduct and strong essentials of character are as necessary in a college course as the acquiring of languages, mathematics or a profession. At one time in American home life this training was safely left with the parents; but with the disintegration of the home, through the demands of business and social obligation it has largely disappeared with the holding of family prayers, the blessing at table and the reading of the Scriptures. Thrift was indicated with religion in the pioneer days."

CAMP DEVON FACILITIES AT DISPOSAL OF R. O. T. C.

Captain M. D. Welty, Professor of Military Science and Tactics returned to the college last week after a three days' visit and inspection at Camp Devens, Ayer, Mass., where the Penn State Sophomore and Freshmen Cadets who signed up for the summer camp with the R. O. T. C. will be stationed. All matters have been arranged for the benefit of the student cadets during their stay there.

Major General Henry McCain, in command at Camp Devens, has announced the policy for the conducting of the R. O. T. C. there this summer. All students will be given every advantage possible at the camp to this end, all military instruction ends at noon. In the afternoon, there will be athletics and recreation, such as swimming, baseball, tennis, golf and track. There are ample facilities for all of these sports at the camp, as grounds for all of them are provided and, in the body of the encampment, a fresh water pond is used for swimming. This is available to all R. O. T. C. students in the afternoon. In addition, one of the large welfare huts used by the Y. M. C. A. during the war will be turned over to the students for their use in camp. In it is found a reading and social room, numerous bowling alleys, pool and billiard tables. Passes are to be granted to all the senior camp, which includes Penn State, from Saturday noon until Monday morning so that they may have sufficient time to visit any of the many pleasure resorts located in the vicinity of Camp Devens.

Captain Welty has been detailed as an assistant to the commander of the R. O. T. C. section of the camp. He will leave State College June seventh, to take up his summer duties.

BAND ELECTS NEW OFFICERS

At a recent meeting of the band, the following officers were elected for next year: President, R. E. Gibbs '21, Manager, L. H. Kimmel '21, Secretary, P. A. Blochert '22. On Sunday, June sixth, the band will journey with the Y. M. C. A. representatives to the western penitentiary at Rockview, where they will give a concert for the prisoners.

Varsity Netmen Again Triumph Over Bucknell

The Penn State racquet wielders scored their second victory over the Bucknell representatives last Saturday by defeating them on the Army courts by a four to two score. The visitors were beaten on their own courts three weeks ago in a match that was only half completed because of rain so that it remained for this match to really show the superiority of the State netmen.

In the first match of singles, Captain Cohen was forced to bow to defeat because of the steady playing of Spears, his opponent, who was undoubtedly the best player on the Bucknell team. However, the other State men more than made up for this setback by winning the remaining matches of singles. Wilson '22 completely outplayed Brandt and captured two love sets as a result, while Gearhart '20 bested Getrich rather easily in two sets and Beard '21 defeated Koeh in the same number. In the doubles, Gearhart and Beard kept up their winning streak by taking over Brandt and Koeh to the tune of two sets to one, in the final match, Wilson and Courten lost to Spears and Getrich after a hard fight.

Table with 2 columns: Player Name, Score. Includes Captain Cohen, Spears, Gearhart, Getrich, Wilson, Brandt, Beard, Koeh, Courten and Wilson, Spears and Getrich, Gearhart and Beard, Brandt and Koeh.

FROSH DEFEAT SOPHS IN TRACK AND FIELD MEET

The annual track and field meet between the Freshmen and Sophomore classes, held last Saturday on New Beaver Field, resulted in a victory for the former by a score of 56 to 62. The meet was very interesting from start to finish, neither team being a certain victor until the last event was over.

Holzner, the Sophomore sprinter won both the 100 and 220 yard dashes by a very narrow margin. In the 100 yard dash the three first men were so close that at a distance it was impossible to pick the winner. Holzner crossed the tape first with Windram of the Freshman class not less than six inches behind. Sayre of the Freshman class took third.

To other men of merit on the Sophomore team were Ritts and Welty. Ritts took first in the 880 yard dash and in the one mile run. Neither of these events was won with ease. Carter of the Freshman class pushed him in the finish in the mile, while Ayers, one of his team mates finished a close second in the 880. Welty rolled up 13 points alone in the weight lift took first in the shot put and hammer throw and second in the discus.

STUDENT CONDUCT ON HIKES IS FAVORABLE

The following clipping, which appeared in a recent issue of the CENTRAL REPORTER, a newspaper published at Centre Hall, is one which gives an insight on the thoughts and feelings of the citizens of the surrounding county and their attitude toward the students of Penn State. The clipping is a desire on the part of that paper to make amends for the actions of certain of the members of the younger generation at that town.

DEPARTMENT OF AGRONOMY TO CONDUCT STATE SURVEY. Professor C. F. Noll, of the Department of Agronomy, will conduct, during the latter part of June and early part of July, a complete survey of the varieties of winter wheat raised in Pennsylvania. This work will be of benefit to the college in that it has for its purpose, the introduction of better varieties, a study of the nomenclature of the species and the adaptation of varieties to different types of soils.

A. H. DEPARTMENT BUYS TWO STEERS. Professor W. H. Tomhave, head of the Department of Animal Husbandry, has just returned from a week's trip through Ohio, Indiana, Kentucky, and Illinois, where he attended several record breaking live stock sales. At the sale Professor Tomhave purchased quite a few animals for different farms of Pennsylvania and also two Hereford steers for the department.
