

A.B. ZERBY '11 RECEIVES IMPORTANT PROMOTION

Word has been recently received by the COLLEGIAN that Mr. A. B. Zerby '11, has been appointed Assistant Manager, Department of Publicity, Westinghouse Electric and Manufacturing Company at Pittsburgh. Mr. Zerby joined this organization as a graduate student immediately after completing the Electrical Engineering Course at Penn State. In June 1911, the following May he entered the Department of Publicity, where he has been since that time. His first work was assisting in the supply apparatus. He continued in this capacity until the fall of last year, when he was placed in complete charge of the preparation of literature, advertising helps, and merchandising plans for the Supply Department. This position he held until his recent assignment. Mr. Zerby during his Sophomore year at Penn State won the Louise Carnegie Scholarship. He was president of the Penn State Press Club and the Eta Kappa Nu honorary electrical fraternity.

STRONG COMPETITION FOR SOCCER BERTHS

Coach "Jimmy" Crowell and the Blue and White soccer team are all together with one aim in view, to make the best showing possible this season so that Penn State will be admitted to the Intercollegiate Soccer Association next year. Since the defeat of the strong Harvard team, the soccer mentor has greater hopes of being admitted to this association. He is now pointing his team for the Syracuse game, which will be played here on the thirteenth of November, and for the northern trip the following week, when the Nittany Lion boosters will travel to Cornell, Syracuse and Toronto.

The final lineup of the Blue and White soccer team is still uncertain. Coach Crowell is still unsatisfied with the two wing positions and the half backs may still be shifted. Captain Hazelwood has been shifted from outside right to left and Hahman '23, who played in the Harvard game, has been shifted to fill Captain Hazelwood's position from outside left. Hahman is a promising candidate for full back and Longhurst, thus far, is the first choice for goal keeper. Both of these men should be developed in these positions. Different combinations will also be tried. The soccer coach is anxious to see what the team can do in the absence of these three veterans.

The department of the game in which the Blue and White players are weak is in heading the ball, and the men are receiving daily practice in this. The skillful knocking of the ball with the head in the desired direction is an important factor in the game. The ability to do this will greatly add to the strength of the Blue and White team and Coach Crowell is demanding that all the players acquire more skill in this department of the game.

THIS WEEK NOTABLE IN COLLEGE FOOTBALL ANNALS

The last week in October has for many years brought big football games to Penn State teams. Just nine years ago tomorrow, October twenty-seventh, 1911, when Dick Harlow was playing left tackle and M. D. Very was captain of the team, the Quakers at Penn went down to defeat by a score of twenty-one to six, overwhelmed by the superior playing of the Blue and White eleven. Penn State got the jump on Penn and scored a touchdown from kick-off followed by another three minutes later, and still another five minutes later, making a total of three touchdowns in the first eight minutes of the game. Penn was outplayed, outgeneraled, outplayed, and completely demoralized by the lightning attack of the Penn State team. At that time "Bull" McCleary was the head coach. This was one of the greatest years in football for Penn and at the end of the season she was undefeated, Geneva, Gettysburg, Cornell, Villanova, Pennsylvania, St. Bonaventure, Colgate and Pitt all bowing before her.

Back in 1915, when Bill Wood was captain of the Blue and White brigade, the Penn State team, on October twenty third scored an easy 28 to 0 victory over the West Virginia Wesleyan team on New Beaver Field. The contest was too one-sided to be really interesting and in the second half Penn State team was made up almost entirely of second string men. Coach Harlow was saving most of his men for the game with Harvard which was played the following week. Although Harvard won by the score of thirteen to nothing (13-0) the contest was far from being one-sided. The year previous to this game, Penn State had blasted the hopes of the Crimson and White, and this year Harvard was out for revenge. Mahan with his speed and kicking ability was responsible for Harvard's triumph. Higgins and Berryman did the best work for Penn State.

News From Other Colleges

TRINITY—Due to the generosity and kindness of several alumni, the Natural History Museum has been enlarged considerably through many gifts that have recently been received. One is an old-fashioned microscope of great historical interest. The instrument was made many years ago by Zontmayr and was the best of its kind in that day. It was formerly owned and used by Dr. Paddock, microscopist of Norwalk, Conn. This gift includes a valuable set of lenses and a series of interesting microscopic preparations. Another gift was a bronze medal symbolizing the war service of home gardens in America. This is a replica of a medal presented to President and the heads of the allied governments. A mine device of Indian origin from Canada and microscopic preparations of pathological tissues from the Babbitt laboratories at Loomis Sanatorium were also given.

COLUMBIA—The eligibility of students for the position of cheerleader at the University has been further limited by a recent ruling to the effect that only those who have won a "C" and who are in good standing in either the junior or senior classes can compete for this honor.

LEHIGH—An all-Chinese soccer team, probably the first ever organized in this country, will invade soccer circles with the opening of the soccer league. C. Wey, a former student at Lehigh is responsible for the formation of the team in order to fill some of the open positions. It has been found necessary to secure three or four students from the University of Pennsylvania.

WASHINGTON AND JEFFERSON—A frosh week inspection was conducted by the sophomore class after morning chapel last week. Several members of the 1924 class were found to be violating the "Freshman Rules" by wearing pointers of gaudy hues such as dark brown and navy blue. The offenders were escorted to the gym where they indulged in hurried baths at the request of the upper classes. The Freshmen were then asked to wear their coats inside out for the rest of the morning and they cavorted around the campus with fancy silk lining showing which completely overshadowed the nose so proudly concealed earlier in the morning.

PRINCETON—Harding won by an overwhelming majority in the intercollegiate straw vote held last Wednesday at the various colleges and universities represented in the eastern district of the Intercollegiate Newspaper Association, polling 10,941 votes out of a total of 16,218 cast. The republican nominee received a considerable majority in all but one of the seventeen colleges and universities that voted. Cox was second in each case, but polled a total of only 4,299 votes. Debs, the socialist candidate received 895 votes.

Christiansen of Farm-Labor polled 174, while Watkins on the prohibition ticket was the choice of 94 Richmond gave a majority to Cox, being the only one to do so. The greatest majority was received by Harding at Syracuse, having 1220 more votes than his strongest opponent.

LEHIGH—The Salvation Army campaign for funds was successfully closed last week when it was found that the quota desired had been greatly over-subscribed. The object of the drive was to secure sufficient funds to enable the organization to establish headquarters at Bethlehem. A canvass was made of all the fraternity houses and a subscription box was placed on the campus and on the whole the response of the student body was entirely gratifying.

U. OF CINCINNATI—The manufacturers of a certain well known cigarette have donated eight cartons of their product to be won by members of the student body. The numbers that appear on the student actively coupon books are shut and a number drawn at random. The owner of the student activity book bearing this number receives a carton of cigarettes. This process of election is used for eight weeks, when the last carton will have been won. The drawing of the lucky numbers is made more interesting by the fact that the co-eds also have student activity books and are eligible for the prizes.

UNIVERSITY OF ILLINOIS—Fifteen solid cast bells, composing the Senior memorial chiming, a gift of the University of Illinois classes of 1914 to 1921 inclusive, are to be on the campus for the Illinois Home-Coming, October thirtieth and thirty-first. This memorial of seven graduating classes, will be dedicated at the meeting in the library town, where they are now being installed. The complete set will cost twelve thousand dollars including the cost of installation.

UNIVERSITY OF TEXAS—Complete statistics on the enrollment of students for the fall term are not available but it is estimated that the high watermark will be reached since the enrollment now is over four thousand.

NORTHWESTERN COLLEGE—The library committee of the college has given one thousand six hundred dollars to be used in the purchasing of new volumes. This sum is not included in the appropriation for the purchasing of books for the library itself but will be used for securing textbooks that are used in the various departments of the college. This sum triples that of last year.

DE PAUW UNIVERSITY—Last Tuesday marked the publication on the first issue of "The DePauw", the official publication of the University. In the past the university newspaper has

been a daily paper, but due to the increased cost of material, it has been found necessary to suspend publication of the daily. The management was reorganized and the paper, a bi-weekly, is now being edited under a publishing board.

SUSQUEHANNA—Indication of the progress in the history of the university is shown in the recent step taken toward the organization of a Natural Science Club. The purpose of the club is to promote the study of nature and of nature's phenomena. During the term it is hoped to secure speakers for expert information along different lines of study. It is also planned to take many excursions in search of specimens.

During the past week, a college band has been organized. Already twenty-two men have applied for admission to the personnel of the band and the work of developing a creditable musical organization has begun. Two rehearsals are to be held weekly and those in charge hope to be able to present first-class music to the student body in the near future.

UNIVERSITY OF PENNSYLVANIA—For the first time since the beginning of the war, fraternities at the University will hold house parties during the Thanksgiving week. This return to the old custom as been hailed with the greatest of appreciation. This week of social activity will begin formally at noon, Wednesday and last until Saturday at noon. Beside the more special events the program will include a Freshman-Sophomore scrap.

RUTHERFORD COLLEGE—The Intercollegiate Radio Commission, which had been in New Brunswick visiting the large radio station outside of the city, paid a visit to the college last Monday noon. The commission which numbered about fifty men and which represented the five great allies included many army and navy officials, Admiral Bullard, director of communications of the U. S. Navy, made a stirring address to the student body.

UNIVERSITY OF NEBRASKA—Motion pictures of the Nebraska-Nebraska game could not have been developed and printed for showing at the New York theatres if it had not been for the fact mail planes which carried the films to Chicago. By the showing of these films in the large cities of the country it is hoped to advertise the coming Nebraska-Penn State game. Indications point to a record breaking attendance of grid enthusiasts at this game for it is probably the most important one to be played in the last this season.

LOOKING BACKWARD

Ten Years Ago.

In one of the most highly contested battles ever witnessed on the home field, the warriors representing Villanova College succeeded in holding the Blue and White eleven to a standstill 0-0.

Nine Years Ago.
Penn State completely upset the college football world by defeating the almost invincible Penn eleven to the tune of 22-6.

Seven Years Ago.
The championship University of Penn eleven completely outclassed the Nittany Lions, 18-0.

Six Years Ago.
In a heated contest, which was featured by remarkable broken field running, Lafayette was downed by the Blue and White, 17-0.

Five Years Ago.
In one of the fastest games ever staged in the Harvard Stadium, the Crimson outplayed the Nittany warriors and won, 13-0.

Three Years Ago.
The big green team from Dartmouth gained a well deserved victory over Penn State and defeated the Blue and White eleven by three points, the final score being 10-7.

WRESTLING SCRAP COMES BEFORE THANKSGIVING

In view of the fact that Penn State has during the past few years set an exceptionally high standard in wrestling and also because the schedule for the coming season is expected to be one of the hardest, that the Blue and White have ever experienced, "Doc" Lewis, coach of the wrestling squad, made a call this week for members of all classes who are interested in wrestling to report daily at the Armory. His object is to get a line on his material and especially to enable the inexperienced men to receive considerable practice and instruction before the season arrives. Wrestlers are not made or trained in a day and for that reason Professor Lewis says that a great number of students will report for the work-outs. The entire squad will be divided into classes which will meet each afternoon at four-thirty. Monday and Thursday afternoons will be reserved for Sophomores and Freshmen, while the Juniors and Seniors will report on Tuesdays and Fridays. The mat has been renovated and the wrestling platform in the Armory has been enlarged considerably. As a result, the coach will be able to instruct many more men this year than last year. Variety men and upperclassmen who have had experience in wrestling will be used to coach those who have not had much experience in the game. The scrap between the Sophomores and Freshmen will take place shortly after Thanksgiving and the coach wants to see every available man of these classes on hand on the days specified. This instruction is not confined to those students who have elected wrestling in place of physical education, and is open to every student in the college. Individual instruction from man to man will be given and the scheme as a whole should do much to develop a good wrestling squad and good class teams.
