**PENNA. DAY ACTIVITIES
BEGIN THIS AFTERNOON**

(Continued from first page)

In the evening.
R. O. T. C. Review Tomorrow Morning

The usual Pennsylvania Day activities at ten o'clock on Holmes Field. This part of the activities this year will be of unusual interest. The reviewing officer will be Brigadier General D. B. Davis, Adjutant General of Pennsylvania who is one of the most prominent military officers of this Commonwealth, and who is best known for his splendid work in connection with the organization and maintenance of the Pennsylvania State Constabulary Force. The color guard will be headed by the Army and Air Corps bands, and will be marched to Holmes Field. Here they will be formed in line of march and presented to Brigadier General Davis. An unusual ceremony in connection with the review, and one that has never occurred at Penn State before, will be the presentation to Charles H. Hagedorn, a student here, of the Distinguished Service Cross by the United States Government, for unusual bravery in connection with the recent World War. Hagedorn was cited for extraordinary heroism in assisting a wounded comrade to safety in the face of heavy machine gun fire and later in taking command of a unit which had lost all its officers. Hagedorn is a resident of Pottsville, and is now enrolled in the two-year Agricultural course at this institution.

Mass Meeting Will Follow Review
Immediately after the military review at eleven o'clock, the regular Pennsylvania Day Mass Meeting will be held in the Auditorium. The principal speaker will be Judge Joseph Buffington, of Pottsville, who will deliver the Pennsylvania Day address. Judge Buffington holds a very prominent place among the leading characters of the state, and enjoys an enviable reputation as one of the most capable of American jurists. His lecture will be well worth hearing.

Penn State vs Nebraska
The main attraction tomorrow afternoon will be the football clash between the varsity gridiron warriors and the University of Nebraska. This international game will be one of the most prominent that will be played in the east tomorrow, and the Blue and White team will have a worthy opponent in the mid-westerner. A more detailed account of the game will be found in another column of this issue of the COLLEGIAN.

Attractive Musical Program Arranged
Tomorrow night at seven thirty, Miss Olive Kline, who is claimed as one of the foremost American sopranos, will appear here under the auspices of the Penn State Glee Club. She will be assisted by the members of this club in a well arranged program that has an appeal for everyone. The performance has been so timed that those who attend will not be compelled to miss the dinner in the Village. The program for tomorrow night's entertainment is given elsewhere in this issue.

Doctor Wolf Will Speak Sunday
The college preacher for Sunday morning will be Doctor L. D. Wolf, the General Secretary and Treasurer of the Board of Foreign Missions of the General Synod of the Lutheran Church. Doctor Wolf is very active in his branch of religious work and will no doubt bring to Penn State an inspiring message. He will speak in the Auditorium at ten and eleven o'clock Sunday morning.

It has not yet been decided whether the college band will render a concert Sunday afternoon or not. In former years it has been generally the custom to close Pennsylvania Day activities with a musical program by this organization, and it is very likely that a band concert will be held. If it is decided to give one, ample advertisement will be made of the fact before the time.

when it will take place.
The social side of Pennsylvania Day will not be neglected. The majority of the fraternity houses will hold house parties or dances and numerous young ladies from all parts of the state are expected to visit Penn State over the week end and enjoy the many pleasant features that will mark the 1920 Pennsylvania Day at this institution.

**NEBRASKA CONTEST WILL
BE GREAT FOOTBALL TEST**

(Continued from first page)

matter of doubt as to who it will be since Killy's shoulder is in none too good shape and it may be that he will be kept out because of that fact. The great improvement shown by the Blue in the Penn game has made him a worthy competitor for the quarterback job and certainly seems as if the Moneyson boys will hit his stride. Look for an excellent work last Saturday. He also played him in a very high light and it is altogether probable that he will play some portion of the game tomorrow.

On the line Penn will be seen at center. However, at the guard position, the varsity will do without the services of Captain Harold Hess, who has received a painful injury to his hip. Hess will probably occupy his place in case he is unable to play. At the other side of the line will be found as before "Red" Gillette, whose work in the last contest was of such high class that he is considered one of the top players remaining then that "Ray" Baer will take his place. Brown at left end and Buffington at right end. It is the opinion that the contest will be a very different one and that the Nebraska team will be able to take the measure of the varsity.

**SOCCER MEN LINEUP
FOR SYRACUSE GAME**

(Continued from first page)
appear when they invade Penn State on November the thirtieth. There is no doubt that the tilt will be a terrific

tion of stirring melodies. There is the violin work of William Larsen, Miss Della Dickson is a great favorite with her piano solos, Walter Reed performing on the violin, saxophone, or cornet, with several readings from popular works. It may be seen from the above that literally dozens of pleasing musical combinations are rendered by these artists, and they are offered with an exhilarating snap and punch that is fast spreading the name and fame of the Merry Rondoliers. Their coming will be a big treat for the student body of Penn State and they will no doubt receive a rousing reception on their first visit here.

**ALUMNI SEE NEED
OF ENDOWMENT FUND**

With the advent of the alumni at Homecoming Day, the deplorable lack of facilities at the college was brought so forcibly to the mind of the old Penn States that it was considered inadvisable that some means be found to remedy this state of affairs. Accordingly the Alumni Association has thought over the problem confronted from every possible viewpoint and has come to the conclusion that an Alumni Endowment Fund is absolutely necessary. A tentative plan of this proposition has been approved by the Board of Trustees and has the endorsement of several Class and District Alumni Associations, and the many individual alumni who have discussed it. Presidents for endowment funds of this character in State institutions are

found in many of the largest and most prominent state colleges and universities, notably Cornell, Ohio State, Michigan, and California. In our own brief history from 1920 has made a start in its insurance fundowment.

By the proposed plan the fund will be applied in capital investments for projects for the enrichment of student life, the first part of the fund to be devoted to the erection of a "student union" and a Physical Recreation Hall and Swimming Pool. The basis of the fund is found in the idea of repayment of funds which were, in effect, advanced by the State and Federal government to the student. Because of the increased earning capacity caused by a college education, it has been computed that each alumnus should be

Most of the famous buildings of the world are equipped with Otis Elevators.

THE WOOLWORTH TOWER—the tallest office building the Equitable—the largest Singer Building—in fact most of the buildings that make up the best known skyline in the world, are equipped with Otis Elevators.

Few people realize the amount of wealth of Manhattan Island that is due to the creation and development of modern vertical transportation by the Otis Elevator Company. New York City could not grow wider hemmed in as it was by the two rivers and the bay. It had to grow upward.

And now, the Otis Elevators in New York City carry daily more than twice the number of passengers carried by all the traction lines of New York—subway, surface, elevated and railroads. Nothing short of a book would adequately tell the story of Otis in New York alone.

financially able to pay of fifty dollars a year. The cost for the year of set at the five hundred but mark and it is hoped this.

FRESHMAN REGULATIONS
As in previous years, the Freshman students of Penn State will be given a brief respite from customs over the Pennsylvania Day week-end. According to a recent ruling of the Tribunal, this freedom from customs will extend from today at four-thirty o'clock of the time at which the last class closes until tomorrow at midnight.
