

FRANKLIN S. EDMONDS EMPHASIZES SERVICE

Those who attended the chapel services on Sunday were favorably impressed by the messages which were delivered by Hon. Franklin S. Edmonds, lawyer and politician.

"The need of educated men and women has become more urgent since the war. They are better fitted to balance arguments and to choose the right side of the question, which in turn makes them needed to the communities in which they live.

"Technical training is advantageous in helping one to obtain the best from life and to use one's powers to the best degree.

"Education is the taking of the experience of those who know more and passing it on. We have a finer conception of training as a direct outcome of the war and this is being proved by the increase in the number of college students.

This new generation in the United States is a great asset. The economic and social conditions the changing institutions and laws have new aspects. Every war leaves some reactions which result from the loss of vigor during the trying period preceding.

What are the fundamentals of living? Honesty, cleanliness, and strength. What is your relationship to the community? Duty. Is your aim to be accumulating or is it service? Is it selfishness or unselfishness, taking or giving? Make a mature decision for yourself.

J. STITT WILSON TO LEAD PENN STATE WORLD SERIES

(Continued from first page) attitude in this country on the part of every aspect of human life for a more distinct interest in the life of others and Mr. Wilson brings a solution to the problems of the present day, whether they be economic or social.

into the world have an extraordinary opportunity to mold opinion. His lectures would appeal very directly to the engineers, in that he appeals to them to learn how to handle men in such a way that all are equal and should have a fair chance.

This same series of lectures has been given at numerous other institutions in America and the unanimous report is that he is without a peer as a student speaker. Not only the faculty but the students have been more than enthusiastic in their recommendations of Mr. Wilson.

OUTLOOK GLOOMY FOR STRONG MAT TEAM

(Continued from first page)

Schools support a wrestling team and thus there is a natural lack of interest. A large number of the Frosh are substituting wrestling in place of gym drill but very few of this number are competing for their class team.

Couch Lewis is very much pleased with the outlook for the Sophomore team and believes it better in all the weights than any second year team he has ever coached.

class in the meet, 115-pound class, Dickhoff, 125-pound class, Evans, 135-pound class, Fern, 145-pound class, Park, 158-pound class, W. Hunt, 175-pound class, Dyett. Final selection was made in the heavy-weight class but Knock will most probably be the champion in the unlimited weight-class.

The Freshman trials which were scheduled for November eighteenth were postponed due to the poorly balanced Freshman team which reported, the standard being too low to continue with the eliminations.

Most Good Dressers Bring Their clothes to us for cleaning, pressing and repairing. They have formed a habit which is hard to break. You ought to join them—why don't you do it today?

tion. A meet for the first year men with the Council Freshman team is being seriously considered and with the Frosh-Soph scrap, the Inter-Class scrap and the battle with the second string squad will offer a hard schedule for the yearlings.
