

Students Try Hand At Americanization

Teaching English to foreigners is part of the work of the Y. M. C. A. Industrial Service Committee. Three students are at the present time aiding seven of the Spanish laborers, who are working on the grounds of the new Mechanical Engineering Laboratory to learn the English language.

Up to the present time, this Americanization class has been very successful. The native workers of Spain take a great interest in the work and are enthusiastic in the study of the English language.

The class was started about three weeks ago, when the foreign laborers attracted the attention of the Y. M. C. A. and a chance for service was seen.

The three lessons a week will be continued until the pupils complete their work on the Laboratory here and leave State College.

The other members of the Industrial Service Committee are D. C. Brantton '22 and V. A. Smith '22. Plans are now being made for the near future, when the Americanization work will be broadened to include Dolgoff. There are people of various nationalities in the mill and factories there that are in the need of the same training now being given to the Spaniards.

Foresters representative of the entire United States and many other prominent men included among whom was the governor of Oregon, met at Harrisburg recently in the offices of Gifford Pinchot, the Chief Forester of Pennsylvania, to consider the forestry situation of this country.

The women students have selected three seniors, two juniors, two sophomores and one Freshman to serve as the Honor committee for the rest of the college year.

AG BANQUETS TONIGHT WILL BE BIG AFFAIRS

Lack of sufficient space to accommodate the large number of students and faculty members in the School of Agriculture who would like to attend the banquet being held this evening, has been the real cause for the numerous changes which have been made recently in regard to the affair.

Because of the limited facilities for such affairs, it has been necessary to divide the number of students, three hundred of whom will partake of the feast at McAllister Hall and one hundred and ten at the Berkshire dining room, after the plays have been rendered by the Penn State Players in the Auditorium.

COLLEGE QUICK LUNCH Quick and Efficient Service a Specialty.

There will be no more games following the Princeton-Penn club football duel Saturday. The holiday vacation also commences before the lightening and because many of the soccerists lived at some distance from Philadelphia, it was not thought advisable to schedule the post-season contest.

Coach Crowell stated that there will be no more soccer practice this fall. However, as instituted last year, there will be practice staged for the underclassmen next spring.

REHAB STUDENTS PLAN SECOND MINSTREL SHOW

The Rehabilitation Club is at the present time in the midst of extensive preparation of a minstrel show and two acts must be ready to be given in the Schwab Auditorium on Tuesday and Wednesday evenings, February 18th and 19th.

The consensus of opinion at the conference was that missionary agricultural work is one of the most important types of work in the foreign fields, because approximately seventy-five per cent of the natives are engaged in agricultural pursuits and are greatly handicapped by the ancient methods they have been using.

Penn State leads all other agricultural colleges in this type of work. Five of her men are now engaged in agricultural missionary work.

While in New York, the Penn State committee called upon President Edwards of the Canton Christian College, at its New York Office and were shown a detailed map of the college grounds and the proposed location of "Daddy" Groff's home.

FIRST SENIOR DANCE TO BE HELD NEXT MONTH

Final arrangements for the first Senior dance are rapidly nearing completion and the committee hopes to be able to make definite announcement concerning the affair before the college election for the Christmas recess.

The coming dance will be held at the Phi Delta Theta houses on Friday night, January the twenty-eighth. This date has been decided upon because of the fact that many fraternity dances are scheduled for the Saturday night between sessions and in order to insure as large an attendance as possible the committee thought it best to favor Friday night.
