### GRAHAM & SONS On the Corner

#### JUDGE PLANS SECOND "COLLEGE WITS" NUMBER

(Continued from first page)  
have passed favorable upon contributions and the space has been filled with other contributions "just as good" this article too late cannot get in. Therefore those who wish to enter the contest must act promptly.

All material submitted must be at the JUDGE's office by February first, except color designs (in all mediums), which must be in hand two weeks earlier.

Address: COLLEGE WITS COMPETITION, JUDGE, 225 Fifth Avenue, New York, and include postage for return in case of rejection.

This competition is open to all students in the college, and is not restricted to Froth contributors or to members of the Froth board. All materials contributed must be type-written, double spaced, written on one side of the paper only and must be at either top or bottom of the page the name, class and college of the sender. Attention is called to the fact that all cover designs, in colors, must be in not later than January eighteenth, which means that there is not a lot of time for those who desire to enter that form of the competition to prepare for it. All work that is typed in will be sent in its original form, not being subject to any censor by the Froth board.

The opportunity thus presented for students to do something big for themselves and the college is unusual and should be made use of as was the case last year, when contributions from students of forty one colleges and universities were received for the first number. Penn State will be competing with the largest colleges and universities in the country and a successful showing means a big advertisement for the college. JUDGE is internationally famous for its wit and satire and its wide circulation will prove another great advertisement for the college winning the coveted silver cup, especially when the winner will be announced in the following number. It would be very fine for Penn State if her students might be fortunate enough to win the prize. Other colleges have been working hard at this project since they learned of the activity which surrounded it last year and Froth has taken it up with the hope that Penn State students will support it. For further information that may be desired, students are requested to call upon D. M. Allen '21, Editor of Froth.

#### CAPITOL CITY ALUMNI WILL HOLD YEARLY DINNER SOON

The Harrisburg Alumni have arranged to hold their annual mid-winter dinner on Thursday evening, January 27, at the Penn-Harris Hotel in Harrisburg. All Penn State men in the vicinity are urged to make arrangements to attend this dinner.

will be held Friday evening, February twenty-fifth. It has been tentatively planned to have each school represented by two teams, necessitating one Blue and White squad to compete with Bucknell University at Lewisburg while the other one is meeting Dickinson in the Auditorium.

The representatives from all three institutions will argue on the same subject, the question being, Resolved, that the United States should enact a rigid Japanese exclusion law. This question was chosen by the mutual agreement of the committee in charge, not only because the Japanese topic is one of the foremost diplomatic problems of the present day but also because it has a wide appeal to college men in so far as this important issue will have to be settled by the younger generation, of which the college man is truly representative. The college with the team totaling the greatest number of points will be awarded a suitable prize, the nature of which has not yet been determined.

#### NEWS OF OTHER COLLEGES

STEVENS INSTITUTE OF TECH—A million dollar endowment campaign has been started by the alumni of the college. Of this \$250,000 is to be raised by the alumni, \$500,000 by outsiders, and if these sums are raised, the General Education Board will give an additional \$250,000.

UNIV. OF CINCINNATI—A wireless station has just been installed at the university. The station is already in shape to send and receive messages. The apparatus is already in shape to send and receive messages. The apparatus is all of the newest design and will be used solely for experimental purposes.

TOLEDO UNIVERSITY—From now on freshmen are to wear distinctive head gear consisting of green knit caps. The caps are to wear pins of equally distinctive quality.

A tentative grouping of aspirants for debating honors has been arranged by the coach. He has divided the squad into four first teams and four second teams, two affirmative and two negative in each class. The first teams are composed of affirmative, B. S. Leatham, John Flynn, G. B. Stoddard, negative, R. P. Sterne, L. M. Runkle, G. W. Sipple, affirmative, J. D. Overdorf, H. S. Adams, K. Hart, negative, W. E. Romig, R. C. Kramer, J. L. Farber. The second teams are composed of affirmative, Harold Mattinger, F. S. Anderson, E. J. Boone, negative, L. S. Adams, E. B. Myers, John Erdelohner, affirmative, E. A. Peterman, R. K. Foust, negative, Cletus Farabaugh, W. H. Hollman. These groups are in a way indicative of the final personnel of the various teams, but should occasion arise through the improved efforts of some members of the second teams, they will be shifted to the first teams. There is still considerable time left for preparation for the season, and the time of the first intercollegiate debate may find the above line-ups considerably changed.

The three cornered inter-collegiate debate with Bucknell and Dickinson, which has been pending for some time, has at last been definitely arranged and

#### DEBATING COACH TO LEAVE PENN STATE

(Continued from first page)  
take his place for the remainder of the season.

The work of the varsity debating squad is progressing very rapidly at the present time, and active preparations are now being made for the first foreign contest, which will take place on February twenty-fifth, with Penn State, Dickinson and Bucknell as the competing schools. The subject will be the Japanese Exclusion Policy. Under Professor Miller's direction nearly all of the arguments for this and the other debates of the season have been worked out, and all that remains is the definite direction of the teams which will represent the college, and the final coaching in delivery.

#### THREE NEW SCHOOL OF AGRICULTURE INSTRUCTORS

Mr. William V. Dennis, a graduate of Haverford College in 1902, recently Director of the Teaching Training Vocational School at Spring Mills, Pa., and Supervisor of Rural Schools, has been appointed Associate Professor of Rural Sociology at State College. Mr. Dennis has had much experience in this line of work and has lectured many times in the Rural Life Department on rural problems.

Mr. William F. Hall, a graduate of Milledale State Normal School in 1913 and of the Penn State School of Agriculture in 1920, has been placed in charge of Farm Shop Work in the Department of Rural Life at this college. Mr. Hall taught three years in rural elementary and secondary schools and has been in charge of the rural community vocational school during the current year.

Mr. Charles Everett Myers, a graduate of the University of Illinois in 1913 and of the School of Agriculture at West Virginia University in 1911, has been appointed Associate Professor of Agricultural Education in the Rural Life Department at State College. For the

past two years, Mr. Myers has been engaged in teacher training work at the North Carolina State College and has completed his residence requirements at Columbia University for the degree of Doctor of Philosophy.

## The NEW EDISON

"The Phonograph with a Soul"

At last you can learn  
**What Edison Did during the War**

YOU wondered—everybody wondered, and practically nobody knew how Edison "did his bit." At last the official announcement is out! Come in and get your copy of the bulletin: "What Did Edison Do During the War?"—or write, if you can't call.

It tells what Edison did while Chairman of the Naval Consulting Board—how he spent months at sea, experimenting and inventing devices for foiling the German submarines.

The bulletin also tells how Edison stood the gaff and kept the price of the New Edison down to bed-rock during the era of high costs and soaring prices. The New Edison has increased in price less than 15% since 1914—part of this increase is war tax. The bulletin also tells Mr. Edison's views on our Budget Plan which makes the New Edison easy to buy.
