"The Fastest Growing Store in State College"

Just recently we have acquired possession of the tract of land touching the rear of our present business block and extending to College Avenue. In the near future we will erect a modern business block, which will enable us to give to State College a modern store.

In the near future new lines will be added to our already large and complete store. One of these will be a very complete MUSICAL DEPARTMENT. Our Candy and Tobacco Departments will be enlarged. A rest room will be provided for you to meet your friends. If possible we intend to install a modern Soda Fountain and will provide separate booths for all the tables.

The above will only be possible with your kind and continued patronage.

We are now trying to do our little "bit" in the reduction of prices. You will find many articles in our store reduced. Some as much as 33 1-3 per cent.

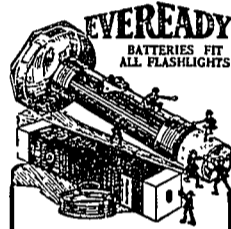

L. K. METZGER.

We carry a complete stock of Text Books and Supplies for all the various schools in college for the 2nd semester.

Drawing Instruments Reduced

Don't buy until you see our prices

If you have any books which will be used this semester we will exchange them for books and materials you will need. For instance, if you are a Senior and have text books from your Junior year which are used again this year, we will allow you a fair exchange price.
