

STUDENTS PARADE IN HONOR OF NEW PREXY

(Continued from first page)

After careful consideration, we have decided that the first mention should be made of the float "Music."

The second float was a section of the great outdoors placed on a wagon and hauled thru the town.

The third prize was also a practical scene taken from the daily life of the Mining Engineer, that of cutting into the great ore drifts to get the minerals or the coal as the case may be.

The keen rivalry that was shown between the different departments was clearly shown by the high standards of the floats and exhibits, and the great detail to which the various ideas were carried out.

The parade was instructive, not only to the people brought here to be told of the high merits of the different schools but also to the students in the college, who were forgetting that their school was not the only one in the college.

Another thing that the Electricals deserve great credit for is their showing of the first street car thru the streets of State College.

As for the future engineers to realize the dream of many an old grad.

The Department of Agriculture also put on a remarkable exhibit.

One of the finest sights of the parade was the Military renouveau.

four yards and was followed on the next play by Redinger, who slipped on every play. Redinger made only to make another costly fumble.

The second half began with Penn State warriors in a determined frame of mind and following a juggling of the ball up and down the field for a few minutes in which Lehigh got the better of the argument.

On the first play in the final period, Lightner hit right guard for two yards, was followed up by "Killy" who knocked off two more yards.

Lightner also kicked his third goal. Lehigh struggled valiantly to overcome the big lead of the Blue and White but the latter seemed to have reached its stride and, outside of one first down which the visitors acquired.

Lightner carried the pigskin to the five yard line just as the quarter came to a close.

BUSINESS DEPRESSION DISCUSSED BY SCHWAB

(Continued from first page)

The speaker was introduced by Robert L. Sackett, Dean of the School of Engineering.

In speaking of Penn State, Mr Schwab said, "I have interests in three big institutions, but above all, I have an interest in the institution of Penn State."

In continuing the discourse, he stated that the great mistake of the average college man is that he thinks he is of a higher social order than the man at the bench or the man at the forge.

Mr Charles G. Jordan, one of Penn State's best friends, who is connected with the Pennsylvania State Legislature, spoke on the need of a closer relation between Penn State and the State of Pennsylvania.

THE CRABTREE CO. JEWELERS STATE COLLEGE, PA. It is a pleasure for us to show you any piece of jewelry you may need, and explain to you the difference in quality and workmanship. Our jewelry expresses REFINEMENT and taste. You will feel proud of this fact when you purchase it whether you purchase it for yourself or to give to those you love. Our WORD is our BOND.

Here's why CAMELS are the quality cigarette BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette. Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show. Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows. Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality. If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste, It's Camels for you. Camel R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N.
