

LARGE UNDERCLASSMEN SQUAD OUT FOR BOXING

Varsity Ringmen Face Difficult Schedule—Bouts With Army and Navy

The large number of freshmen and sophomores who are daily reporting for boxing practice shows that interest in the sport is very high at Penn State this year.

The regular practice for the varsity squad has not started as yet and probably will not start until Coach Hallow is relieved of his football duties after the University of Washington game in December.

The boxing schedule for this year has not been completed and will be published as soon as it is possible.

The meeting was opened with an interesting talk by Dr. Charles E. Herty, Editor of the Industrial Engineering Journal.

CHEMISTS ENDORSE STUDENT ACTIVITIES

Conference of Industrial Chemists Defines Ideal Curriculum For Student Chemists

Following a luncheon which was served in MacAllister Hall at noon, on the day of the inauguration, the Industrial Chemistry Department and a consulting chemist, discussed the specific training of the industrial chemist.

The meeting was opened with an interesting talk by Dr. Charles E. Herty, Editor of the Industrial Engineering Journal. Mr. Herty stated that at the present time the public is more interested in chemistry than ever before.

Following Mr. Herty's talk, Dr. W. H. Walker who is one of the trustees of Pennsylvania State College, and a consulting chemist, discussed the specific training of the industrial chemist.

Mr. G. M. Norman, Chemical Director of the Hercules Powder Company then gave his ideas as to what young industrial chemists needed.

FRESHMEN MUST JUMP AT SPRINGFIELD COLLEGE The students of Springfield College have an unusual custom in which the members of the different classes are cut into the cement paving stones on the campus walks.

KISKI FOOTBALL TEAM DEFEATS CORNELL FROSH Kiski succeeded in proving more than a match for the Cornell frosh in the first freshman game for the Cornellians last Saturday when they defeated the 125 eleven by a score of 19-0.

SALVI EMPLOYS HARP AS SOLO INSTRUMENT

World's Greatest Harpist With An Interesting History Appears Here October 29th

Alberto Salvi, the phenomenal harpist who will give one of his sensational recitals in the Schwab Auditorium on the evening of October twenty-ninth, has been acclaimed in over two hundred American cities as the greatest harpist ever heard in this country.

Mr. Salvi inherited his predilection for the harp from his father who was a celebrated Italian harp maker and made a specially constructed miniature harp for the lad when he started to go to school.

His father's teaching continued until the boy was thirteen when he won the first distinction of his career, the Royal Scholarship at the Naples Royal Conservatory.

Salvi had the advantage of instruction under the eminent harpist, Maestro Caramello in the fifth year of Salvi's course Caramello wrote to the Ministry of Arts at Rome, under whose supervision the scholarship is conducted.

BOOK ON PENN STATE'S WAR RECORD PUBLISHED

"Penn State in the World War," a publication setting forth the part that Penn State played in the late war, has been completed and is being offered by the Alumni Association.

Six distinct parts go to make up this attractive volume which every alumnus and student should possess.

Prominent among the chapters in the book is the one which describes the activities in the college from the time war was declared in April 1917 until the signing of the armistice.

Besides his own work, Savill will play the intricate yet lovely Allegro of the celebrated Zabel Concerto which is

REAL PENN STATE SPIRIT SHOWN AT MASS MEETING

The student body held an important mass meeting in the Auditorium on Wednesday night to show the football team that they were in back of them to a man, and to express their confidence in the Nittany eleven.

Dean White of the Agricultural School opened the meeting with a few remarks to the students. He said that after he saw the game with Lehigh, he was greatly encouraged and he believes that Penn State's prospects are very bright for the coming game.

Following these remarks "Dick" Hallow talked on the ability and strength of the Harvard team. He said that Harvard has a combination which is hard to beat but if the Blue and White team goes in there determined to fight from the very beginning, Penn State has a "good fighting chance."

The meeting was brought to a close with a good old Bezedek talk "Bez" also feels that the outcome of the game depends entirely on the attitude assumed by the team when they come on the field.

MANDOLIN CLUB ISSUES CALL FOR NEW MEMBERS

Tonight all former members of the mandolin club will get together with their instruments in the Auditorium at seven o'clock and hold their first rehearsal of the year.

At eight o'clock all Freshmen and other new men who wish to try out for positions on the club will meet in the Auditorium with their instruments and at that time the trials will be held.

The organization is especially in need of guitar players. Later on in the season a banjo club will be formed.

The present time the club is not in need of banjo players and requests that the men who play banjos do not report until the banjo club is ready to be formed.
