

Hoof Mon! The Plaid Is With Us

Will The H. P. Q's Favor Disarmament?

VOL. XVII. No. 16

STATE COLLEGE, PA., FRIDAY, NOVEMBER 4, 1921

PRICE FIVE CENTS

CARNEGIE TECH HOPES TO STOP PENN STATE ATTACK

Plaid Institute Boasts Of Strong Aggregation--Has Made Fine Record This Season

BLUE AND WHITE ELEVEN NOW GOING AT FAST CLIP

The stage is now set for the first big grid game here since the Lehigh contest on Alumni Home-Coming Day...

IRWIN—PLAID GRID CAPTAIN

The Plaid record likewise is an impressive one and one not to be considered lightly. Opening the season with a one-sided victory over Thiol...

PENN STATE CLUB SET FOR WEEK END DANCES

Special Arrangements For Those Who Wish to Attend Saturday Night Dance Only

Through the efforts of the Penn State Club everything possible has been done to make the dances which will be held in the Armory on tonight and tomorrow evenings affairs long to be remembered...

CO-EDS HAVE CONTESTS SLATED FOR TOMORROW

Among the many events planned for Pennsylvania Day will be the playing of two match games of hockey and volleyball in girls' athletics at the Stone House field immediately after the military drill in the morning...

Penn State Expects Hard Game

As on previous occasions, Coach Bezek is skeptical regarding the outcome of Saturday's fray and will not make any statement as to just what the final score will be. He is looking for a hard fight though and, with the exception of Monday, did not spare the Nittany Lions in practice this week...

FOOTBALL MASS MEETING THIS EVENING

A football mass meeting will be held this evening at 7:30, in the Auditorium. It is requested that only those students required to fill the seating capacity of the balcony, go to the balcony for this gathering...

SEVEN SWIFT TECH RUNNERS ENTERED IN CROSS COUNTRY RUN

Nittany Hill and Dale Men Will Attempt to Break Skibo's Winning Streak

Carnegie Tech's speedy cross country squad, fresh from victories over the Lehigh and Lafayette teams, is expecting to run away with the laurels in the meet which will be held with the Nittany barriers here tomorrow morning...

The race will be run over the six mile course and will start at eleven o'clock in the morning. The finish will occur on New Beaver Field and since the freshman game starts at ten-thirty it is quite probable that the first man to break the tape will do so sometime during the interval between the first and second halves of the game between the Pittsburgh Freshmen and the Nittany Lion cubs...

The star on the Tech team is Miller, the captain. Last week in the meet with Lafayette he broke the record for the Pittsburgh Schenley Park course. The entire Tech team is an excellent combination of athletes. The race which Lafayette lost Saturday was the first cross country meet which the maroon runners lost in eight years. Defeats were won over such teams as Lafayette and Lehigh simply puts the Carnegie Tech team in a class with the leading collegiate cross country teams of the country...

ENGINEERING STUDENTS ATTEND A. S. M. E. MEETING

Manufacturing Survey of Central Section to Be Carried Out in Near Future

The second formal meeting of the central section of the A. S. M. E. was held on last Monday night at Williamsport when representatives of industries located within a sixty mile radius of State College and students from Penn State and Bucknell University enrolled in the Engineering schools of the respective institutions met at the Park Hotel to discuss Manufacturing Costs with the assistance of America's foremost engineers in this line of industry...

Mr. L. K. Wallace, secretary of the Federated American Engineering Societies was the first speaker. He is conducting a nation wide investigation concerning industrial waste. Mr. Wallace is Chairman of a committee consisting of eighteen of the best engineers in the country at the present time, including Mr. Herbert Hoover who has been an influential member of this committee. The report of this committee will cover the work executed at the expense of fifty-five thousand dollars and will give the details of this investigation in every industry of the country. The questionnaire which helped in this work is considered a most valuable document and as such is being sought by the leading industrial engineers...

P. P. Henshall, Assistant Professor of Machine Shop Practice here at the college followed Mr. Wallace with a paper on the practical and common methods of ascertaining manufacturing costs and this served to connect the speech given by Mr. Wallace with that of Mr. J. P. Jordan who followed later. Professor Henshall did not attempt to give a detailed account but rather gave an interesting summary of the various practices in use. Inasmuch as Mr. Wallace had deplored the wasteful condition of present day manufacturing and had urged all engineers to eliminate this unnecessary waste, Professor Henshall described the mechanism whereby this waste might be eliminated with the minimum amount of expended effort and time.

Action Taken at Meeting If the second meeting of the A. S. M. E. accomplished nothing more than the action in regard to a manufacturing census of the central district, it succeeded in furthering the welfare of Pennsylvania industry. To supplement

LEHIGH BOOTERS OPPOSE NITTANY TEAM TOMORROW

Strong Brown and White Team Hopes to Break Nittany Winning Streak

LAST HOME SOCCER GAME

Coach Pakenham Prepares Blue and White Eleven For Strenuous Contest

Whether or not the strong Lehigh soccer team will be able to atone for the defeat sustained by the football eleven representing the Bethlehem institution by overcoming the Nittany aggregation is a question that is to be decided tomorrow morning on the Army field at ten o'clock in the morning. This will be the first time that these two teams have battled against each other in this line of sport for many years and the outcome of the contest is being anxiously awaited for by many soccer enthusiasts of the commonwealth. In their visit here tomorrow morning, it is the purpose of the Lehigh booters to stop the so far successful march of Coach Pakenham's aggression toward the goal of a defeatless season...

It will be remembered that the Blue and White soccer team has not been defeated since the 1919 season and since that time they have conquered the most formidable teams that the eastern section of this country and Canada is able to produce. Toronto, Cornell, Haverford, Syracuse have been forced to bow before the superior skill of the Lion and it is hoped that tomorrow will prove to be no exception in this regard.

The record that the Brown and White aggregation has made in the past places the team from this institution in the front rank with the best working combinations in the east and the team this year is no exception to the general rule. The only means of comparison of the relative merits of the Bethlehem machine is the recent game with the Syracuse eleven two weeks ago. In this contest, the Brown and White outplayed the New Yorkers from the beginning of play game but the score was tied when the orange team took advantage of a foul that was called during the closing minutes of the contest and secured the point that saved them from defeat. At the end of that same week, the Syracuse booters met the Nittany soccerites and received a defeat after an exciting game. At this time, several of the Syracuse men remarked that Lehigh has a smooth working combination capable of fighting hard till the final whistle blows. This remark discloses the one great weakness of the Blue and White team. They lack the endurance necessary for a fast game. With this fault in mind, Coach Pakenham throughout the past week has spared no effort to force the soccer squad through long grueling sprints around the golf course and around the armory field have served to build up the endurance of the men and it is hoped by the end of the week to have an aggressive team well conditioned to meet the fast Lehigh team. The line-up for the Pennsylvania Day attraction might be changed somewhat from the combination that overcame the orange team. No definite indications point toward the change but the coaching staff has been working hard to polish the rough edges in order to make a good showing in the second game of the 1921 season.

This will be the final contest before the team takes its trip to the south. The manager of the sport has not been able to complete the final arrangements for this trip to date for he hopes to add at least one more contest to the rambles in the south.

REHABS STAGE ANNUAL BANQUET SATURDAY

The second annual banquet of the Penn State Rehabilitation Club will be held on Saturday evening at eight o'clock in the social parlors of the Methodist Church. The banquet, which is being made an annual affair, is given for the members of the Club and their invited guests and it is expected that between one hundred and fifty and one hundred and sixty plates will be served. Elaborate preparations are being made and everything possible will be done to make this an occasion long to be remembered. The banquet rooms will be tastefully decorated with oak and laurel while the college colors blue and white will prevail. Among the many prominent persons connected with the college who will be present as guests are, Dr. and Mrs. E. B. Sparks, Mr. and Mrs. R. G. Bressler, Dr. and Mrs. Peter Dale, Mr. and Mrs. E. K. Hilschman, Dean and Mrs. C. W. Stodart, Dean and Mrs. A. H. Warnock, Mr. Fuller, District Vocational Officer of Veterans Bureau, District No. 3, Philadelphia will be one of the prominent out-of-town guests. Lieutenant Governor Bittelhan has been invited and will in all probability attend the banquet. The members of the committee in charge of all arrangements are, C. V. Burt, Chairman, F. O. Maedler, Vice Chairman, E. V. Armstrong, Harry C. McCoy, E. M. Shick, James Board and Charles Greenlee

NOTED TENOR TO ASSIST IN GLEE CLUB CONCERT

John Barnes Wells and Miss Mary Douthett Represent Outside Talent in Entertainment

CONCERT TO START 7:30

Varsity Male Quartet Have Prepared Special Selections For Occasion

Following the custom of previous years, the Penn State Glee Club will again present an elaborate concert in the Schenley Auditorium on Pennsylvania Day. John Barnes Wells, the great New York tenor, will be the main attraction. He will be accompanied in his singing by Miss Mary Douthett, who will also render two piano selections during the progress of the program. Mr. Wells and Miss Douthett will be the only outside personages to take part in the concert.

Director Robinson and the members of the Glee Club have been spending all their available time so far this season in developing the organization so that they will be able to present a program that has never been equaled at Penn State. Some of the selections which the members of the club will sing are "On the Sea," by Dudley Buck, "Duna," which has been arranged especially for the Glee Club by Director Robinson, and "Pikeminy Singsong" in which the solo part will be taken by D. V. Bauder '21. The Varsity Male Quartet will also present several new and unique pieces. The concert on Saturday evening will begin at seven-thirty. This early hour has been selected in order that the concert may not interfere with the many dances which will be held that evening.

VACATIONS ANNOUNCED AT COUNCIL MEETING

No Fine In Effect Over Thanksgiving Period--Disarmament And Name Tags Discussed

The announcement of the holiday regulations for Thanksgiving, Pennsylvania Day, and Armistice Day, the enactment of new rules for the wearing of Freshman name tags, and the disarmament committee were among the important business transacted at the meeting of Student Council last Tuesday evening.

The holiday regulations, as given in another column, vary from the usual in that only one day is granted for Thanksgiving and that all classes will be dismissed on Armistice Day, November 11 after 11:30 a. m. It was also announced that there will be no five dollar fine for cutting classes before or after Thanksgiving, and that cuts at that time will be treated as ordinary cuts.

The college authorities in limiting the Thanksgiving vacation to one day, recommended that a special train be arranged to the Pitt game, leaving State College Thursday morning and arriving in Pittsburgh in time for the game and leaving Pittsburgh at 7:00 p. m. that evening. It was the opinion of the Council that very few students would use the special on account of the time, however H. W. Good '22 was appointed to confer with Neil Fleming and Dean Warnock and ascertain if the special train were feasible.

The committee appointed at a recent meeting of Council to draw up rules for the wearing of Freshman name tags made its recommendations, which were ratified by the Council. The new rules state that the card shall be 1-2 by 1-2 inches; the letters shall be printed at least 1-4 inch high; the name shall consist of the last name followed by the initials; and the card shall be worn in a horizontal position on the left coat lapel.

Junior Prom Date Discussed The action of the chairman of the Junior Prom committee in announcing the date of the Junior Prom was criticized and the fact was brought out that the approval of the Junior class must be secured before a final decision is made as to the date. Lane '23 was appointed to meet with J. Eiters '23, the chairman of the Junior Prom committee and assist in setting the date.

E. E. Overdorf '22 reported to the Council the progress being made by the Disarmament committee. He stated that he had been elected to the executive committee at the Princeton conference and that therefore Penn State will be headquarters for the organization of all the colleges and universities of Pennsylvania. The plan to set the opinions of the students of America on the matter of armament limitation before the Disarmament Conference was formerly to have each institution send a telegram to Washington stating the position of that particular school. The plan now however is much more thorough and far-reaching, calling for the organization of each state in the Union and the election

HOLIDAY ANNOUNCEMENTS

No college exercises will be held on Saturday, November fifth, (Pennsylvania Day). The faculty bulletin of next week will contain the following announcements as to Thanksgiving recess and Armistice Day. The official calendar will be followed as to the Thanksgiving recess. All collegos exercises will be omitted on Thanksgiving Day but will be held as usual on Friday, Saturday, and Sunday, November twenty-fifth, sixth, and seventh. The attention of all instructors is called to the obligation to maintain the schedule strictly at all times. Armistice Day will be observed with public exercises at 11:20 a. m., November eleventh and regular college exercises will be omitted during that period and for the remainder of the day. JOHN M. THOMAS, President

UNDEFEATED PITT AND PENN STATE FRESHMAN TEAMS MEET TOMORROW

Panthers, Represented by More Powerful Team Than Last Year, Expect to Win

A terrific battle, as fierce as any that was ever fought between a lion and a panther will be staged on the New Beaver Practice Field tomorrow morning at ten-thirty o'clock when Glenn Warner's cubs from the smoky city meet the Nittany yearlings of Hugo Bezek. The Pitt Fresh have been undefeated so far this season and they are coming to the Nittany hills fully confident that they will return home the victor. Pittsburgh supporters say that the Panther's Freshman team is stronger this year than it has been for many years. Last year the Panther and Lion cubs fought to a scoreless tie on a muddy gridiron at Forbes' Field. This year Coach "Dutch" Herman, although having a team that is apparently not as fast as that of last year, believes that he can stop the Pitt Fresh and turn in another victory for the Blue and White yearlings.

The Pitt team has not battled with any of the teams that the Nittany Fresh have had encounters with this year and it is difficult to make any accurate comparison of the relative strength of the two teams. It is known that the Pitt team is stronger than ever. Last Saturday they trimmed the Cornell Freshmen to the lively tune of 27-7.

Few changes will occur in the line-up of Herman's squad, Artel, however, who injured his foot in the Kiski game, may not be able to get back into the line-up by tomorrow morning. In case he does not return to the game by that time, his place at right guard will be filled by Yost who played a good game against the third varsity team last Wednesday afternoon. There is a slight possibility that Hartman may be started at quarter instead of Kerstetter. In case of such a change, Wilson will go in at left half and Gregory will play right half. The coach has made no definite decision regarding the line-up and it is quite likely that the same combination with the exception of those changes already mentioned that was used against Kiski, will be put in use against the Panther cubs tomorrow.

MIDDLEBURY PRESIDENT WILL SPEAK AT CHAPEL

Dr. Paul D. Moody who has taken Dr. Thomas' place as President of Middlebury College, Middlebury, Vermont, will speak at both chapel services next Sunday. Dr. Moody has had a wide experience in talking to men and is an interesting and earnest speaker. Coming as he does from the college where our own Proxy was at the helm for so many years, his talk should be full of interest for all Penn State students.

WOMEN'S A. A. WILL HOLD DANCE IN TWO WEEKS

One of the notable events that is marked on the Penn State social calendar for the month of November is the dance that is to be staged under the auspices of the Women's Athletic Association in the Armory on November nineteenth. This will be one of the large all-college dances that will be held during the winter season and as such will no doubt attract a large number of followers of the terpsichorean art.

Although the Armory will not be decorated especially for the occasion, the Association has promised to more than make up for this in the many other details that spell success in such an affair. No efforts are being spared to insure all a good time. In fact, the matter of allowing the first year men to attend the dance without any custom restriction has been brought to the attention of the student tribunal but no definite action has been taken to date. The girls request all students to keep this date in mind and to go up to the Armory this night with a partner prepared to enjoy the evening.

EASTERN COLLEGE DELEGATES PASS RESOLUTIONS TO LIMIT ARMAMENTS

Delegates From Leading Eastern Colleges Meet at Princeton To Take Stand on Question

FORTY COLLEGES PRESENT

Penn State Selected to Superintend Organization of Pennsylvania Institutions

With the return of Penn State delegates from the Disarmament Conference that was held at Princeton University last week, the college is ready to forge ahead on the extensive program with which it has been honored. Penn State has been selected to superintend the organization of all Pennsylvania colleges and universities in the national-wide movement against the universal adoption of unnecessary armament policies. The fact that Penn State was one of the originators of the idea that the students of America should take a leading part in the movement and that they should be more organized in order that they may demand the attention of the world's leaders assembled in Washington on December third has no doubt influenced the selection of the recent student conference.

The main accomplishment of this conference at Princeton which was attended by delegates from all the leading eastern colleges was the formation of a set of resolutions in which is described the unanimous sentiment of those assembled. These resolutions sum up the student viewpoint in an admirable manner and as such claim the interest of all.

WHEREAS, the recent world war has demonstrated that future war would be a calamity whose consequences are beyond all calculations, and

WHEREAS, the nations of the world, already impoverished by past wars and confronted by the urgent social and economic problems bred by war, have entered on an unprecedented scale into the race for military and naval supremacy, which makes for mutual distrust and war, rather than for mutual the problem of peace; and

WHEREAS, the cost of vast armament prevent the diverting into constructive channels of money and energy sorely needed for the solution of the problem of peace; and

WHEREAS, the Government of the United States, appreciating these facts has invited the powers to meet in conference at Washington, to discover means through which the Reduction and Limitation of Armaments by International Agreement may be realized and to promote through amiable discussion universal good-will; and

WHEREAS, the college men for whom we have to speak have proven their devotion and loyalty in the past war, and the generation which we represent would in all probability bear the brunt of a future war,

THEREFORE BE IT RESOLVED:

THAT we, the representatives of 40 colleges and universities in conference assembled, do hereby express to the Government of the United States our unqualified approval of the course it has taken in summoning the Washington Conference and our entire sympathy with the purpose of the conference pledging our faithful support to the United States delegates in their efforts to alleviate their burdens of war and preparation for war, through mutual understanding and through World Reduction and Limitation of Armaments; and that we do hereby urge upon all delegates that their efforts shall not cease until some solution be found whereby the possibility of war may be minimized, and whereby at least a considerable portion of the vast amount of energy and money expended by the nations for armament rather than the destruction of civilization and the human race.

AND BE IT FURTHER RESOLVED

THAT it is the sense of the Intercollegiate Conference that the Washington Conference will not have attained its objectives without (1) a settlement of the Far Eastern question based upon principles which will make practicable the reduction of naval armaments. (2) An agreement to suspend all present programs for Naval Construction and to undertake no further expansion. (3) An agreement to reduce substantially the present naval strength of the National concerned.

AND BE IT FURTHER RESOLVED

THAT a copy of the above resolution be signed by each delegate here assembled, and dispatched forthwith to the President of the United States of America, and to the representatives of the press for publication.

MILITARY REVIEW

The formation of companies and battalions for the Regimental Review on the morning of Pennsylvania Day will be at 9:15 o'clock, at the usual assembly place on the Armory drill field. The review will occur on Holmes Field at about 9:30 o'clock.
