### SOUTHERN SOCCER TRIP POSTPONED

#### Coch Pakenham Starts Gruelling Workouts in Preparation for Last Game of Season

Announcement has recently been made that the Penn State soccer team will not take its southern trip during the week of Thanksgiving as has been the case in the past, but will probably travel to the southland sometime before the Holiday recess. This decision has been made because of that fact that Harvard cannot schedule a game until the close of the football season, when most of the eastern soccer teams start their schedules.

Coch Pakenham has started the booting squad on its final period of training for the climax of the season which will no doubt take the form of a series of unusually hard games on some foreign fields. Although the Blue and White eleven was able to defeat both of the teams that have been met so far this year, yet the coach is far from pleased with the work of the squad and with the first team. Endurance was lacking in the final minutes of play in both games and all efforts will be put forth to eliminate this defect in the Nittany machine.

If the manager of the sport is able to arrange the schedule that is proposed, the team will be called upon to play three games on as many successive days and this exacting program will call for every ounce of endurance. Some of the games that will be played on this trip will be much harder than the ones on the early part of the schedule for the opponents are rated as the best in the east at the present time. The games and the dates have not yet been definitely decided upon as the manager is awaiting favorable replies to the offers sent out.

By the end of this week, all underclassmen who selected soccer as their fall and spring sports for gym credit should have signed up for their winter sport. The last day for the underclassmen to report will be next Wednesday when the sophomores are supposed to report for their winter classes.

### FROSH-SOPH LACROSSE SCRAP SET FOR DEC. THIRD

Saturday afternoon, December third, is the date set for the annual underclass lacrosse scrap between the Freshman and Sophomore stickmen. If weather conditions do not present, the scrap will be held either on Holmes field or the field back of the Armory. There are a large number of Freshmen as well as Sophomores out for the team who have been practicing faithfully each evening in an effort to become proficient in the art of handling the stick. The annual underclass game promises to be a real scrap this year as the Freshmen are showing up well in practice and promise to make it interesting for the Sophomores.

### STUDENTS INCLUDED IN RED CROSS ROLL CALL

(Continued from first page)

purposes. In the case of State College this will greatly aid in the fine service which the local chapter is already rendering.

The State College Red Cross Chapter has been very active during the past year and deserves the support of every person in the town that it may be able to widen its activities. During the year the local chapter among other things, has accomplished the following: its Red Cross Community nurse has made 1079 health visits, a clinic was conducted here last June by a Harrisburg doctor, who examined forty crippled children at the invitation of the Red Cross, service has been given to seventy-five ex-service men in filling new claims for compensation, following up old claims that are still pending and helping the men to secure training under the Federal Board for Vocational Training, and the Red Cross nurse is holding a weekly Well Baby Clinic at the Red Cross office.

**Membership Dollar Does Much**  
The membership dollar will help to strengthen America, because it is helping to safeguard American life, because it relieves suffering from disasters and accidents because it is helping the nation's disabled service men and because it is still helping in the reconstruction of the world.

The fact that the American Red Cross stands equipped and ready to cope with disaster is sufficient to justify its existence. However it renders many other services. By its Congressional Charter it is officially designated:

To furnish volunteer aid to the sick and wounded of armies in time of war. To act in matters of voluntary relief and in accord with the military and naval authorities as a medium of communication between the American people and their Army and Navy.

To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine fire, floods, and other great national calamities.

To devise and carry on measures for preventing the same.

### BEZDEK EXPECTS HARD GAME THANKSGIVING

(Continued from first page)  
talents and ticks character have been devised a few of them having been out-

originally set for the Middle last week but not having been used at that time, and many hours have been spent during the past week in perfecting these movements. In addition to issuing new plays, "Bez" has attempted to speed up the Nittany offense, strange as it may seem. The attack of the Blue and White eleven in the last four games has been unopposed by any team in the East but the coaches are still unsatisfied and are trying to raise the offense to such a height that it will completely smash the Pitt defense. Speed is a pass word on the field nowadays and without it a man is lost. Each day the entire squad is sent thru sprints of various lengths.

As a result of this attention to speed, Penn State has a remarkably fast and hard-hitting backfield, a combination that is without a peer in the country. If the Pitt warriors are able to stop the brilliant broken-field running of Killinger, and the murderous pounding of Lightner, they will accomplish something which the best eleven of the East have failed to do. Never has Penn State had a group of backs which could equal the performances of this trio. With the addition of Captain Snell, who will in all probability be in shape for the Turkey Day battle, the backfield will be well-nigh invincible and they will give the Pittsburgh football fans a view of a champion running attack.

### DISARMAMENT PLAN, MEETS APPROVAL

(Continued from first page)  
erica is determined to play a hand no less frank than the one played at the opening of the conference. It is commonly acknowledged in Washington diplomatic circles that the United States will support several policies.

**American Pacific Policies Outlined**  
The United States will oppose Japanese aggression in the Far East and will disapprove a renewal of the Anglo-Japanese Alliance.

The United States will recognize a reasonable outlet for Japanese economic interests but will not agree that political aggression must follow trade and population.

The United States will agree to no alliances, no matter how attractive these proposals might be, made the lure of even a tripartite agreement will be disregarded by this country.

The actual decisions will be arrived at publicly when the delegates think that the conference has proceeded far enough that the results of the conference do not necessarily mean that the line is invulnerable.

The present week finds the team, as a whole, in better physical condition than it has been for some time. With Snell rapidly recovering from the operation which he underwent last week and with McCollum, star end, reinstated into the line-up, following his recovery from a bruised shoulder, the injured list is almost reduced to nothing. Frank

who played at left end in the Tech and Navy games in place of McCollum, twisted his knee during the last quarter of the second contest but is coming around into shape and will be ready to fill in at end in case of further injury to McCollum. It is sincerely hoped, though, that McCollum will complete the season at his post inasmuch as he is a very valuable man to the team and deserves to play because of the long and faithful service which he has rendered.

With the exception of McCollum at left end, no material changes have occurred in the Nittany line-up this week and it is very doubtful if any will take place before the Pitt game, unless it is Snell for Knabb. Every man on the first team is playing a fine brand of ball, so much so that no substitute has been able to surpass it and thus earn the right to play on the varsity.

Frank

clavo may be considered definite and final.

### PORTRAIT OF DR. ARMSBY GIVEN TO CHICAGO CLUB

Friends of the late Dr. Armsby had an oil painting made of him just previous to his death which will be presented to the Saddle and Sirlain Club in Chicago within the next week or so. The Saddle and Sirlain Club has a portrait gallery in their club rooms in Chicago which contains a rare collection of oil paintings of the foremost live stock breeders and agricultural producers in the country.

### BOWLING TOURNAMENT AT GEORGE WASHINGTON UNIV.

All the fraternities at the George Washington University are taking part in a bowling tournament, a cup being presented to the winner. The cup is offered by the Interfraternity Association.

### CORNELL ORGANIZES M. E. AND L. E. SOCIETY

The formation of a joint mechanical and electrical engineering society is well under way at Cornell. The need of such an organization has long been felt, and it will now no doubt become a reality.

**EDISON RE-CREATIONS**

of the latest dance hits are made by Broadway's most popular orchestras. Some of those which make recordings are:

- Club de Vingt Orchestra
- Max Feller's Dixie Robbin Orchestra
- Harry Rademan's Jazz Orchestra
- Ray Miller and His Black and White
- Melody Boys
- Lucien's Orchestra
- Earl Fuller's Broadway Dance Orchestra
- Conrad's Orchestra, Newport Casino
- Orlando's Orchestra

Vaudeville's headliners make Edison RE-CREATIONS of vocal hits.

# FIRST

## with Broadway HITS

THE tables have been turned. Now it's Edison,—who gets here first with Broadway's newest song and dance hits.

Edison scouts constantly cover every Broadway show, restaurant and exclusive club. They get the new hits the moment they break.

Mr. Edison has installed a special department of manufacturing, with special equipment, which speeds these hits

through in record-breaking time. In some cases, the Edison RE-CREATIONS of a new number beat the sheet music out.

"Flashes from Broadway" are sent us, by fast express, as quickly as they are issued.

So, if you want to keep up with Broadway, watch our windows for "Flashes from Broadway" and visit our RE-CREATION department.

## EDISON RE-CREATIONS

Remember, too, that on the 20th of each month, Edison issues a fine supplement of classical and popular music, rendered by world-famous artists.

To hear any of these RE-CREATIONS on the New Edison is to hear the finest music which modern homes are able to command. For, the Edison RE-

CREATION of an artist's performance can not be told from the artist's original performance. This has been proved by thousands of tests of direct comparison.

Before you buy your Christmas phonograph, be sure you hear the wonderful New Edison.
