

COLLEGE SENDS FIFTEEN TO SCIENCE CONFERENCE

Members of The American Association For The Advancement of Science Meet in Canada

Approximately fifteen members of Penn State's faculty attended the conference of the American Association for the Advancement of Science...

This conference, like many others that have been and are occurring over the nation, was called for the purpose of announcing results of research and investigations in all lines of scientific work...

The leading public addresses were delivered by Dr L O Howard, the retiring president, and by Professor William Bateson, of England...

Professor Bateson, Dr. Howard, and Dr. Moore of the University of Chicago, president-elect of the American Association for the Advancement of Science...

A feature of English Universities is the affiliation with the universities of denominational colleges. Thus, the Methodist, Anglican and Roman Catholic churches have established denominational institutions in federation with the University of Toronto...

Faculty members of Penn State, who attended the gathering were Professors Ferguson, Green, Edwards and Anderson, from the Forestry Department...

Professor F. A. Dutcher, head of the Department of Agricultural Chemistry, went last Tuesday to Cornell University where he addressed the annual conference of Veterinarians of the State of New York...

COLLEGE IS REPRESENTED AT AG CHEM CONFERENCES

Professor F. A. Dutcher, head of the Department of Agricultural Chemistry, went last Tuesday to Cornell University where he addressed the annual conference of Veterinarians of the State of New York...

A short time ago Professor Dutcher likewise attended a meeting of The Federated Societies of Experimental Biology, which federation includes five societies...

PROPOSED GLEE CLUB CONCERT AT LOCK HAVEN POSTPONED

The concert which the Glee Club was to have given last Saturday in the Lock Haven Normal School under the auspices of the Men's Bible Class of that institution, was postponed on account of the weather conditions.

PLAYERS REPEAT POPULAR COMEDY

The Penn State Players produced for the second time this semester, in response to popular demand, the farce, "Nothing but the Truth," in the auditorium, Friday night, January thirteenth. The attendance at this performance was not quite so large as was anticipated.

This farce was written by James Montgomery, who secured the basis for his comedy from a novel by Frederick Isham. The play was first shown at the Longacre Theatre, New York City, and was a success from the first its production has been frequently attempted by amateur clubs.

The story is built about the difficulty of a man to tell the absolute truth for even so short a period as twenty-four hours. To the junior partner in a firm of stock brokers falls this task. He enters into a bet of ten thousand dollars that he can and will tell absolutely nothing but the truth for twenty-four hours. The play is neatly constructed, the way being cleared quickly for the presentation of the general situation. The action is rapid, the situations dovetailing well one into another. Each character contributes its part to the building of the play, including the clock, in the last act, to whose progress minute by minute the action is excellently timed.

The numerous, but serious complications arising from the attempt of this man to tell the exact truth are indeed amusing and deserve to keep the audience in an almost continuous uproar. Mr. Austin Blakelee, '23, and Miss Esther B. Holmes, '22, played the leading part in the cast, and they were ably supported by Mr. Donald V. Bauder, '24, and Miss Lillian S. Fleming, '22.

FROSH MUST RE-ELECT BASKETBALL MANAGER

A meeting of the Freshman Class was held last Friday evening and was in charge of M. B. Kerstetter, the fourth trial president. After the general order of business, the chairman declared the meeting open for nominations for the Freshman basketball manager.

When the ballots had been counted it was learned that there were two men in the Class whose name is Kratz, and it was not understood by all, at the time of voting, which of the two was meant, some voting for one, and some for the other. This matter will be taken up again at the next meeting. The "got wise" speakers, who were asked to talk to the Class, were unfortunately unable to be present.

MUSIC RECITAL WILL BE GIVEN AT END OF MONTH

The Department of Music has announced a recital to be given in the foyer of the auditorium at seven o'clock on the evening of Friday, January twenty-seventh, to which the public is invited. The entertainment will be of the usual high quality offered by the Music Department and will consist mainly of vocal and piano renditions.

The former will be given by a sextette on which Miss Gladys Fulton, '22, and Miss Betty Croll, '25, will sing soprano. Miss Jane Billings, '24, will take the mezzo-soprano part, and D. V. Bauder, '24, A. P. George, '25, and B. G. Hill, '24, will sing tenor, baritone and bass, respectively.

SUMMER PRACTICUM IS INSTITUTED FOR HORTS

Six Week Course in College Experiment Orchards Will Furnish Summer Credits

Another evidence of the ever-increasing efficiency of the School of Agriculture is the fact that the Department of Horticulture has announced a summer practicum course to be given at the college, beginning next summer.

This will be the first time that the Horticultural students have ever had the opportunity to take summer practicum work at the college, since they have heretofore been compelled to obtain their practical instruction in commercial orchards and gardens. Now, however, since the commercial orchards and gardens of the Department of Horticulture have been developed to a considerable degree, it has become possible to offer this work at the college, and many of the Hort students will undoubtedly take advantage of the offer.

The summer practicum in this subject requires for its completion a period of six weeks, as far as the orchard and garden work is concerned. Accordingly, a small group of Hort students will go into camp on the Horticultural farm for a period of six weeks, while a second group will occupy the camp during the following six weeks.

The course includes the performance of all reasonable operations with vegetables, this work comprising spraying, thinning, tractor cultivation, harvesting and marketing, with one hour each day devoted to class instruction.

This summer work is compulsory for every Junior student of Horticulture, and must be taken either at the college or in a commercial establishment approved by the Horticulture Department.

L. E.'S FINAL IN DANCE PRACTICUM ON SATURDAY

Supplementing the recent postponement of the dance that was to be held by the Industrial Engineers of the college comes the announcement that this affair will be held on the evening of January twenty-first, at the Phi Kappa Sigma House. This is an annual affair that has been planned because of the successes of past years.

Students enrolled in other departments of the Engineering School are invited to attend. The committee, consisting of A. G. Grassmeyer, '22, S. W. Homan, '22, G. C. Favord, '22, and H. D. Ewver, '23, announces that the patrons and patronesses will be Mr. and Mrs. E. J. Kanza, Mr. and Mrs. T. P. Henahill, Mr. and Mrs. G. H. Reades, Mr. and Mrs. J. K. Keller, Mr. and Mrs. R. L. Punnett, and Mr. and Mrs. M. M. Babcock.

Thompson's Orchestra has been secured to furnish the music to those who deposit one dollar and a half per couple upon entrance to the floor. In other words, the tickets that are being sold by the committee for the dance cost \$1.50 per couple.

HARRISBURG ALUMNI PREPARE FOR MEETING

Harrisburg Alumni will hold their annual mid-winter dinner at the Masonic Temple, Harrisburg, on Thursday evening, January twenty-six, at 7:30 p. m.

Preparations are being made to make this one of the most noteworthy occasions ever staged by the organization. A prominent array of speakers is listed. It is anticipated that, in addition to President Thomas, who will be the principal guest, Lieutenant-Governor Beldeman, Dr. Fred Rammeisen, Secretary of Agriculture, and Dr. Thomas E. Pinnegar, Superintendent of Public Instruction, will also make addresses. Provision is being made for a record breaking attendance as the dinner comes during the week of the State Farm Products Show, and it is anticipated that more Alumni than ever before will attend the show this year from out of town.

In addition to the great interest played by all the Alumni living in that area of Central Pennsylvania, Mr. R. L. Houck, '17, is Chairman of the Dinner Committee, while Mr. R. H. Craig, '14, is arranging the program. The name of the toastmaster has not yet been announced but it is assumed that Mr. T. W. Fortenbaugh, '12, President of the Central Pennsylvania Alumni Club will preside.

Another feature of the occasion will be the attendance of Penn State girls, a custom which was inaugurated by the Harrisburg Club last year. At that time approximately twenty Penn State girls were present and this year it is anticipated there will be an even larger turnout.

All Penn State friends, alumni, students, and faculty members, who are in Harrisburg that day, will be welcomed on this occasion, and it is hoped that they will make every effort to attend.

QUARTETS WILL SING AT PHI KAPPA PHI AFFAIR

A feature of the entertainment to be offered the honorary societies of Penn State at the Phi Kappa Phi reception to be given at the University Club on the evening of January thirtieth will be a musical program rendered by the Freshman Girls' Quartet and the Varsity Vate Quartet.

Of the musical talent and ability of these two groups nothing need be said, since both have amply proved their worth many times.

Miss Dotty Croll, Miss Grace Haussler, Miss Leah Lark and Miss Pauline Glueckhaug compose the Freshman Girls' Quartet, while D. V. Bauder, '24, R. A. Revby, '23, E. V. Ralston, '23, and P. J. Duncan, '24, constitute the over-popular Varsity Male Quartet.

C. & F. CLUB PLANS TO HOLD DANCE FEBRUARY THIRD

Commerce and Finance students are scheduled to step out on the night of February third when the annual C & F Dance will be held at the Phi Kappa Sigma House. By a special ruling of

Out-of-Doors

The coming in of winter, with the first heavy snowfall, brings a real thrill to the lover of out-of-doors. He waits for it with impatience throughout the late autumn days of preparation and when it comes he welcomes it with an eagerness to be abroad and engaged in the fullest enjoyment of its wondrous. The weeks of snow are precious to him. Winter is a novelty, a break among the seasons. For most of the year he sees the trees in leaf, the grass green, and he is surrounded with growing living things. But once each year there comes these few precious weeks that are different. Nature is as lifeless as a statue of marble, and as beautiful.

UNIT MEN PLAN SMOKER FOR COMING SATURDAY

On Saturday evening, January twenty-first, at 7:15, the Penn State Club will hold a smoker and get together for non-fraternity men. A program is being arranged for the evening. Several interesting features are assured among which will be an address by President Thomas who will speak on the plans for Penn State's Social Hall. As this will be the first time on which this matter will be taken up by the president, it is expected that many questions regarding this long sought social hall will be cleared up, and that the president's views will be made familiar to the students.

Another thing of interest on the program will be a wrestling meet between Old Main and the Two Year Ags. When the Cliff DeWolfs meet the Hys Dinders on the mat, a series of interesting bouts may be looked for. One of the main reasons for holding the meeting is to discuss and act on questions of interest to non-fraternity men. It is hoped to settle such questions as those regarding winter sports and social activities. All non-fraternity are urged to attend to help settle these questions. Besides, a good time for all is promised.

STATE EDUCATORS MEET WITH FACULTY TOMORROW

Members of the faculty will meet in conference with representatives of the State Department of Public Instruction in Old Chapel on Wednesday, February first at 7:30 P. M. The primary reason for calling the conference is to discuss the best way of relating the instruction in public high schools to that of the college.

The First National Bank

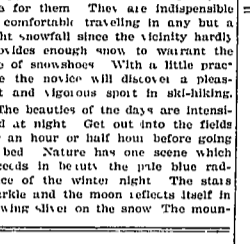

STATE COLLEGE, PA. W L Foster, President David F. Kapp, Cashier

LAFALETTE GRIDIRON TEAM IS AWARDED CHAMPIONSHIP

Lafayette will receive the Eastern football championship trophy from the Veterans Athletics of Philadelphia, this year according to an announcement of Judge Eugene C. Donnell of the Association. It will be presented at a banquet among the seasons. For most of the year he sees the trees in leaf, the grass green, and he is surrounded with growing living things. But once each year there comes these few precious weeks that are different. Nature is as lifeless as a statue of marble, and as beautiful.
