

DATES OF SILVER BAY CONFERENCE ANNOUNCED BY "Y"

Nine Great Leaders Signify Intentions of Attending Conference This Summer

Penn State students are already looking forward to the annual student conference which will be held at Silver Bay this coming summer under the auspices of the International Committee of the Y M C A.

Every summer these intercollegiate conferences are held at Silver Bay and they serve in uniting delegates from over one hundred colleges in inspiration, recreation and good fellowship.

Wonderful List of Speakers The list of speakers that has been secured for the coming summer is enough to make the trip a worthy one to any college man who has the time to spare.

John R. Mott, the main drawing card of the conference, is one of the most widely known officials of the Y. M. C. A. He is a graduate of Cornell, and has received degrees at Yale, Princeton and Edinburgh.

Sherwood Eddy hardly needs an introduction to Penn State men. His three visits to this institution have made him known and admired by all of the students of the college.

Harry Emerson Fosdick, another of the speakers who will attend the conference this summer, is one of the best writers on theological subjects of the present day.

Wonderful Site Silver Bay is an ideal place for the holding of these conferences. In addition to the wonderful scenery and comfortable conditions of living, excellent facilities are afforded for recreation and athletics.

Men who attend the conference will find the day's work something like this: Reville 6:30, devotions 7:00, breakfast 7:30, devotions 8:15 until 10:00, an hour for thought and at 11:00 a meeting in the auditorium.

Men who have attended these conferences in the past find that the meetings have something to offer to every man. They aid him in solving personal, moral, and life problems.

One Phase of the Life at Silver Bay

DR. MCFARLAND WILL ADDRESS HONOR SOCIETY

Industrial Chemistry Chosen as Subject of Talk to Phi Lambda Upsilon

Phi Lambda Upsilon, honorary chemical fraternity, will have the pleasure of hearing Dr. D. F. McFarland of the Metallurgy Department, tomorrow night, when he gives an informal talk on the general subject of Industrial Chemistry as applied in the region of Chicago.

Professor McFarland will present a review of the chemical industries of Chicago and the surrounding district, and he will endeavor to portray to the members of the society the degree to which chemical manufacturing has been developed in that region.

also that they have been trained for the taking on of greater work in the fall.

The platform addresses from these great leaders, who have back of them wonderful personalities, and the discussion groups and personal talks with other leaders give the men a larger understanding of the meaning of Christianity.

Penn State had a delegation of twenty-four men at the conference last year and plans are now under way whereby there will be at least fifty representatives from the Mitan institution in attendance this year.

Dean Watts will also make the trip. The Y. M. C. A. will conduct an intensive campaign to sign men to go to Silver Bay.

"BEZ" INAUGURATES COACHING COURSE

As a part of the regular work of the summer session, Hugo Reidek, assisted by "Dutch" Heimann and "Bill" Martin, will inaugurate a course in athletic coaching.

Already a large number of alumni, as well as men from other institutions, have signified their intention of coming to Penn State during the coming summer to take the course in athletic coaching.

Football, basketball, basketball and track will be taken up during the course, which will run the full eight weeks of the summer session.

The course will undoubtedly prove of inestimable value to the prospective coaches. So many of Bezdek's products have already made a success of the coaching game that many others are anxious to receive instruction under the Penn State mentor.

CENTER COUNTY CLUB ELECTS OFFICERS FOR COMING SEASON

The reorganization of the Center County Club took place in 315 Old Main Wednesday night when a large portion of the approximately 175 Center County students at Penn State held their first meeting of the year.

GREAT COMPOSITIONS RENDERED AT CONCERT

Band Scores Hit in Selections From Wagner and Schubert in Closing Number of Season

The concert rendered in the Auditorium last Sunday afternoon by the College Band, led by Bandmaster Thompson and held under the direction of the Military Department of the college, proved to be a fitting close to the season of Sunday afternoon concerts.

The pieces played in the concert were extraordinary. All of them were classic in nature, Wagner, Schubert, Brito, Bizet and Bennett being numbered among the composers.

It is not necessary, however, to speak in detail of the performance of the band in the manner in which they interpreted each of the numbers.

- 1-"Grand March" from Tannhauser Wagner
2-Overture-"Fierabrax" Schubert
3-(a)-"In Highest Thought" from Bruckner
(b)-"Tosador's Song" from Carmen Bizet
4-Reading Mr. Deering
5-Paraphrase-"Masses" in the Cold Ground" Bennett
6-March-"Cushing Academy" Kiefer

Y. M. C. A. BRINGING WELL KNOWN SCIENTIST HERE

Montraville Wood Will Perform Experiments With Gyroscope and Electricity

Montraville Wood, a co-worker with Thomas Edison, will make his appearance in State College on the twenty-second of April as the closing number of the Combined Y. M. C. A. and Department of Music Entertainment Course.

Mr. Wood is an expert in his line. He is the inventor of over one hundred devices and is one of the most practical scientists in the United States.

Recently Mr. Wood gave a lecture in Williamsport, where he held his audience for more than two hours in the course of his talk.

The fact that there are many surprises and plenty of humor in Professor Wood's lecture does not detract from its great educational value.

PROF. G. R. GREEN SPEAKS BEFORE AUDUBON SOCIETY

Prof. George R. Green, of the Department of Forestry, gave a short talk at the banquet of the Audubon Society of Western Pennsylvania, held at the Fort Pitt Hotel at Pittsburgh, last Saturday evening, March 25th.

DEAN SACKETT SECURED TO LEAD "Y" MEETING

Will Speak on "Christian Service in Business" Tomorrow in Old Chapel

"Christian Service in Business" will be the topic of Dean R. L. Sackett's talk which he will give in Old Chapel tomorrow evening at seven o'clock.

The theme of Dean Sackett's talk will deal with the "Principles in the Business World." He has said of this subject: "There is a widespread assumption that very few Christian principles have ever crept into business."

At no time has business been as clean and keen as it is right now. At no time has it been founded more firmly on honesty and square deal and clean business methods.

SENIOR FORESTERS PREPARE FOR ANNUAL CAMPING TRIP

The seniors of the Department of Forestry have completed their academic work, and are rapidly preparing for their annual camping trip.

On March 27 and 28, the seniors will all take the United States Civil Service Examination for the position of Forest Assistant.

Why Does a Brown Cow Eat Green Grass and Give White Milk? That's the cow's business. If the cow had to have glasses to help her perform this wonderful feat, she would not be able to prescribe the proper glasses.

Dr. Eva B. Roan, Ophthalmologist, 10 E. Bishop St., Bellefonte, every Saturday, 9 a. m. to 4:30 p. m., State College, every day except Saturday.

COACH JARDINE GETTING READY FOR OXFORD GAME

Minor Changes Made in Line Up—Englishmen Meet Penn State After Tilt With Lehigh

With the coming English tilt just one week away, Coach Jardine is sending his varsity football squad through a stiff workout every evening in effort to build up a combination which will make a good showing against the powerful and speedy Oxford squad.

The varsity squad remains the same with the exception that Yost, a member of this year's Sophomore team, has been added to it and is showing up well in a number of positions.

The Oxford team, which represents the championship organization of English students, left the mother country on March 20, with an enviable reputation for speed and aggressiveness.

COLUMBIA ENROLLMENT NOW OVER THIRTY THOUSAND

Announcement has recently been made that the total enrollment of Columbia now stands at 32,120.

Our Pioneering Work Has Just Begun Someone said recently to Mr. H. B. Thayer, head of the Bell Telephone System, "Your pioneer work is done. You have created a system that makes a neighborhood of the nation." Mr. Thayer replied "Our pioneer work has just begun. Each day brings new problems, new discoveries, new developments, all calling for broader visioned handling on a larger scale than ever before."
