GRAHAM & SONS On the Corner

DETROIT CLERGYMAN WILL SPEAK SUNDAY

Dr. Galtus Glenn Atkins, of the First Congregational Church of Detroit, Michigan, has been invited to serve as chapel speaker next Sunday at both services. As a speaker, Dr. Atkins has had a varied experience as pastor of several large churches since he was ordained.

OLD MAIN PLAYERS WIN UNIT BASKETBALL TITLE

The Unit Basketball Season was brought to a close on Wednesday night when the Old Main team, Unit 24, defeated Unit 8 in the closest and most hotly contested game of the season by the close score of 23 to 24. The past season has been a very successful one in every respect. More units were established, including the Two Y. U. Ag teams and a greater number of games were played than ever before. Working on a regular schedule with games being played every Wednesday and Friday during the season, a great amount of interest was stimulated and some keen rivalry aroused.

MUSICAL PROGRAM FOR SPECIAL EASTER CHAPEL

In accordance with the annual custom the College Chorus will participate in the Easter Musical Services which will be held in Chapel on Sunday, April ninth.

A special program of Easter music is being prepared under the direction of Professor C. C. Robinson of the College Music Department, and the affair promises to be very entertaining. For some years it has been the custom to hold musical services in Chapel on the Sunday preceding the Easter vacation. At this year's concert there will be selections by practically all the organizations under the College Music Department so that a varied and delightful program may be expected.

BASKETBALL STARS GATHER HERE TODAY

(Continued from first page) Waynesboro, and Catawba were the other contestants in this event but proved inferior to the clever, fast work of Harrisburg Tech. The latter is considered a favorite in the tournament which opens here tonight and may repeat its performance of two years ago.

For Sale Cheap—Hupmobile Touring; underslung. Will make some raceboat.
H. R. Shuey, Bellefonte

Mt. Union Leads Central Division

Following a great fight in the central section of the state, Mt. Union High scored out the other leading teams and will represent her division in the local tournament. She passed the final barrier this week by trimming Windber High. According to advance information, she is particularly strong and with Harrisburg Tech should survive the preliminary bouts this evening. If these two teams meet in the final tomorrow a thrilling game is assured.

MANY ATTENDING STATE GATHERING

(Continued from first page) sioners, will speak on the state's game program this afternoon at the closing session of the convention in the foyer at 1:30 p. m. Final action will also be taken on a number of important matters, when the committees make their reports at the close of this afternoon's meeting.

Many Problems To Solve
Two main objectives, which include many minor problems, are before the gathering of conservationists. To organize a State Conservation Council, and to formulate a state conservation program are the real purposes of the convention. Previous efforts to bring the different organizations together for concerted action have failed, but the Penn State conference is promising to make true those ideas of sportsmanship long fostered by many scattered clubs.

Success is almost assured the gathering here, since the proposal for the union of the sportsmen without the attendant loss of identity of any existing body is meeting with the approval of a majority of the delegates. The present plan for a conservation council which proposes a strong organization which will act as an open forum, to which the sportsmen of the state may go to gather data on past records and plan for future combined activities.

Ag School An Important Link
The Agricultural School will play a

large part in linking up the sportsmen of the state with each other, and especially with the farmer. Dean R. Watts, of the School of Agriculture, is playing an important part at the gathering and his efforts are largely directed toward the bettering of the relations between the agricultural interests and the hunters and fishers. A widening gap is now separating the farmers and sportsmen, because of the unfair treatment which many agriculturalists have given to the sports-loving element. The council, should it be formed, will have some of its hardest work in bringing these two factions together to work cooperatively.

President Thomas gave the conference a fine start, when he greeted the delegates in behalf of the college, and encouraged them in their noteworthy task. He pointed out some of the state conditions which need the attention of a conservation board and recommended that the representatives take action on them. Following his talk, some of the prominent men attending the conference were introduced to the other delegates, and they backed the President in his assertion that there was need for a large amount of united conservation activities in the state.

"CLARENCE" PROVES POPULAR ON STAGE

(Continued from first page) and he plays the saxophone. And around him revolves such a group of characters as only Booth Turkington could offer. It is a real American comedy, rippling with delightful humor and dialogue.

These marvellous young people Cora and Bobby Wheeler played by Miss Esther Holmes '22, and H. G. Allen '23, are portrait sketches were lifted to present to every one but the original Clarence himself is a real delight. The lines of the play, "This play is truly as American as 'Huckleberry Finn' or pumpkin pie. It is as delightful, as any native comedy which has tried to lure the laughter of this country in the last ten seasons. Quoting at random from the press after its professional appearances will show the extent of its popularity. Of the New York American says, "No other play this season has stirred such genuine enthusiasm." The New York Times says, "To our mind 'Clarence' is the best light comedy which has ever been written by an American." The New York Morning Telegraph states, "Clarence" is a most engaging, happy-go-lucky and agreeable work." A headline from the New York Evening Journal reads, "Turkington's 'Clarence' a knockout." The New York Globe gives

it even more lauding when it writes, "Clarence" is a comedy of rare delight. The most joyous entertainment now visible and the best comedy of this particular sort of American life yet written." These quotations are merely taken at large and so on might the press be quoted at length. The popularity of the play is at once evidenced.

STUDENT COUNCIL APPROVES CHANGES

(Continued from first page) have far-reaching effect was the passing of a recommendation to the College Senate sitting that men who are permitted to graduate.

The Council rejected a petition from the Junior Pre-medical students asking that they be allowed Senior customs after the Easter vacation, on the grounds that they spend only three years at Penn State and therefore in the last part of their Junior year deserve the privilege of Senior customs. The Council took the position that a man must spend three full years before being entitled to Senior privileges and unanimously rejected the petition. A number of petitions from fraternities for underclass dances on the night of the Junior Prom, were recommended to the Inter-fraternity council for action.

Progressive Council President Overdorf stated that in his

belief the present Council was one of the most able and progressive in recent years. The revision of the various student government constitutions has been needed for some time and it remained for the 1921-1922 Council to consummate the revision. President Overdorf specially commended the committee which has been in charge of the revision. The committee was composed of A. G. Pratt '22, chairman, G. H. Baird '22, H. W. Good '22, E. Hansman, P. D. McElfish '22, J. M. Peoples '22, M. L. Shields '22, J. E. Kuhns '23, W. H. Payne '23, and J. L. Martin '24.

FATHER'S DAY TO BE NOTABLE EVENT

(Continued from first page) similar to Friday and that no program be arranged for that day. This will give the sons an opportunity to take their fathers around the campus and the town. Inclement weather hindered this last year, but it was thought that such an opportunity would be welcomed by

both host and guest.

Event to be Given Publicity

Chairman I. S. Adams, also appointed committees that have specific duties to perform and which are expected to begin their work immediately. The publicity committee is to have charge of an extensive publicity campaign that is expected to reach every corner of the state. As soon as the complete program has been decided upon, it will be published in the Collegian. Also, each student will be asked to urge his Dad to make plans to visit the college at this time. It may be possible that the main roads leading to the college will be appropriately placarded a few days before May fifth and sixth. There is also a possibility that newspapers in the larger cities of the state may be asked to publish news articles on the observance of the affair.

Another committee is to make arrangements for the banner news meeting to be held on Saturday night and to provide a program that will amply justify attendance. The varsity quarter and the Glee Club has been asked to give a few selections. A third committee is to make a canvass of the town to compile a list of rooms available for the lodging of fathers over week-end. This list will be published so that city arrangements may be made by the students in this respect.

It is highly probable that the Student Tribunal will make no special ruling regarding customs for that day. All custom regulations will no doubt be in force as on a regular week-end.

DEBATERS OPPOSE SYRACUSE TEAM

(Continued from first page) forward to this debate as one of the highlights on its schedule.

Such importance has been placed on the debate tomorrow evening that President John M. Thomas will preside. The judges are the Honorable H. C. Quigley, of Bellefonte and Judge of Centre County, Dr. McLaughlin, of the Lock Haven Normal School, and D. C. Noyes, of Pittsburgh and Assistant County Superintendent of Schools in Allegheny County.

These are continuing for the twenty-four hour debate which is scheduled to take place here with the team from the Colorado Agricultural College on the tenth of April. Two extemporaneous contests have already been held by the candidates, one taking place last evening, and the final deciding debate for the selection of speakers against Colorado will be held the first part of next week. Three neutral judges are present at these contests and their decisions as to the individual merits of the contestants will be the method by which the debaters will be chosen.

INTERCLASS TOSSERS START ANNUAL SERIES

(Continued from first page) will be postponed to a later date. The remainder of the schedule is as follows:

Tuesday, April 4
