**SMOKER IN ARMORY**

The Penn State Club wishes to correct the impression that the smoker in the Armory after the Mass Meeting tomorrow night is for non-fraternity men only. It is for anybody in the town or college who wishes to attend, and everybody is cordially invited.

**SKIBOS PROMISE INTERESTING GAME**

ed a combination this year that promises to give the Nittany nine a real test. With eight veterans from last year's team and three seasoned hurriers the Skibos loom up as a formidable opponent.

The Carnegie Tech diamond men opened their season by defeating Westminster College by a decisive 3 to 3 score. This contest was followed by victories over West Virginia Wesleyan, West Virginia University, Delaware, St. Vincent, Grove City and Juniata. The Grove City team defeated Pitt in their annual game this spring.

The only nines to which the Tartans have bowed are West Virginia, Swarthmore and the Navy. The Tech team meets Bucknell on Friday, May nineteenth, just before their State College invasion.

serve as the main headquarters for all alumni and offer a place for alumni to meet one another.

Luncheons and meetings will occupy a large amount of time on the Alumni and give them opportunities to get together. A new feature is being planned this year in the form of a dinner to all reunion class members at McAllister Hall at six-thirty o'clock on Friday evening. This gathering will put the alumni activities on a solid basis for the week and prevent much loss of time Saturday morning. The annual business meeting of the alumni on Saturday morning will be adjourned in time for the Alumni Luncheon which will be given at the big tent by the ladies of the Methodist Church.

Alumni Day on Saturday will be full of excitement and will probably be opened by 1912 or some other active class parading around town early in the morning with a band. Last year plans for the alumni parade after lunch fell through, but this year a strong committee is being arranged. It will form on the Front Campus at one o'clock and march to New Beaver Field. After the parade, the reunion classes will pull off their usual stunts. It has been suggested that each returning class adopt a coat composed of the class colors to help in distinguishing the different units.
