The last chance for new men to try out for the college band will be Wednesday evening, September twenty-ninth at seven o'clock in the band room. As no one will be accepted after this date, all wishing to try out must be on hand at that time.

Sophomore Engineers will be called out as candidates for the Penn State Engineer Wednesday evening, 7:30, Eng. A.

All students who were members of the Student Volunteer Fire Department last year, report tonight to the Hose Room, under the Carnegie Library, at 7:00. Reorganization of the company will be effected, and election of officers for the coming year.

The college has issued notices to all its departments to conserve water. This becomes necessary owing to the scarcity of water as the reservoir is very low. The cooperation of every one will be appreciated.

Professor C. W. Brees, whose office is 202 Engineering C, will take charge of all orders for work done in all departments of the engineering shop.

STUDENT CAMPAIGN WAS LAUNCHED LAST NIGHT

The sanction of the present student body, and that they are heart and soul behind the movement to make Penn State, not only the State University, but one of the leading educational institutions in the East.

In addition to the effect that a successful drive among the student body will have upon the public of Pennsylvania, the Campaign Chairman spoke of the influence that it will have upon the State Legislature. Mr. Lane and Mr. Dunne said that a large part of the Campaign would be to convey such information about the college and its public service that the pressure of public opinion would be brought to bear on the legislature in such a manner that large appropriations and more favorable legislation will result.

Plan of Campaign Explained The plan of the campaign, as decided upon by the Student Council and sanctioned by President Thomas, is to remodel Old Main completely and convert it into a Union that will be comparable with any other school.

From what I can hear, here and there, the efforts which you and your colleagues are putting forth for official recognition as a University is being listened to by those in authority. I have enjoyed reading several articles on the subject in recent months. The near future should bring about the condition which you so much desire.

Each student now in college will be asked to pledge himself to give one hundred dollars towards this fund, the subscriptions to be payable three years after he graduates. By this plan, the senior notes will be payable in four years, those of the juniors in five years, and those of the sophomores and freshmen in six and seven years respectively.

The first year two-year men will be classed with the present Junior class and the second year two-year men classed with the seniors. In accordance with the plan as it now stands, the notes will be payable in installments, the first of which will be in December, 1923. Thus the senior payments will be twenty-five dollars for the first year, those of the juniors twenty dollars, and those of the sophomores and freshmen sixteen dollars and fourteen dollars respectively.

In the backfield, "Mike" Palm stood in the quarterback's position, Wilson and "Ray" Carson at halfback and Slinger, "Lillick," Each of the four backfield men showed their ability at carrying the ball thru the enemies' line. Wilson and Carson and Slinger, who were

practically unknown to the gridiron until Saturday, continually drove themselves through with the ball for gains from six to twenty yards. "Mike" Palm at quarterback in many instances recalled the feats of Killinger whose place he is filling. Cool and steady at all times, he used good judgment in every play. In addition to this Palm is fast and unless injured in the future, will be one of the most valuable men on the team.

He is well pleased with the half-backs, however.

Northern Trip Cancelled Because satisfactory arrangements could not be effected with Harvard, the northern trip has been cancelled, but Manager Miller is endeavoring to arrange good home games for October twenty-first and twenty-eighth, with other colleges. The results of these negotiations will be made known as soon as they are announced.

In order to facilitate efficient practice, the Armory field will be put in good trim for soccerists. The grass will be cut, and the ground rolled and marked this week.

when the fact is considered that the squad has been engaged in other pursuits during the summer and has got out of training. Altogether Coach Keeney is well pleased with the development the men have shown, but he will from now on keep the squad at steady, progressive practice, which will include not only instructions in the details of the game, but also training in sprinting and trotting, in order to develop much-needed staying power, which is as essential as a thorough knowledge of the game.
