STATE COLLEGE, PA., FRIDAY, OCTOBER 13, 1922

PRICE FIVE CENTS

SUBSCRIPTIONS TO CAMPAIGN COME IN FROM MANY PARTS

Complete Report on Campaign
Will Be Made by Chair-
men Alumni Day

PLEDGES COME FROM
CUBA AND HONOLULU

U. S. Army Lieutenant in Ger-
many Sends 750,000 Marks—
Equivalent to \$300

A gift equivalent to 750,000 marks sent to the Penn State campaign fund from a member of the American Army of Occupation in Germany was received at the College yesterday. The contribution, one for \$300, was made by Lieutenant J. M. Harmon, '13. Lieutenant Harmon, a resident of Hazelton, Pa., is with the 16th Engineers in Coblenz. His contribution was the first to come to the \$2,000,000 fund from Europe, it was said, though subscriptions have been made by alumni and friends in a number of other parts of the world.

A contribution of \$1000 has come from Cuba, and others have come from Cuba and Honolulu. Though but few of the states outside Pennsylvania have yet made reports of their work, announcement of a number of subscriptions from outside districts has been made from Campaign Headquarters.

One or more contributions each for \$1000 has been received from Maine, Maryland, Michigan, New York, Wisconsin, and Connecticut. Among the other states that are represented now by contributions are Massachusetts, New Jersey, Oklahoma, Ohio, Tennessee, Virginia, District of Columbia, West Virginia, Arkansas, Colorado, Delaware, Florida, New Hampshire, Indiana, Kansas, Kentucky and Vermont.

The latest official total announced for the campaign is \$478,672, which means that the mercury in the thermometer on Old Main is still hovering just under the \$500,000 mark. At the end of this week or the beginning of next week, it is expected that a new total will be available. County chairmen throughout the state and country will be asked to send in reports on Saturday of their first two weeks' work. The most complete report on the work of the campaign, however, according to an announcement made yesterday at Campaign Headquarters, will be made by chairmen at Alumni Home-Coming Day, October twenty-first, when accurate returns will be announced.

PENN STATE MITMEN TO MEET NAVY HERE

Nittany Team Negotiating With
Yale, Penn, Toronto, Virginia,
Springfield and M. I. T.

Intercollegiate boxing at Penn State faces several serious handicaps this season in the loss of "Dick" Harlow, last year's coach, and in the difficulty experienced thus far in arranging a schedule. Meets have been secured, however, with the Army and Navy, and negotiations are being conducted with a number of colleges to complete the schedule. A new coach can be secured and with the wealth of material in both the upper and lower classes there is every prospect for the development of a strong team.

Penn State, the University of Pennsylvania and the Naval Academy have been the leading colleges in the east to consistently favor and advocate boxing as an intercollegiate sport. The rest of the colleges of the east have been reluctant to enter into boxing except as an intermural sport. The Intercollegiate Boxing Association has been urging its members, Penn State, Pennsylvania, Navy, and M. I. T. to arrange matches with each other and support the Intercollegiate this year. It is also probable that Lafayette, Villa Nova and Virginia will soon join the association.

Navy to Come to Penn State

Special permission has been secured from the naval authorities for the Navy to compete in a boxing meet away from home, and on February seventeenth, Navy will meet Penn State at State College in its first outside meet. Two weeks later the Army will be met at West Point. The intercollegiate will be held at the end of the season, March sixteenth and seventeenth. Penn State still has three dates open and these will be filled with home meets if possible. Negotiations are being conducted with Yale, Pennsylvania, Toronto, Springfield College, Lafayette, Massachusetts Institutes of Technology and Virginia.

No Coach Yet
A coach has not been secured to take the place of "Dick" Harlow, although the necessary funds have been appropriated for such a coach. If a schedule has been completed that will warrant the hiring of a professional coach, Bezdek intends to secure someone well-versed in his eastern trips with the football team.

OLD CLOTHES FOR NEAR EAST RELIEF

All students who desire to contribute old clothes to the Near East Relief can do so by notifying M. Juranus at the Philadelphia Restaurant, telephone 7-W, or call at 213 Allen street. Mr. Juranus will collect the clothes upon notification. Donors should place their names on the bundles, so that they can be published in the New York and State College newspapers.

ALUMNI RETURNING NEXT SATURDAY

County Campaign Chairmen Will
Convene on Alumni Day
For Full Report

LIVELY PROGRAM FOR
WEEK-END PLANNED

The old "grad" will return to the Penn State campus on October twenty-first in full force. The occasion will be the annual Home-Coming celebration, inaugurated three years ago, and now one of the featured days of the football season at Penn State.

Hundreds of alumni are expected back for the celebration a week from tomorrow. Starting with a football mass meeting on Friday night and closing with a rousing get-together and smoker on Saturday night, the intervening twenty-four hours will be filled with all kinds and varieties of excitement and entertainment for the visiting "grads" who will be the guests of the students at this time.

The intention this year is to convert Alumni Day, to a certain extent, into a convention of county chairmen of the Emergency Building Fund Campaign. Reports will have been received by that time on Campaign results in every county in Pennsylvania and all of the organized districts outside of the State. This will be the first definite report on the progress of the Campaign.

The program as arranged will be of keen interest to every Penn State graduate and it is expected that Alumni Day this year will be even a greater success than it has been in the past. The celebration will commence Friday night with a rousing football mass meeting in the Auditorium when the visiting alumni will have the opportunity of listening to talks by "Prexy" Thomas, "Bez", and the members of the football team on the Campaign, football, and other subjects. They will have the opportunity of singing the old Penn State songs, and giving the old Penn State cheers, and of feeling the thrill of the old Penn State spirit again. On Saturday morning a meeting of all alumni will be held in the Auditorium where President Thomas will report on the Campaign situation and speeches will be made by various chairmen and others. At twelve-thirty luncheon will be served for Campaign chairmen. At this time suggestions will be made for pushing the Campaign where necessary. At two-thirty comes the main attraction of the day when Middlebury College of Vermont, the Alma Mater of President Thomas, contends for supremacy with Penn State on the New Beaver gridiron.

The concluding celebration of the week-end will be a smoker in the Armory Saturday evening at eight thirty. This will be a big get-together and as much of a celebration as results of the Campaign at that time permit.

THESPIANS MAY HAVE WOMENS' AUXILIARY

Former Members of the Organi-
zation Expected to Attend
Alumni Day Banquet

Keeping up to the minute in the observance of Alumni Day the Thespians are planning a banquet for the evening of October twenty-first at the University Club. It is expected that this will be a big occasion and that many of the old Thespians will be back to make the affair a success. After the banquet there is to be a smoker also at the University Club.

This year is the twenty-sixth year of the existence of the Thespian Club. There is a new suggestion under discussion in the club at the present time concerning the installation of a Women's Auxiliary to the club. This suggestion is a complete overthrow of all the precedents of over a quarter of a century, but will undoubtedly be of great benefit to the organization. While in the production of dramatizations, the addition of women to the association will undoubtedly play a big part in the realization of the Thespians' plans for the year.

MANY TECH ROOTERS COMING TO PENN STATE

Carnegie Tech is preparing to send a big delegation to Penn State for the football game. Special arrangements are already being made so as to make it possible for almost the entire student body to make the trip.

LEHIGH BOOTERS FIRST OPPONENTS FOR PENN STATE

Brown and White Soccer Team Has
Been Defeated by Powerful U.
of Toronto Aggregation

GAME WILL BE PLAYED
ON NEW BEAVER FIELD

Nittany Men Improve Since Last
Scrimmage, But Forward Line
Still Needs Strengthening

The Penn State soccer team enters upon one of the highest schedules of its history, when Lehigh comes here tomorrow afternoon for the initial game of the season. The Nittany Lion has a reputation to maintain this year—that established by weathering three consecutive seasons without a defeat, and Coach Keenleyside and the varsity squad have put forth their best efforts with the Brown and White. The game will begin at one o'clock, and will be played on the football practice field.

Lehigh an Unknown Quantity
It is hard to predict the strength of the Lehigh soccer aggregation. Although the team has lost seven players by graduation, and notwithstanding the fact that Toronto University defeated Lehigh 3-1, it is certain that the Blue and White team will have to put forth its greatest efforts. Toronto is an exceedingly strong team, having defeated the Crescent A. C. 7-0 and Princeton 4-1 on a recent tour. Princeton was Eastern Intercollegiate Soccer Champion last year, while the Crescent A. C. has always put out formidable soccer teams. To replace the losses sustained by graduation, Coach Carpenter is reported to have a group of very able first-year soccer players from which to draw in forming his team. The Lehigh line-up for the game is as follows: G.—Brewer; L. F.—Steman; R.F.—Grace; L. H.—Valegar; C. H. H.—Michellina; R. H. H.—Coleman; O. R.—Walters; O. L.—Franko; I. L.—Mercur, B. (Capt); C.—Fernandez. Substitutes—Cottman and Hubbard.

Penn State's team has improved to an extent since last week, but the forward line is still weak. Warner has been returned to his former position as center half, and with Binns and Hurrell, aids greatly in making a strong half-back line. A new system of corner
(Continued on last page)

TRUSTEES TAKE ACTION ON PENNSYLVANIA DAY

Decide That November Eleventh
Shall Not Be An Official
College Event

At a recent meeting of the Board of Trustees, the subject of the observance of Pennsylvania Day was acted upon. It was the opinion of the Executive Committee that Pennsylvania Day should be confined entirely to campus and student activities and should not be taken as an occasion for entertaining the public in general.

The action taken, which is to go into effect immediately, is as follows: "That Pennsylvania Day be not observed as an official college event for the entertainment of the general public, and that for the present it be observed as a student social and athletic occasion; "That hereafter the college set aside no particular day for visits of inspection and entertainment of the general public, but instead that occasions be arranged for visits of inspection and conference on special group interests of the college." This action by the Executive Committee is not intended to limit the activities of the student body in any manner. House-parties and other social functions will continue as in the past. It is intended that these changes in Pennsylvania Day will do away with such gatherings as the Board of Trustees, visits by state officials, groups on inspection tours of the college and similar meetings.

Exchange A. A. Tickets Monday

Tickets for the Penn State-Middlebury football game to be played Saturday, October twenty-first, will be exchanged for student tickets Monday at the following places next Monday night from 7:00 to 9:00 p. m. Seniors—Treas. Office (South Window) Juniors—Treas. Office (North Window) Sophomores—Room 214 Old Main Freshmen, Specials, and Two Year Aged—Athletic Office

All faculty tickets will be distributed through the offices of the Deans of the various schools. Holders of season tickets may secure reserved seats at any of the above places. Note.—One man may present the coupons for his entire fraternity allotment and may purchase as many tickets in addition as he desires.

Here Saturday Nite

MISS ANNA CASE

One of America's most distinguished sopranos, appears in the Auditorium Saturday night, when she will sing as the first number of the "V" Entertainment Course. Miss Case has appeared before audiences in the largest cities of the world and has everywhere been applauded as "a rarely beautiful woman with a really beautiful voice". Successful as she has been in opera her some recitals are unsurpassed.

Miss Case is connected with the Metropolitan Opera Company at the present time.

ANNA CASE WILL OPEN "Y" MUSICAL COURSE TONIGHT

Well-Known Metropolitan Opera
Star to Give Concert
in Auditorium

FIRST OF SERIES OF
EIGHT ENTERTAINERS

Wide Variety of Songs Listed in
Program Which Starts at
Eight O'clock

Anna Case, the celebrated American concert soprano, will open the 1922-23 combined Y. M. C. A. and Department of Music Entertainment Course tomorrow evening at eight o'clock in the Auditorium with one of her justly famous song recitals. Miss Case has acquired considerable reputation as a concert singer and Metropolitan star in the last few years and the "Y" was very fortunate to secure her for the opening number of its entertainment course.

Facing the stern tradition that foreign training was an essential part of every singer's education, Miss Case has triumphed over all obstacles and has succeeded in becoming one of the foremost singers of her time. It is to Miss Case that the distinction of being the first of American trained singers to win recognition, and it is to her that the credit goes of showing the way for other Americans to follow to artistic success.

A rarely beautiful woman with a really beautiful voice, Miss Case has become a much sought for artist throughout the country. Her grace, charm, and personality enhance the luscious tones of her clear soprano voice, and the effect of its clarity and tones is irresistible to her hearer. Not only in sustained passages of the lyric's emotion and pathos, but in the florid brilliancy of the coloratura's runs and passages is her art perfect. Her technique is adequate to the sternest demands, but never once does she lose that human quality that so appeals.

Miss Case's rise in a few years from obscurity to her present position of pre-eminence in the concert world will always be one of the fine and beautiful things in our musical history.

In addition to an exquisite voice and finished art, Miss Case's remarkable

FROSH FOOTBALL TEAM MEETS KISKI TOMORROW

Injuries Weaken Nittany Backfield
and Cause Change in Line-Up—
Work of Squad Unsatisfactory

Kiski, the second opponent on the Blue and White freshman gridiron schedule will be met tomorrow afternoon on the enemy's field at Saltsburg. This will be the first game on foreign territory for the yearling eleven and with such opposition as the Kiski aggregation will put forth, they will have a hard fight to come through with a victory.

Since the showing made by the freshmen last Saturday against Bellefonte, Coach Hermann has been greatly dissatisfied with the work of his under-studies. Many of the men whom he expected to be the mainstay of the yearlings were weak in the line and in the backfield. The playing of the frosh team during the greater part of the game was very rugged and lacking in team work. The greatest weakness of the yearlings was the defensive playing. The left end of the line seemed to be the weak link of the team and Coach Hermann has made several changes to offset this weakness.

Faulkner will replace Hissom at right end, Onyx will take Fehow's position at right tackle while April will be replaced by House.

In the backfield, the serious problem of injuries has arisen which make the prospects of the yearling team seem very poor for tomorrow. Heilig, having received a bad shoulder in scrimmage will be replaced by Light at right half-back. Light has been improving steadily and should prove a valuable man. Buckley, the best ground gainer in last Saturday's game also has an injured shoulder which will probably keep him out of the game until the Dartmouth clash. Servick, another backfield man is also out with a wrenched knee.

Since last Saturday, the freshmen have been having real experience in scrimmage against the varsity and scrub teams. The muddy field during the past few days has also given the first year men the chance to improve their game under adverse conditions.

Kiski Strong

Kiski preparatory academy has been known during the past few years as producing one of the strongest prep school eleven in the east. Five veterans from last season form a nucleus for this year's squad, two on the line and three in the backfield. The veteran line men are Vassia and Magee while Anson, Wild and Hohenstein are the veteran backfielders. The fact that Kiski will have an exceptionally strong backfield this season and that the Blue and White yearlings are weak on the defense, does not cast any favorable light on the prospects for the freshmen tomorrow.

STAFF PLANS CHANGES IN JUNIOR PUBLICATION

Six Photographs Will Be Put on
Each Page—Snapshot
Section Planned

Since the opening of college in September, the 1924 La Vie, under the direction of Editor-in-Chief, D. V. Dunbar and Business Manager H. G. Hoehner, has been progressing rapidly. Several changes are to be made in the Penn State annual this year, present "La Vie" being to make it somewhat more colorful and greater in volume.

The Junior Class section will contain six photographs to a page and will be given up entirely new section made up of snapshots of the Juniors. Each member of the class will be asked to contribute a snapshot of himself or a group of Juniors at the time he hands in his activities card which will be given out at the first class meeting. These snapshots will be printed on gloss paper. The subjects should be of general campus interest or of a humorous nature. The campus section will include all new photographs which will be taken by Gilbert and Bacon, the La Vie photographers.

The following is a list of the members of the staff, with the exception of two more who will be chosen in the near future:

Class Editors: N. S. Hibshman, W. W. Walp.
Fraternity Editors: J. D. McCord, R. E. Longenecker.
Athletes and Publications: E. E. Helm, W. R. Corswitt.
Music, Dramatics and Debating: W. H. Reinsmith.
Administration and Schools: H. C. Bash.
Art Editor: H. Shacklette.
Assistant Art Editor: E. B. Sterrett.

SENIOR DANCE WILL BE HELD DECEMBER EIGHTH

The annual senior dance will be held in the Armory on December eighth, according to the present plans of the committee in charge of the affair. The committee, which is composed of George Rose, W. W. Sieg, D. M. Huber, C. W. Niles, and Jimmy Knox, have opened negotiations with several well-known orchestras including the Nelson Maples, the Virginians, and the Scranton Sirens, so that the best music obtainable is insured. The admission has been set at one dollar and a half per couple.

FROSH CALLED OUT FOR COLLEGIAN

Members of the Freshman class who desire to try out for positions on the editorial staff of the Penn State Collegian and who have not yet reported should do so before the end of the week. There will be a meeting of these candidates Friday night in Room 14, Liberal Arts Building at 6:45 p. m.

\$250,000 RAISED IN STUDENT DRIVE

Frosh Complete Fund for Health
and Welfare Buildings at
Meeting Last Night

SENIOR PLEDGES TOP
CLASS THERMOMETERS

With but one day left in which to finish up the work of raising the Student Campaign Fund to remodel Old Main into the proposed Penn State Union, the committee in charge of the drive is making a final effort to bring the fund as near the goal as is possible. The campaign was given an added impetus yesterday when a number of outstanding pledges were turned into the Campaign headquarters, and with the stimulus which the fund received last night at the freshman class meeting, the prospects of putting the total well over the \$250,000 dollar mark are very bright.

The senior class had regained the coveted top mark on the class thermometers yesterday when they forged ahead of the Juniors by nine per cent. This brings the seniors' participation up to the ninety-two per cent mark and gives them a total pledge of \$46,420. The Juniors have also raised their percentage in the last few days and were giving the graduating class a hard run for the top place yesterday afternoon. When the percentages were calculated at noon yesterday, the Juniors showed a total participation of eight-thirty per cent and a total pledge of \$47,250.

The sophomores ranked third in the race when the returns were calculated at headquarters yesterday noon with a participation of seventy-nine per cent and a total of \$55,250 pledged towards the goal. The two-year olds came fourth with seventy-seven per cent and a total of \$6,700.

Although the freshmen were still bringing up the end of the list yesterday afternoon with seventy-one per cent, their average was raised considerably at the class meeting in the Stock Pavilion last night. Members of the Campaign committee were present at the meeting and, after putting the facts of the campaign before the first year men succeeded in raising more enthusiasm and pledges for the drive than the frosh have shown at any time thus far. Just how much was pledged by the freshmen at their first class meeting is still unknown.
(Continued on last page)

PENN STATE PLAYERS ENGAGE MONA MORGAN

Noted Actress of Shakespearian
Roles Comes to Penn State
for Second Appearance

A reproduction of Shakespearian roles will be given by Mona Morgan under the auspices of The Penn State Players on the nineteenth of October, in the Auditorium. In lieu of the fact that her engagements are extensive and selected, the Players have been exceptionally fortunate in securing Mona Morgan for a second performance.

Two years ago Mona Morgan was employed as leading lady in a whirlwind series of Shakespearian productions under the guidance of Walter Hampden. Today she is endeavoring to present to the students of colleges and universities the finer details of those great masterpieces of English literature.

She is a woman of unusual ability, very able to portray with a sincerity of purpose the roles which she has acted so notably well upon the foremost stages of the country. Her success comes only after trying effort and through the unprejudiced judgment of critics; who have deemed her one of the best of present-day interpreters of the Shakespearian drama.

DR. BARBOUR TO PREACH NEXT CHAPEL SERMON

Dr. Clarence E. Barbour, of Rochester, N. Y. will conduct the services at the Sunday chapel this week. Mr. Barbour is a graduate of the Rochester Theological Seminary, and has many degrees from this and other schools. He is also a member of the Phi Beta Kappa Fraternity.

Since his graduation Mr. Barbour has edited and written many hymns and books dealing with religious life, a few of which are well known. This will be the second time that he will have spoken at Penn State and a very helpful sermon is expected.

LEBANON VALLEY MEETS BEZDEK'S LIONS TOMORROW

Veteran Anville Aggregation
Primed for Annual Clash
on New Beaver

NITTANY LINE-UP WILL
BE SAME AS LAST WEEK

Big Improvement Shown in Work
of Varsity Line—Hufford
May Get in Game

With the first three games of the 1922 football season marked down as history, Coach Hugo Bezdek and his Nittany Lions will take on the Lebanon Valley outfit which comes to New Beaver Field tomorrow afternoon with the strongest line-up at its command.

The games thus far have brought the Penn State team along gradually, causing the grid men to play a little better brand of football in each to come out on top. The Anville aggregation should give Bezdek's proteges enough opposition in the clash tomorrow to put them on edge for the alumni homecoming battle with Middlebury college on October twenty-first.

A big improvement has been noted in the work of the varsity line this week. The same might also be said of the backfield. Ever since the opening of the season the linemen have been putting up an air-tight defense, and now they are showing signs of speed work, all of which speaks well for the
(Continued on last page)

A. S. M. E. PRESIDENT WILL SPEAK AT LEWISTOWN

D. S. Kimball To Head Program of
Industrial and Mechanical
Engineers Monday

Dexter S. Kimball, national President of the American Society of Mechanical Engineers, is to head a program to be presented to the Junior and Senior Industrial and Mechanical Engineers at the meeting of the Central Pennsylvania Section of this organization in Lewistown on October sixteenth. Supporting Mr. Kimball on the program are G. H. Lewis, superintendent of the Standard Steel Works Company and William Elmer, chief official of the Pennsylvania Railroad at Altoona.

Kimball Well Known
Mr. Kimball is a mechanical engineer of national reputation and, at the present time, is Dean of the combined engineering and Shiley Schools at Cornell University. For many years, he has been a consulting engineer in mechanical fields. He is the author of many textbooks, some of which are considered standard in their respective branches of engineering work.

Dean Kimball is taking an active part in the Management Week program of the A. S. M. E. and as such is scheduled to speak in a different city each night of next week. Immediately after the Lewistown meeting, he leaves for the west, speaking at Louisville, Kentucky on Tuesday. The subject of the Dean on Monday will be "The Engineer in Management", a subject which he has studied extensively.

An Interesting Program
"The Human Element in Management" will be the subject of the talk by Mr. Lewis, who has worked himself up through the Ordnance Department to the position of highest executive of the plant. He is a believer in the old time methods of management and promises to give some interesting ideas on the subject.

A discussion of the two addresses will follow, started by Mr. Elmer. The Pennsylvania Railroad official has come into contact with many engineering problems as part of his work, especially in regard to managerial functions and is capable of inaugurating such a discussion.

Engineers to Inspect Plants
The Junior and Senior engineers of the Mechanical and Industrial Engineering Departments will leave State College
(Continued on last page)

EXPERT ADDED TO STAFF OF EXTENSION WORKERS

The rapidly increasing demand for assistance from the industries organizing educational activities has made it necessary for the College to add another trained expert to its extension staff. It was fortunate in being able to employ Professor R. H. Spahr who was previously connected with the College in 1914 as one of its early extension workers.

During recent years Professor Spahr has had valuable experience in the department as well as the capacity of Director of Training at the Winchester Arms Company at New Haven. He has also been connected with a number of educational institutions and during the War served in special work at Washington.

His duties with the Engineering Extension Department will take him quite generally over the State, particularly in the eastern and central portions.
