PENN STATE FRESHMAN WINS SCHOLASTIC REWARD POULTRY SHOW TO BE: HELD-AT PENN STATE

ver Cup Will Be 'Awardéd' To County Scoring the Highest Number of Points

The Stock Judging Pavilion will re-mid-with the'cacking of hens and p-crewing of roosters from October heenth to twentleth inclustre/when -first: annual -standard-production altry show will be held there, under a suspices of the students' poultry octation and the Penn State Poul-department. This will be the sec-1 standard production show ever d in the United States/Cornell being i natigator of the 'dea and holding i fast ghost part. first show last ye

the first show last year. Poultrymen from all corners of the state have signified-their inferition of entoring their prize fowls in this show, so that keen competition is assured There will be-two kinds of competition, the first being based on 'standard egg production, and the second on' standard meat production. This will be the first opportunity that the state poultrymen have ever had to 'place their birds in a state-wide entest based on high egg and meat'producton.

a state-wide entors based on high eff and meat/production. Prizes Are Offered A massive aliver loving cup has been purchased by the show management, and will 'be presented to the county scoring the highest number of points in the eshibit. Huntingdon County is making a strong bid for this cup, hav-ing promised to enter one's hundred and fifty bids Fifty per cent of the en-try fees will be given to the first place winner of each chas, thirty per cent will be given to the second place win-ner and the remaining twenty-per cent. will be handed over to the third prize bird or per.

ner and the remaining twenty-per-cent will be handed over to the third prize bird or-pen: In addition to the prize-imoney, rib-bons.will be awarded to the dive high birds in each class. A large number of special prizes will be offered for best displays, best females and largest number of entries. Special prizes of various natures, such as cups, poulty supplies and ribbons have been receiv-ed from different sources, and the value of these awards is mounting daily. Special Features Planned A public asle of twenty or more of the best occircies bred at the College Poultry plant is an added attraction, as all the birds come from very high producing stock and should make est-collent breeders. Many other special three days of the show. Lectures will be given by prominent poultrymen on various poultry topics Professor Ray E Jones, of the Con-

en by prominent poultrymen on a poultry topics essor Kay E Jonce, of the Con-it Agricultural College, has been dt ou at as judge, and he will i in public the reasons for the othen awards. This in itself one of the awards. This in itself one of the leading attractions, folssor Jones has had oxtensive inco-in such work and has made iable national reputation for him-
