WHAT OF THE FRESHMEN? About this time last year, as a part of the two million dollar campaign for health and welfare buildings, a student drive was launched with a goal of one hundred thousand dollars. But a short time remained before the opening of the state-wide drive, and it was a race against time to get one hundred dollars subscribed by each student before the date set for soliciting outside aid. Never before in the history of the Nittany institution had the loyalty and financial aid of each student been more urgently needed.
