

ILLUSTRATED TALK IS GIVEN BY S. Q. HAYES

Lecturer Tells of Present, Day Electrical Equipment and Possibilities in Japan

The lecture by Mr. Steven Q. Hayes, of the general engineering department of the Westinghouse Electric & Manufacturing Company...

Many of the pictures illustrated prominent features of the enormous hydro-electric development which has taken place in Japan in the last ten years...

Most of the hydro-electric equipment in Japan is of American manufacture, and the interior of the plants do not look very different from that of many American plants...

A great many of the pictures shown by Mr. Hayes were of general interest. They showed many of the points of interest in Japan, its cities, buildings, and gardens...

BREEDERS INSPECT CAR LOT OF BERKSHIRE HOGS

State College was the center of activities for a number of breeders last week when men gathered from all over the State to inspect the carload lot of Berkshire hogs...

Fourteen counties were represented in the delegation which met for an evening banquet and listened to talks by Mrs. E. R. Fritche, president of the State Association...

BERLIN STARTS BIG DRIVE FOR FOUR MILLION DOLLARS

Starting a drive similar to the one now in progress at Penn State for the purpose of obtaining adequate building funds Oberlin College has begun a nation-wide effort...

With aims along the same lines as those of Penn State, Oberlin College is endeavoring to raise the money to provide a modern recreation building, a college hospital, a woman's gymnasium...

PENN STATE RIFLE TEAM WILL BE SELECTED SOON

The personnel of Penn State's Rifle Team for the coming year has not yet been decided upon by Lieut. Gruber...

Near the middle of each year selections are made for the rifle team, and these selections are based upon ability shown during practice...

Monday from ten in the morning to five-thirty in the evening, Tuesday, Thursday and Saturday from eight to twelve, Wednesday and Friday from ten o'clock in the morning to three-thirty in the afternoon...

FUEL AND HEATING IS DISCUSSED BY A. A. S.

Penn State Prof. Give Talks on Many Phases of the Fuel Situation of Today

At a meeting of the American Association for the Advancement of Science held last Monday in 200 Old Mining Building the timely topic of "Fuel Utilization as Applied to House Heating" was discussed...

Dean Helbrook spoke on the "Introduction and Discussion of Combustion Principles", illustrating his talk with demonstrations of the effect of catalytic agents in combustion...

"Analysis of the Cost of a Ton of Coal" was the topic of Professor W. R. Chodsey, who showed the cost of a ton of coal, figuring the various items entering into it, such as labor, interest, transportation and profits...

Professor A. J. Wood gave a very interesting account of the recent mechanical and physiological researches on the effect of various temperatures and moisture percentages on people staying in a room with these factors varied...

DRIVE-IT-YOURSELF AUTO CO. 224 E. College Ave., State College, Pa.

INTEREST CONTINUES IN THE SPIAN-PLAY CONTEST

Mrs. Ethel Sparks Is Preparing Manuscript—Has Produced Several Pageants

The Thespian Club received word this week from Mrs. Ethel Sparks that she was preparing a script for its show contest. Everyone on the campus knows of Mrs. Sparks who before her marriage was Miss Ethel C. Sparks...

Mrs. Sparks also wrote and produced several pageants at the college which stand out as dramatic features of the last few years. The two most noteworthy of these productions were the "Golden Dragon" an oriental dance extravaganza...

AGRICULTURAL ENGINEERS WILL MEET IN CHICAGO

During the week-end of November fifth, an important meeting of the American Society of Agricultural Engineers will be held at Chicago, Illinois...

Professor A. J. Wood gave a very interesting account of the recent mechanical and physiological researches on the effect of various temperatures and moisture percentages on people staying in a room with these factors varied...

J. O. KELLER TO LECTURE ON AMERICAN INDUSTRY

"Early American Industry" is to be the subject of the engineering lecture which is to be given next Friday afternoon at four-thirty in the Old Chapel by Mr. J. O. Keller...

Mr. Keller is particularly well qualified to speak on this subject since he is the author of an extensive work on the "History of Industry" which was published serially in the Engineering Extension News of this school...

It is not generally known that manufacturing is an activity that is purely of American origin and development. The story of some of the early manufacturers, and the methods and tools which they used is a fascinating one...

PENN STATE TAKES PART IN PRISONERS' EDUCATION

Associate Professor C. G. Gaum of the department of Engineering Extension represented Penn State at a conference held Thursday, October twenty-fifth for the consideration of "Education Within Prison Walls"...

Mr. Gaum was designated by President Thomas to represent the college and he spoke on the work done at Rockview and the Eastern Penitentiary, suggesting that the state-supported colleges in the Pittsburgh and Philadelphia districts follow the lead of Penn State in contributing to the education of prisoners for useful industrial careers...

MR. TORRACA COMPLETES ITALIAN ART TRANSLATION

Mr. Pasquale M. Torraca, instructor in the Department of Architecture, has just completed a translation of an architectural monograph which treats of the basilica of Santa Maria Novella. The church which is the subject of the monograph is located in the city of Florence, Italy...

This church and monograph is of considerable interest to architects and students in fine arts the world over. It is one of the cherished monuments of Florence and one concerning which there has been considerable dispute among architects as to the exact date and era of its completion...

PREHISTORIC SKULL IS GIVEN TO UNIVERSITY OF CALIFORNIA

Through the kindness of the American Museum of the University of California's paleontology department was the receiver of a prehistoric skull about 300,000 years old, that represents an animal resembling a rhinoceros. The skull was unearthed by the museum's expedition on the plains of Mongolia, and is the skull of one of the largest land mammals ever developed. It is known as baluchitherium or the great beast of Baluchistan.

Put one over on your beard TOMORROW morning give your beard a surprise Show it who's boss With a Rubberset Brush and just 9 seconds' time you can slip so much lather in about the roots of each hair, that every single one will have to stand up and take its medicine. Only a wonderfully supple brush... having the full bristles with just the proper degree of stiffness to give the correct massaging effect... can possibly bring such speed—such cool, soothing comfort. Without such a brush the keenest razor soon dulls, pulls and scrapes. Gripped in rubber—guaranteed Notice that Rubberset bristles are gripped everlastingly in hard rubber. They can't come out, get in the lather—make trouble. Each Rubberset Brush is guaranteed—unconditionally. The bristles stay in. Save time. Give yourself this comfort. Get a Rubberset today from any shop on the campus Made by Rubberset Company, Newark, N. J., U. S. A. ALBRIGHT RUBBERSET the world's standard SHAVING BRUSH

The College Man's Shop Our line is complete and up-to-date on the FULL DRESS and TUXEDO-FURNISHING, for House party time. Our prices are right—at all times. Seeing is believing. :: COME IN AND SEE :: HARRY W. SAUERS Robison Building STATE COLLEGE, PA. Allen St.

Put This Cap On Your Head—and take your mind off your Cap! The "SURE-FIT" cap has an invisible buckle and strap that enables you to make it as tight or as loose as you wish. So, if you've been thumbing your nose at Andy Volestead the night before, set it loose on your brow before you stagger across the campus. If, on the other hand, you're off to a crew race—or a geology hike—or a ball game—pull it tight on your forehead, and laugh at the zephyrs. These caps are as good looking as you'll demand—and the adjustable feature doesn't make them more expensive. "SURE-FIT" CAP "Sure-Fit" Caps made by Fine & Levy, 702 Broadway, New York
