

RADIO PROGRAMS ARE COMMENDED

Service Rendered by WPAB Is Appreciated by Operators at Distant Points

NEW DISTANCE RECORD HAS BEEN ESTABLISHED

Good reports are streaming in to the desk of D. M. Cresswell of the Radio Department News Service, commencing Station WPAB on both the programs given and the broadcasting qualities of the set used. These reports have come from all parts of the nation and the comments have been very pleasing to the men in charge of the State College station.

One account came from Allen D. Bowen of Canon City, Colorado, which is situated at the foot of "The Rockies." This city is fifteen hundred miles away and establishes a new record for the most western point that has heard the Penn State station. The westerner mentioned hearing the program broadcast on the evening of January twenty-fifth, and especially praised the talk on "The Golden Rule."

Gordon H. Chapman, of New Orleans, Louisiana, also commented on the excellence of the programs, mentioning also the volume and modulation of Station WPAB when heard. This report likewise picked out parts of the evening's entertainment as being particularly pleasing. Hummel's piano selections were well liked, also Chantain Metzger's talk.

Interesting Report From Tennessee
One report came in the form of a letter and it was easily the most interesting that has so far reached the office of the Radio Department. It shows what a great pleasure the radio set of today is to those people who are removed from the wilds of the mountainous regions of the nation. This letter is printed below verbatim.

January 21, 1924
Operator R.N.,
Pennsylvania State College,
Dear Sir:

We heard the piano solos broadcast from your station WPAB tonight. You signed off at 8:03 our time—Central Time. You came in as well as KDKA, which is our premier station. I sometimes wonder whether you broadcasters appreciate the pleasure you provide for innumerable people. Not the people in our city, but the larger cities, who have many distractions for their leisure moments, but we folks back in the sticks, hillsides, if you please, whose enjoyments are rather limited.

In our case, for instance—we are located at the point where Tennessee, Georgia and North Carolina meet, four hours' train ride from the nearest city. I can assure you that you get real honest to goodness appreciation. The and Ma and seven chips of the old block all take an active part in listening in. You have our sincere thanks. If, at any time, any of you folks should happen in this section, why the interesting is out and there is always plenty of grub in the locker. In case you confound some picture of a mountain cabin as usually pictured, I would say we have a hot and cold bath, electric lights and a rug on the floor. Men, nappies are not exactly luxuries.

Thanking you for your entertainment, I am,
Very truly,
A. A. WEISS,
Copperhill, Tennessee

To Make Sending Test
Although tests so far have been very satisfactory, yet the officials connected with the staff feel that points as far west as San Francisco can be reached, if only the time conditions are better. To reach places on the Pacific coast at a more suitable time than when the present programs are given, the officials are planning the broadcasting of a midnight program, hoping that it will carry to the western stations.

For tonight, a short program has been arranged as follows:
8:00 p. m.—Violin selections by A. R. Fink, of York, Pennsylvania.
8:20 p. m.—College Instruction in

See the Children Safely to School in a

CHEVROLET
5-Pass. Sedan
\$795
L. O. Flint, Mich.

Decker Motor Co.

Radio: Talk by C. G. Gaum, in charge of home study radio courses at Penn State.
8:30 p. m.—Educational talk on music.
8:45 p. m.—Penn State news items.
Monday Program Planned
An extensive entertainment is scheduled for Monday night's broadcasting, which is listed below:
8:00 p. m.—Musical program by "Schlosser's Orchestra."
8:20 p. m.—A Farm Tack for Dr. J. W. Palmer, talk by L. W. Steelman, college poultry extension specialist.
8:40 p. m.—"The Farmers' Way Out," a talk by H. G. Nisnev, Agricultural Economics specialist.
8:45 p. m.—"Homemaking in Pennsylvania," a talk by Miss Madge T. Bogart, director of Home Economics Extension. This is the first of a series of bi-weekly home economics messages for women.
9:20 p. m.—Special musical program by orchestra.

Two Year AGS Plan For New Semester
Students Meet Once a Month for Purpose of Discussing Departmental Affairs

At the monthly social get-together and business meeting of the two-year students which was held in Room 206, Agricultural Building last Monday evening, complete plans were made for activities during the new semester. The students of the two-year school meet once a month at an informal gathering which is designed to bring them together to discuss the welfare of their department.

QUAKER OATS MAN WILL SPEAK TO POULTRY CLUB

Speaker Is An Expert on Feed Problems—Meeting To Be Held Next Friday

The members of the Poultry Club are making plans to attend the first meeting of the organization for the second semester next Friday evening when C. P. Clark of the Quaker Oats Company will speak on a subject of interest to all poultry men.

Mr. Clark has chosen as the subject of his talk, "The Economical Distribution of Feeds and Poultry Products." He is well versed in this subject as he is the Pittsburgh manager of the Quaker Oats Company and has had full charge of the distribution of feeds in his district, which includes all of the western part of Pennsylvania.

From his present position, Mr. Clark can see all the advantages of the distributing system. This fact makes him perhaps the best informed man in the state on the subject of feeds distribution. The Quaker Oats Company is always interested in this phase of the feed business, and at present is making an intensive study of all the conditions affecting it.

This meeting will be held in Room 100, Horticulture Building at seven-thirty o'clock, and all, whether they are active members of the Club or not, are urged to attend, as the meeting will be open to all.

DR. RUNKLE TO DELIVER TUESDAY L. A. LECTURE

As the third feature of the Liberal Arts lecture course, Dr. J. W. Runkle will speak in Oil Chapel next Tuesday evening at seven o'clock on "Views and Beliefs of Penn State." Dr. Runkle, who is chief librarian, has been connected with Penn State for several years and is well qualified to speak on the subject which he has chosen.

Never before in the history of the college have such large crowds turned out for these weekly lectures, due probably to the fact that the subjects of the various addresses appeal to the vast majority of students. The first lecture on the course, "Views," Thompson was well received as was Dr. Spaulding who gave the second lecture.

LA VIE BOARD PUSHES WORK ON JUNIOR BOOK

With half of the annual Junior publication in the hands of the printer, work on the 1923 La Vie is rapidly progressing. Proofs have been received for part of the book and it is hoped that the remainder of the copy will be ready by the middle of February.

PICTURES FROM SICILY SHOWN TO TOPIAN CLUB

Something different was offered to the members of the Topian Society when Professor W. D. Crockett, with the aid of his wife, gave an illustrated lecture last Wednesday evening in Room 100 Horticulture Building. The subject of this lecture was "Round About Sicily."

Professor Crockett recently returned from an extended trip through Europe. The lecture was of his own choosing and consisted in the detailed explanation of the scenes shown on the one hundred pictures that were flashed across the screen. These pictures showed interesting scenes which the Penn State professor came across while traveling through Sicily. They especially stressed the architecture of the country.

Sigma Itho took Delta Pi's measure, 3-2, in a fast and interesting game.

FRESHMAN CLASS WORKS AT FINAL ORGANIZATION

Working toward a definite organization, the members of the first year class held a meeting last Wednesday evening and selected in election committee consisting of W. L. Pittman, P. T. Avery, N. B. Smith, R. B. Dinsmore, R. Lukens, G. C. Hill and K. Johnson.

The purpose of the committee is to distribute, collect and count the ballots for the final choice of president. The meeting was called to order by C. H. Gough '25 and was turned over to Dick O'Connell who acted in the capacity of the fifth and last president. "Duff" Davis gave the last short talk on the split shown at the athletic contests. J. J. Dorman chairman of the Sophomore Hop put the program of attending the dance before the meeting. Customs will be all for freshmen entertaining male during the week-end of the Hop.
