### WPAB RADIO PROGRAM TO FEATURE ALUMNI TALKS

First of New "House and Grounds"  
Series of Talks Will Take  
Place Friday Night

Included in this week's broadcasting program from station WPAB are several new features, chief of which are the "House and Grounds" talks to be given by members of the Department of Architecture. Associate professor I. C. Disque will give the initial lecture of the series tonight and a talk will be given every Friday night during the next four weeks.

Another special feature tonight will be talks on the women of Pennsylvania by prominent alumnae of Penn State. Miss Elizabeth Lofgren, of the Department of Home Economics Extension, on Monday night will give a short talk on home reading and the home library.

The following program will be broadcast over the week-end:

Friday, February 22

8:00 p. m.—Program by student managers.

8:15 p. m.—"First talk of 'House and Grounds' series—Household Remedies for Spring," by I. C. Disque, of the Department of Architecture.

8:45 p. m.—"Pennsylvania and Its Women," a message from the alumnae of Penn State.

Monday, March 3

8:00 p. m.—Music by the Sigma Alpha Epsilon Trio composed of H. P. Taylor, 26, piano, C. H. Jackson, 25, banjo, and John M. Lee, 25, mandolin.

8:15 p. m.—Weekly Farm and Garden Program "Get Out the Tools," talk by Professor R. U. Robinson, head of the Department of Farm Machinery.

8:30 p. m.—Profitable Pounding talk by Paul Thayer, extension fruit specialist.

8:45 p. m.—A One-foot Lookout for the Home—talk by Miss Elizabeth Lofgren, of the Home Economics Extension Department.

9:00 p. m.—Special musical program by the Sigma Alpha Epsilon Trio.

### Notices

The sale of reserved seat tickets for the Architects' play, which is to be given in the Auditorium on March 23th will take place at Co-op on Monday, Tuesday and Wednesday evenings of next week.

### NITTANY MATMEN WILL MEET LEHIGH

(Continued from first page)

White captain

"Dave" has had considerable difficulty in selecting a team this week partly because of injuries to some of the men and partly because the other wrestlers did not show very good form during practice. Rumbough has been prevented from being used by a blow on his cheek and Davidson is laid up with an abrasion on the side of his head. Lathrop also received a few cuts on his head when he crashed into a bench during a practice match but his injuries are not serious enough to keep him from engaging in tomorrow's battle.

The men who will make the trip to Lehigh are: Cary who will wrestle 115 pounds, Hunter, 125, Nallo and Laska, 135, Dreck, 147, Parham, 155, Ellwood, 175, and Burden in the heavyweight section.

Judging from the four meets which Lehigh has held a strong well balanced team will be ready to oppose the Nittany matmen. Cary easily defeated the Lehigh men grasping with a score of 16 to 11 but Lehigh completely shut out Parham with a 29 to 0 count and beat Yale 17 to 8. Meeting Council last week the Brown and White team was nosed out by the close score of 11 to 9.

The men who will oppose the Blue and White team tomorrow will probably be as follows: Reynolds, 115, Washburn, 125, Warriner, captain, 135, Lockers, 145, Beck, 158, Bark, 175, and Leyba, heavyweight.

Meet Me at 10:00 P. M.

A Big Attraction—10:00 P. M.

### DEAN WARNOCK MAKES COMMENT ON RULING

(Continued from first page)

discussed it in Student Board meetings, although there I assumed that the problem was one primarily concerning the inter-fraternity councils I reasoned in two ways: that common sense demanded that the fraternity group give President Thomas a formal reply, and also that it would be good strategy for the students to settle the problem in a way that would best meet their wishes rather than wait for arbitrary action by the faculty. It cannot be said therefore that this present action is abrupt.

While it is true that the College officials cannot escape final responsibility for student welfare and conduct in all respects, it is absolutely true that for the past fifteen years or longer, a considerable part of this authority has been delegated to various student government bodies. The wisdom of this course has been generally proved in my last annual report to the President. I said: "It is not too much to say that the comparatively peaceful and law-abiding condition of the community is due in large measure to the influence of the student governing bodies. It is only when a student governing body falls down, as has happened in this case, that I think it expedient for a faculty committee to recall the delegated authority and act directly. Nothing would please me personally more than to find that student leaders are intelligently taking hold of this problem in an effort to solve it, in cooperation with the senate Committee, to the best interests of the College."

Students Petition  
Committees of four men each representing Student, Interfraternity and Interscholastic Councils met last week and discussed the recent ruling of the College Senate Committee on Student Welfare in regard to June house party. This combined committee agreed with the first ruling made which restricted the number of social functions of any fraternity whose scholastic average was more than three points under the general college average.

However, at a second meeting of this committee which was held Monday night, the sentiment expressed was not in favor of the second ruling which eliminated one day from the coming June house party. A petition was accordingly drawn up and endorsed by the three committees, asking that this regulation be rescinded.

This petition is now being presented to all fraternities and other organized groups on the campus for their signature and endorsement. Nearly a week will be required to obtain all the signatures of the various organizations, and when that is completed the petition will be presented to the Senate Committee on Student Welfare.

### NITTANY CHAPTER OF A. A. U. P. CHOOSIS OFFICERS FOR YEAR

(Continued from first page)

At a recent meeting of the Penn State Chapter of the American Association of University Professors, the following officers were elected for the coming year: President, Prof. C. A. Ewing, of the Geology Department; Vice-President, Miss Louise B. Moss, of the Home Economics Department; Secretary, Dr. H. W. Thurston, of the Biology Department; Treasurer, Dr. P. W. Moore, of the German Department.

The net material value of an average human being is ninety-eight cents according to analytical research made by Dr. C. A. Pyle, head of the Chemistry Department at the West Texas teachers' college. Dr. Pyle has found that the body of a man weighing 150 pounds, if divided into its component chemical elements, would be found to contain enough water to wash a pair of blankets, enough iron to make a fifteen penny nail, lime sufficient to whitewash a small chicken coop and enough sulphur to kill the fleas on a good-sized dog. All these elements, he estimates, could be purchased at a drug store for ninety-eight cents.

### COACH CARTMELL HAS TWO GOOD BETS IN TRACK

(Continued from first page)

Coach Cartmell has two good bets in track. Although both men have been running off form this week the Nittany trainer hopes to have them in good shape for the event tomorrow night.

Dreck stands a fine chance of winning the mile event if he shows up as well as he did at the Wilco A. C. games. He will have stiff opposition however, in Kibbs of Cornell and Waters of Harvard and must run in his best form to be the first to break the tape. Moore should also make a strong bid for honors in the seventy yard high hurdles if he runs true to form.

Having two dual meets away and out of home on the freshman track schedule the squad has been working hard for the past few months in preparation for the spring season. At present, in the track events, the outlook seems bright but good men are still lacking in the weights. A dual meet with the Pitt Fresh has been definitely arranged by the freshman track manager for May tenth at Pittsburgh and more one pending—one at home on May third, and the other on May seventeenth at Cornell. If the manager is successful in scheduling the last two meets, my freshman interested in track will find it worth his while to come out and try for the team.

### PENN STATE DE MOLAYS HOLD PLAY REHEARSALS

Organization Prepares "Honor Bright" Under Direction of J. Gordon Amend

Daily rehearsals for "Honor Bright," the play which will be produced by the De Molay organization of Bellefonte at the German Opera House on Monday evening, March seventeenth, are being held under the direction of J. Gordon Amend who has been secured to coach the production. The cast has been chosen from the Penn State student body with members of the De Molay being used wherever possible.

An exceptionally strong cast has been selected by the coach who promises a successful performance. In the leading role of Richard Harrington, J. N. Stewart '27 does good work as the wealthy, easy-going chap who keeps the lesson that a girl is not always the same under-as lights in a cafe as she is in his own drawing room. Stewart will be remembered for his recent appearances in "To The Ladies," in which he played the leading role, "The Tramping Place" and "The Secret of the Nile."

Playing opposite Stewart is Miss Dorothy Mueser '27 who has appeared in "The Importance of Being a Bourgeois" and "The Secret of the Nile." A Honor Bright Miss Mueser reaches a high level of acting and her interpretation of the title role is well carried.

Miss Copperman Features  
One of the real features of the production is the work of Miss Freda Copperman '27 in the role of Tot Muel, the chorus girl. Every line of Miss Copperman's dialogue is a sure hit and much credit is due this young actress for her excellent work. G. A. Kraber '26 plays a good character role in his portrayal of the elderly Reverend and William Carter while opposite him is Miss Constance Oton '21 who handles her share of the acting in splendid fashion.

As Mrs. Harrington, Lydia Gilbert '27 does a good piece of work while N. D. Zimmerman '27 and Miss Catherine Cannon '26 play character roles to perfection. H. W. Still '25 as Reverend Scholes, interprets the shy churchman with a keen insight while J. B. Katz '26 as Mr. Drum, beats in lustily in the climax.

With the recent announcement that "Honor Bright" would be presented in Bellefonte De Molay organizations from surrounding towns have sent in a request for the play and it is likely that it will also be given elsewhere. According to word from the Bellefonte management, the ticket sale for the show will not be held until next week.

### CAST TO BE SELECTED FOR THESPIAN COMEDY

(Continued from first page)

effectively and artistically staged. The Pines are the work of Robert E. Voocamp '25 while the music is the result of the efforts of D. A. Auchenbach '24, H. B. Scholtes '23 and Hummel Pflaum '22. The scenic plots have been designed by J. A. Patton '24 and D. J. Peterfield '24 while Miss Helen S. Ford of the Arts Department has created attractive costume effects.

Although a cast was chosen for the play by the directors of the Club it will be abandoned entirely and all candidates must report for try-outs again upon the arrival of Mr. Morrison last year, "His Little Widow" made a big hit with two Penn State audiences, one in April and one at Commencement time, but it is the plan of the Thespian management to make this year's all-student play surpass every production of former seasons.

### GOLF SCHEDULE WILL INCLUDE EASTERN TRIP

(Continued from first page)

The schedule will be arranged along the same lines as that of last year, and will consist of matches with several of the local country clubs including Tyrone, Williamsport, Johnstown and Lock Haven. It is also intended to schedule matches with the University of Pittsburgh and with Carnegie Tech.

Owing to the completion of the college course, all of the home matches may be played at the Centre Hills Country Club, but next year Penn State will host of an eighteen hole course. The intercollegiate matches to be held in the latter part of June, will take place either at Wyalusing County Club, N. Y., or Pine Valley County Club, N. J. The latter course is considered the most difficult one in the country.
