STADY progress is a responsibility in the business world—or, in fact, in any field of endeavor. It is not a matter of "if" you are fitted for it, but of "how" you are fitted for it. GRIDDERS SUSPEND WORK UNTIL FALL

Last Scrimmage of Spring Season Is Staged on New Beaver Wednesday Afternoon

GEORGE GREENE STARS IN TUESDAY WORK-OUT

Attended to New Beaver practice held by the Penn State more than one thousand students witnessed the final scrimmage of the spring football season on Wednesday afternoon. Yesterday the gridiron warriors sported their team uniforms and practically every member of the squad plus its support to Coach Larkin of the Penn State team for conducting practice.

A fifty minute scrimmage was held on Tuesday afternoon under a blazing sun and on a court of the illness of Coach Hugo Bozack the squad was under the charge of Dutch Hermann and Dick Schuster. The scheduled first team took the offense at the start of the practice and for fifty minutes continued to lay down the "scrubs" in six plays down the field.

The Line-Up
On Tuesday afternoon the first team lined up with Neal and McPike two centers and end, Clemons and Dick at guard, Youmans and Probst at tackles and Woodall at center. Gene Laker called signals with Cuno Green and Francis occupying the offensive backfield positions. The team lined up for Wednesday's scrimmage with the exception that "Pitt" played as quarterback and Donnan was found at his old position behind the line.

George Greene, starting backfield man on the freshman team last fall, turned in the first play of the afternoon on Tuesday when he broke through the second line for ninety-nine and sixty-two yards for touchdowns. On the first play, the back field broke through the line of scrimmage and kept pounding his way down the field with two and three men blocking to his knees. Finally, he hit the line, Green, stiffened his way down the remaining distance of the field and crossed the line chalk-mark for a touchdown. It was easily the best play of the day and served to make the coaches further convinced that Greene is a possible varsity candidate for next fall.

Old in Good Condition
After an examination in Philadelphia, Glo who was injured in scrimmaging a few days ago returned to Penn State this week with the report that his mishap resulted in only a slight sprain. Upon his return, Glo became a candidate for the varsity track team as he plans to keep in good condition for the coming fall campaign.

Another rookie, in the person of Cuno substitute on the varsity team last fall, flashed to the fore on Tuesday afternoon with several runs that bordered on the sensational. Hastings was placed on the first team this week and the varsity captain advised that he is ready to play.

NITTANY DEBATERS COMPLETE SEASON

Forensic Team Emerges Victorious in Seven Contests—Three End in No-decision

FIVE MEN TO RECEIVE MEDALLIONS THIS YEAR

With the recent trip made through the middle west the Penn State debating team has completed a successful season of the fourteen debates that engaged the attention of the varsity squad. The Nittany orators won seven and lost but four debates, while three were no-decision contests. The western trip was adjudged to be one of the most satisfactory tours ever made by a Blue and White team.

The eastern schedule was composed of nine debates, of which Penn State won six and lost three. The colleges met in these contests included Washington and Jefferson, Dickinson, College of the City of New York University, Clark University, George Washington University, and the Inter-mountain Union College of Helena, Montana, whose team was met in Bellefonte.

Western Trip

On the five-day tour of the middle west from April seventeenth to twenty-first the Nittany team engaged in five meets of which they won one, lost one, and received no decisions in the other three. The western colleges opposed were Ohio State University, University of Indiana, Iowa State University, Kansas Agricultural College and Northwestern University.

In speaking of the western trip Coach Gates said that the tour was undoubtedly one of the most satisfactory ever made by a Penn State debating team. Both on and off the stage the appearance and conduct of the team was excellent and the Nittany coach spoke strongly in praise of his men. Those who were in charge of the trip will be satisfied with the showing made and feel that the contests were of benefit to Penn State.

The men who debated at different times during the year include the following: J. T. Brown '26, E. H. Brown '26, L. K. Munn '25, W. H. Foss '25, W. P. Gifford '25, C. S. Grove '25, H. J. Haidley '25, and D. D. Hendrix '26. The last four men made the western trip, and were adjudged to be among the best of this year's squad.

The men who will receive medals for the past season are Pennin Everett, Grove Haidley and Scifoss. The medals will be presented at a get-together of the debaters to be held sometime in May. Already a number of requests for debates for next year have been received, but the Nittany coaches will not endeavor to make up a schedule until next fall.

1925 YEAR BOOKS ARE EXPECTED NEXT WEEK

Art Craft Guild Representative Commends Student Work on New Publication

Work on the 1925 La Vie was completed by the Gilt Publishing Company of Williamsport this week and the annuals were sent to Philadelphia for binding. According to an announcement made by H. A. Stoud '25, business manager this week, it is expected that the bound volumes will arrive in State College next Thursday to be placed on sale as soon as final arrangements are made.

The 1925 La Vie staff has worked hard to make this one of the best publications turned out by the students of Penn State in years. The proof of the final section was recently examined by a representative of the Art Craft Guild who has seen the leading college annuals throughout the East and Midwest and he remarked that the book was well planned and written, and that Penn State had completed more and gone farther in the work than any other institution which he had visited.

G. W. Haxley '25, art editor of the year's La Vie, has designed the cover and it is the first time in the history of the publication that a student has done this work. A special feature of this year's edition is the use of color plates for the sectional divisions. These drawings are the work of D. H. Postel '24, who was the art editor for the 1924 year book. He has also contributed some work of excellent quality in other parts of the annual.

The humorous section, coming from the pen of J. B. Rado '25, is in the form of a guide book to State College and it is developed in a rather satirical, though modest manner.

If you smoke a pipe (if you don't you ought to) it may be worth your while to read this

You know tobacco is a vegetable; it grows out of the ground, and when it's green, it is too harsh and strong to smoke. The very best way to remove that harshness and bitterness is by thorough ageing in wood. To age Velvet Tobacco in wood is expensive for us—yes, very expensive, and it takes time, but it gives you a milder, cooler smoke with a finer flavor.

It's 10 to 1 you'll like Velvet Tobacco—aged in wood.
