Notices

"Dorash and Permittie" the '13 movie will be shown in Old Chapel tomorrow night following the basketball game. Five and ten cents admission will be charged.

Motive Power Club meeting will be held tonight in Room 200 Engineering D at seven o'clock. Program to be presented by Junior members.

FRATERNITY MEMBERS DISCUSS SENATE RULING

(Continued from first page) even if the act is done with the sole intent of listening to the music. The fine of five dollars will be strictly enforced.

The I. P. C. is planning to hold a dance and banquet during the next semester and committees have been appointed to make all the arrangements for the affair. The banquet will be held late in the semester in order to include the new officers and representatives.

It was also suggested that one of the members be given a key in recognition of his work during the previous year. A committee was appointed to look into this matter.

PLAYERS REHEARSE FOR FEBRUARY PRODUCTIONS

(Continued from first page) is directed by D. D. Mason is a farce representing the attempts of the bustling small-town hero to obtain the hand of his putative daughter, and the limits to which he goes in his desire to show what a man of the world he is. The sketch comes to a climax in a scene in which the jealous movie director wishes to "beat up" the hero. The director's his disarrayed because of size and weight and requests that the fight be in the dark, as planned in the director's late scenario. The events of the fight though unseen by the audience, and the end of it, make one of the funniest scenes ever staged. One of the critics, after his presentation in New York, stated that the resulting laugh could be heard in Texas.

MUHLENBERG OPPOSES NITTANY GRAPPLERS

(Continued from first page) the 175 pound berth, has been showing improvement in recent work-outs and has displayed some increase in speed. The veteran does not seem to have reached his old time game however, and it will be of interest to note in tomorrow's meet the ability with which he is able to get out from the under position, should his opponent get the upper hand.

In the unlimited division, Prevost will uphold the Nittany boys. The big football man is comparatively new at the mat game but his work has been of a commendable nature, considering his limited experience.

Muhlenberg

But little is known concerning the strength of the mat team which will represent Muhlenberg here tomorrow. Although promoted to the stage of inter-college competition only in the last few years wrestling has been an inter-class sport at the Allentown college for some time and enjoys considerable popularity there. Their 1923 aggression is reputed to be especially strong in the heavy weight division.

While the Penn State matmen hope to stage a clean-cut victory the Nittany coaches have made no definite

statements concerning the outcome of the match. The condition of the Blue and White grapplers is good, and should some of the bouts go for the full fifteen minutes, there is little doubt of the lasting qualities of the Lion wrestlers.

Let Kodak keep the story

Bobbie built the snowman, but it was grandfather's experienced eye that determined just the right slant for the derby.

It's little, intimate, story-telling scenes like this that only your Kodak can catch.

We have yet to be confronted with a gift problem that this store couldn't solve. That's because, through years of experience, we know what people want. Let us help on your Christmas list.

Everybody Invited

WELL—

Is this a seminary?
Or just a boarding school?
Should we be spanked and put to bed,
Or are we fit to rule?

These are mighty questions,
To groups of threes and twos;
But here is one we want to ask—
Where do you buy your shoes?

NATURALLY—

We ask this question. And it is quite remarkable how the number grows that answers—here—to our roll call. And here are the reasons—

We give service.
We give a little more than you can buy elsewhere for the money.
We are not satisfied 'till you are.
