

DISCUSSION GROUPS BEGIN THIRD TOPIC

"The Relations Between Men and Women at Penn State" is New Question

FACULTY MEN SPEAK ON VITAL CAMPUS PROBLEM

Continuing the discussion group work after the interruption of examination week, the faculty and student leaders met at the University Club last night to consider the question "The Relations Between Men and Women at Penn State."

This question, judged by the leaders to be the most important, has been decided until the groups could become better organized and better acquainted with the subject. Dr. Patten says that general topics always have been and always will be open for discussion.

Dr. Fletcher, who conducted the discussion last night and Dr. Patten who is one of the instigators of the project, are of the opinion that while the conditions on Penn State campus are much better than some of the other colleges, there is still room for improvement.

Dr. Fletcher stated that the purpose of the discussion is to bring about a better understanding of the situation. He said that the purpose of the discussion is to bring about a better understanding of the situation.

(Continued from first page) post at forward and is now being filed as a guard. "Simmy" seems at home in his new position and works in good fashion with his running mate "Whitey" VanNola. Backus, the latest addition to the first team, has been plunging down all season and it shows. He works against the first stringers has been almost sensational. He has action in substitute roles in almost every scheduled game and has shown good form on all appearances. Green and "Cy" Langan are scripping for the tip-off berth.

Other Prospects

Several other men that have been out from the first of the season may break in to the lineup tomorrow night. Chief among those on this list is "Red" Durich, forward. The Monongahela youth has been showing improved form in his recent workouts. His speed and ability being especially changed. State on the reserve squad, is another one of those who will probably get a chance tomorrow night. As a shooting guard his work has been particularly marked.

The squad was strengthened this week by the addition of several freshmen entering Penn State the second semester. One of the prospects for the season has been used with the first string players in scrimmages and seems to work well with his new mates. While at Upper Darby last semester he was the nucleus of his team and achieved a reputation in prep school circles as a fleet and accurate shooting forward.

The Bucknell freshmen have played few games this year and little is known of their strength. It is pointed out that the Eastern team is called a freshman

Felix has decided to go to Europe FELIX, the well-known catwampus of the screen, wrote to us the other day and said he wanted to work his way to Europe. The star caterback of the Catov eleven crashed his "mid-terms" harder than he ever hit an opposing line line, and received a pink unconditional release, good until September, 1925. Felix explained in his letter that he was in the pink of condition and was willing to stoke, peel potatoes, or catch rats bare-handed. We wrote Felix that Cunard ships were all oil driven and needed no stokers, and as for rats on a Cunard ship, why they just didn't exist. We also asked Felix if he had heard of our new College Cabin service for Cunard Cats—Clean and Comfy. Evidently he hadn't, for he's just telegraphed us to "send him the dope." We wired back: FELIX, MU MU HOUSE 18 February, 1925 CATOWN NEWYORK RESERVING ENTIRE THIRD CLASS EIGHT SHIPS BEGINNING JUNE 17 STRICTLY FOR COLLEGE AND CONGENIAL CATS STOP ROUND TRIP PRICES 155 TO 175 DOLLARS ENGLISH AND FRENCH PORTS STOP CLEAN COMFY CABINS, TUMMY TEASING MENUS, DECK GAMES, SPORTS, CAT COLLEGE ORCHESTRA, SWIMMING POOLS, ABOVE ALL CUNARD SERVICE WE ARE HOLDING YOU AN OUTSIDE CABIN STOP Send for the Three Page Warming Sheet, written by Collegians who crossed this way to Cunard last season.
