man rushed Kell about the ring landing lefts and rights to the head while the Nittany boxer put up a game but losing fight.

Leons the Navy captain, showed a distinct advantage over Hastings in the 175 pound bout. Hastings opened with standing blows to the head, but Leons soon came into his own knocking the Lion fighter to the floor for the count of nine, with hard rights and lefts to the jaw. Hastings got up, and the Navy man proceeded to knock him through the ropes for a technical knockout.

In the unhandicapped division Lou Fritz used speed against the brown of Leitz, the big blond Navy heavyweight. Lou kept out of reach of the Middlemipin and made him miss continually throughout the encounter. In the final round Fritz became sick and a hard blow to the head sent him to the floor. Leons staggered to his feet only to again hit the canvas as the tilt ended. The judges decided in favor of Leitz.

SYRACUSE BASKETBALL FIVE FACES LION TEAM

(Continued from first page) three through the ring out of three trials for the visitors.

Second Half
The second half exhibited the same hard play that featured the first stanza. McVicker starting the scoring with a field tally from deep floor. Making up for his early hard luck, the first Nittany guard soon after dribbled the ball for the length of the floor in a zig-zag rush and dropped the only other tally through the hoop. The quarter-teamwork was somewhat shattered by the substitution of Savin for Captain Gerhardt in the latter part of the game.

Notre Dame, though running up thirteen points against Penn State nine in the half was unable to overcome the Lions fifteen-point lead a legacy from the first half. McNally was the victor's star performer, netting two field goals and two free tosses while Grove and Dierhart each accounted for a two-pointer apiece.

has been showing the best form. Stysinski, another sophomore, is also a likely candidate among the pitchers. The burden of the pitching, however, will probably fall on Hurelson, who has had more experience than the other three mound-men.

Kerstetter is the only catcher remaining from last year's nine, although Peterson and Longenberger are also doing good work. Hattis a sophomore is the only candidate for the infield who has been showing up well. Eisenhuth, a veteran of last year, will likely cover the keystone stick and Malis will fill one of the other infield positions. Promising material for the remaining four positions is being uncovered in Himes and Schwartz.

1926 YEAR BOOK BEGINS TO TAKE FINISHED FORM

(Continued from first page)

Work on the fraternity section has been finished for the social and all but a few of the honorary organizations. Henty asks all those who have not had their pictures taken and who wish to do so to report to him at once. The recording of the senior activities has been completed except for a few whose names and activities will be added soon.

McVicker is the only regular remaining in the outfield, though Pige will probably play the field when he is not pitching. Both are good hitters and should prove good fly-chasers. While the number of candidates that have reported so far is not large, it is expected that more men will report in the next week and that several good outfielders may be found in their ranks.

The freshman batteries also have been working out for some time and according to Coach Killinger the squad contains much promising material. All outfielders who desire to try for the catching or pitching berth, and who have not yet reported, are urged to do so immediately.

Getting the Razzberries—

In a newspaper of recent issue, a well known Cartoonist has as the object of his joke, The College Man and his low hanging Trousers.

As a whole his impression is wrong and the picture ridiculous. But—

There are always a few men in every class—not necessarily College Men—who are ready to accept the Ultra, in every fashion and fad.

It is unfair to picture Collegiate Dressers as Clowns. College Men are The Originators and The Authorities of present day fashions.

Every article of Merchandise in our store is Collegiate but not Clownish.

Fraternities—
The Fraternity sites are being taken up by Fraternities at a fairly rapid rate. Many have been surprised when they have been informed how a plot they have been taken up in the Hamilton and Henszey sections. As you know Locust Lane and Edinboro Avenues have been allotted by the owners as strictly Fraternity Sections. I am able to offer you two very choice locations in Edinboro Avenue. May I suggest that you act quickly.
