fraternity houses and clubs this week. According to a statement issued by members of the publication board after Monday night's meeting, the size of "The Old Main Bell" will depend on the quality as well as the quantity of material submitted.

Although all material is due Monday night, the editors have announced that manuscripts, now in preparation, may be turned in after the Easter vacation if the publication board is informed. Notification to this effect may be left with W. R. Morgan '25, at the Froth office and W. L. Pratt '25, at the COLLEGIAN office.

Leave for Convention

H. S. Morris '25, president of the Penn State chapter of Pi Delta Epsilon, and H. A. Strain '25, secretary, left for Syracuse, New York, yesterday morning to attend the national convention of the fraternity. Many matters which will assist the local chapter in the publication of "The Old Main Bell" are expected to be discussed. The convention will continue over today and tomorrow, and the delegates will return to State College Sunday afternoon.

THETA KAPPA PHI WINS FRATERNITY MIT TITLE

Pi Kappa Alpha Loses Final Clash by Count of 3 to 2—Lesko Scores Knockout

By the close margin of one point, Theta Kappa Phi defeated Pi Kappa Alpha in the finals of the inter-fraternity boxing tournament last week and secured the championship for the season of 1925. P. A. Kilpatrick '26, of Pi Kappa Alpha, broke his arm in a previous match and was forced to forfeit the twenty pound bout to P. R. Mahon '28.

In the thirty-two pound division J. J. Geary '27, of Kappa Alpha, swapped punches with J. J. McGinty '26. The latter put up a hard battle, getting in some telling punches, but Geary showed superior footwork and was awarded the judges' decision.

The Pi K. A.'s gained the forty-five pound bout when M. H. Jenkins '26 outpointed the Theta Kappa Phi representative, R. A. Harrington '28 and E. R. Eichelzer '25 did some clever boxing in the next match. Worn from the hard rights and lefts sent his way by the Theta Kappa Phi man, Eichelzer was forced to concede the bout.

With the score standing at two all, A. J. Lesko '28 stepped into the ring facing W. R. Boardley '26 in the deciding bout. Lesko started with the sound of the opening song to win the decision and in the second round he had the Pi Kappa Alpha man groggy. The referee stopped the bout, awarding a technical knockout to Lesko and the meet and championship to Theta Kappa Phi.

BULLETIN ON STORAGE CELLARS IS PREPARED

The Agricultural Experiment station of the School of Agriculture has just sent to the press a manuscript by L. M. Marble and R. D. Anthony on the "Construction and Management of the Bank Storage Cellar." It relates especially to the proper storage for apples, though part of the subject matter is also applicable to the storage of potatoes and peaches. The material is based very largely on investigations conducted at the Marble Laboratories at Canton, Pennsylvania.

Mr. Marble is cooperating with the college in the various storage problems, and it is believed that this bulletin, which will be ready for circulation in six weeks, will be of great value to farmers in Pennsylvania.

PENN STATE ATHLETES ARE TENDERED OVATION

(Continued from first page.)

gold watch in behalf of the student body.

"Prexy" Thomas, the "fair million-dollar champion" in the words of Al Helfrich, stressed the importance of athletics at Penn State, and congratulated the teams who represented the indoor sports. Several interesting statements concerning the new bond issue were given, and "Prexy" outlined in general the plan that would be followed in erecting the proposed campus buildings.

Typewriters and photographs repaired.

BATSMEN READY FOR CLASH WITH JUNIATA

(Continued from first page.)

has in its line-up five veterans from the team last year, and although the Juniata practice season has been comparatively short, due to the spring vacation which began a short time ago, the Blue and Gold batsmen may be expected to put up a stiff fight on their home field.

Coach Reno will place either Mansberger, Deid or Dick Snyder on the mound to test the batting eye of the Nittany squad. Snyder is a veteran who is credited with being tricky at handling the sphere. Peiffer, veteran catcher, will likely occupy the position behind the home plate, while Livingston, a new full, will enter the list at first.

The second corner will be covered by E. Snyder, while Weimer, another veteran, will play at third.

West and Fisher playing left and right field positions are both veterans and are expected to give the long distance counters some trouble. The center position will be covered by McLean, while Welby is stationed further front at shortstop.

Other Nittany players who will be seen on the trip are Gans and Cook, outfield men, Nequist and Longmeyer.

LEACOCK WILL LECTURE HERE TOMORROW NIGHT

(Continued from first page.)

Leacock under the direction of the Civil Relations trust will form the gist of his talk.

When the humorist wrote "My Discovery of England," he was dubbed the "first international josh." One critic said, "Dr. Leacock's main business in life is to make innocent fun at things and people. For ten years, both in his collegiate chair at McGill university and from the lecture platform,

he has been joshing Americans and his own Canadians. The Americans have laughed at the Canadians, the Canadians have chuckled at the Americans, and both have laughed at themselves and at Professor Leacock."

Varying Style

"Jocular tales and sketches by a new humorist, sometimes in the vein of Artemus Ward or Mark Twain and sometimes quite his own" was the characterization of his work when Stephen Leacock first began to write in a lighter strain. "Nonsense Novels" was highly commended as a burlesque on fiction then in vogue. Of all his books, five have found places on the shelves of the Penn State Carnegie library. They are "College Days," "Behind the Home Plate," "Lively Good," "A New Full," "The Old Man," "The Second Corner," "Nonsense Novels," "My Discovery of England."

NITTANY YEARLINGS ARE SENTENCED BY TRIBUNAL

(Continued from first page)

ner and carrying his hands in his pockets, W. C. Uhl appeared before the judges and attempted to acquit himself, but unsuccessfully. Uhl was known to have stated that he "didn't care what the Tribunal did to him so long as he didn't get a haircut." At the last meeting he was to have presented his case but failed to appear. His bearing in the court at first was a little arrogant, but this soon wore off. Uhl was sentenced to wear a sign with the words "I was leaving town." He must also secure a wooden cigar ten inches long with the tip painted red, and he must carry this between his teeth while around the town.

After successfully evading the summons to attend the Tribunal meeting for almost four months, A. W. Samuel, one of the juniors, presented himself before the judges, Samuel's customs increased at mid-semester, but he was

held for offenses committed last fall. The defendant was charged with not participating in Stunt Night, sitting in the sophomore stands and smoking in public. As a reminder that customs were made to be kept, Samuel will be subjected to freshman regulations from Easter until the end of the College year.

Refuses to Buy Stamps

"I thought he was kidding" is the sign that I. W. Hacker will wear for one week. Hacker failed to carry out a request to buy some stamps for an upperclassman. He admitted this and gave as his excuse that he thought the request was not made in earnest. R. M. Welsh, accused of not wearing a link and the regulation black tie, did not appear and will be dealt with at a later meeting. Through the favorableness of several friends, J. G. Lindsey and L. M. Houser, both charged with breaking dress customs, were dismissed without penalty.

The last case of the evening was that of E. L. Livermore, who was turned in on the charge of spending one day

without any customs. Livermore was also charged with having a date with a senior co-ed. The latter charge was denied and the former was answered by the statement that he was returned from out of town. The sentence imposed was a sign to be worn for one week bearing the words "I don't know any senior girls." After the meeting, W. A. J. Shiner '25, president of the Tribunal, gave a short talk to the offenders on the purpose of freshman customs.
