

**PENNSYLVANIA EXHIBIT MERITS**  
**COMMENDATION AT PHILADELPHIA**  
 An exhibit by the technical schools of Pennsylvania attracted great attention at the industrial exposition at the Cambria county fair grounds at Ebensburg last week. The display showed the service of the college to the industry and working classes of the state through instruction and research at the college and in extension work in the industrial and mining districts of Pennsylvania. Exhibits were staged by the Schools of Engineering, Chemistry and Physics, and Mining and Metallurgy.

**BISHOP ADDRESSES METHODIST CHURCH**

**Reverend W. F. McDowell, Noted Pastor of Washington Gives Sunday Sermon**

**HAS DELIVERED TALKS AT CHAPEL EXERCISES**  
 Bishop W. F. McDowell of Washington, D. C. addressed the Sunday morning services of the Methodist Episcopal church on the general theme of the need for people to take a broader view of life as it pertains to their civic and national duties in life and further as it concerns the attainment of a world peace through the establishment of a common social and economic understanding for all races.

The several years past, Dr. McDowell has been a consistent visitor to the Penn State chapel exercises as a speaker and has been heartily welcomed each time. He chose as his text the thirty-seventh of the fortieth verses of chapter one of John, in which is told of the disciples coming to Jesus, "Thou camest therefore, and sayest where he abode, and they abode with Him that day?"

**Citizenship Duties**  
 Bishop McDowell spoke of the things that people first ask one another when they are getting acquainted and how these questions tend to seek the identity of the person and his home surroundings. He stated that those who are merely provincial in their outlook are tragedies of life. He asked the questions, "By what deeds do you live?" and "Are you making yourself and your community better by maintaining those ideals?"

A mission is not necessarily the attainment of a spiritual being, he continued. A hotel might be just as well, for it is not the eating house or home of the person but it is the aid further the physical body that is the mansion of the spirit.

**Ohio Wesleyan Alumnus**  
 William McDowell began his graduate career in 1897 when he was granted his A. B. degree from Ohio Wesleyan university. He next took up work at Poston university and was ordained a minister in the Methodist Episcopal church three years later. Eight years were spent in preaching in three different parishes in the state of Ohio from 1899 to 1904. He served as corresponding secretary of the Board of Education of the church. In the meantime, the Rev. W. F. McDowell had been pursuing graduate study at Ohio Wesleyan from which he received his Ph. D. in 1891. In the following year the D. D. was conferred on him by the same university. An additional award came in a L. I. D. from the University of Vermont at the same time from 1890 to 1899 he was chancellor of Denver university.

**Flected Bishop**  
 Another rung on the ladder of fame was reached when Dr. McDowell was elected to bishop over the general conference in 1904. The conference is the chief working organization unit of division of the Methodist church. State College lies in the central Pennsylvania conference. He is also president of the Boards of Education and of Temperance Prohibition and Public Morals.

Wanderlust university accepted his services as Cole lecturer in 1910. He served in a similar capacity at Exeter, Berea and Yale in 1917. The Mendenhall lectures occupied his year of 1922 at De Paul university, while he completed this activity with the Merick lectures in 1924 at Ohio Wesleyan. He also became chairman of the general committee on Army and Navy chaplains. In addition he is a trustee of the Chautauque association.

**Visits Far East**  
 Travelling in an official capacity Bishop McDowell visited India, China, Japan and the Philippine Islands in 1910 and 1911. In the former his first attempt at book-writing, called "In the School of Christ," met with great success. From others have since been published "A Man's Religion," "Good Ministers of Jesus Christ," "Making a Personal Faith" and "This Mind."

As Chairman of the committee for the union of the southern and northern Methodist Episcopal church, Dr. McDowell has lent himself to untiring efforts in this work. The committee consists of five bishops, ten ministers and ten laymen who met with a similar committee from the southern conference. The first plan of reorganization was voted down in the general conference assembly in 1920.

Continuing their efforts the committee prepared a second resolution which was accepted by the general convention in 1924 and by the northern conference but failed to meet the approval of the southern units. Encouraged by the results, the members are again devising a constitution for a union. Bishop McDowell is also chairman of a committee of twenty-five members which has as its aim, a world peace.

**DINNER FOR FACULTY IS PLANNED BY COMMITTEE**

A committee of the summer session faculty has been appointed with G. R. Green as chairman, to decide on the time and place for a dinner for faculty members only. The dinner will be held at one of the nearby country clubs or inns, and the date will be either the sixteenth or eighteenth of this month.

**1000 STUDENTS ATTEND NOVEL 1925 RECEPTION**

More than one thousand students attended the reception exercises which were held on the lawn in front of the Angell building evening. According to Professor G. R. Green of the nature study department and chairman of the committee in charge, this was undoubtedly the largest number who have ever participated in this function.

Kenneth Dooley's orchestra furnished music for the dance which followed the reception and which lasted from nine to twelve o'clock. The committee accepted the suggestion by Dean C. E. Roy to inaugurate a dance in connection with the affair. "The complete success of the reception," said Professor Green, "will insure the continuance of the dance as a tradition of summer school."

Director W. G. Chambers, Dean Ray, Chaplain Elmer Metzger, Dean and Miss A. B. Warnock, Miss E. P. Chace, director of home economics and domestic science and Miss A. A. McDonald from the state library were present. Professor C. W. Weaver, assistant director of summer school, refreshments were served from seven tables throughout the evening.

**LOCAL NINE TO MEET BELLEFONTE TONIGHT**

**Home Team Drops Two Holiday Encounters to Millheim by Large Scores**

After dropping a loosely-played game to Bellefonte last Thursday, and bowing twice before Millheim Saturday, the State College team will try once more to redeem themselves in tonight's game with Bellefonte at six o'clock on New Deaver Field.

On Saturday afternoon, the local nine will journey to Hecla Park, meeting the park sluggers on the diamond at three o'clock.

In Thursday's encounter with Bellefonte, the State College tossers started off in the first inning to take the lead scoring three times while their opponents accounted for two. Bellefonte came back in the second and tied the count, only to be again headed by one counter in the third frame. The locals then dropped out of the foreground and their opponents five hits in the fourth pushing eight markers across the rubber which proved enough to sew up the game. Although the miles listed only seven innings, the final score stood at 16 to 5.

**Millheim Was Two**  
 The town batters planned a comeback against Millheim as part of the holiday celebration Saturday, but their hopes were severely dashed to the tune of 9 to 2 and 4 to 1, in the morning and afternoon games respectively.

In the first contest, Millheim got off to an early lead in the opening frame, scoring four runs on three hits and two errors. The home team broke the ice in the second on a hit by Williams and an error, and again in the fifth on hits by Cook, Spies, and Mitchell making the score 4 to 2 in the visitors' favor.

In their half of the sixth inning, Millheim bunched one hit with two errors and scored for two markers. The town tossers were unable to score in the remainder of the fray, while their opponents garnered two triples in the eighth and one in the ninth, making the final count 9 to 2.

**Second Game**  
 In the afternoon the locals took another crack at Millheim, hoping for at least an even break for the day. However, the visitors proceeded to take a one run lead in the initial frame, on errors alone. Kammie hit safely for the home team in the second, and managed to score on a sacrifice and an error, tying the count at one apiece.

Neither team scored until the sixth when Millheim tallied one run after two men were out, on a base on balls and a triple by Haines. Then came the visitors' big inning, in which they used the lucky seventh to score seven runs, which proved too much for the locals, and although they pushed three counters across the plate in the eighth and ninth, they were forced to again bow in defeat by a 9 to 4 count.

The town sluggers out-hit their opponents in the afternoon game 10 to 5 but errors and bases on balls figured largely in the Millheim scoring, and the locals advantage at the bat went for naught.

**ONE HUNDRED STUDENTS REHEARSE FOR CHORUS**

More than one hundred students have identified their intention of taking part in the summer activities of the chorus according to Director R. W. Grant of the music department, under whose charge intensive rehearsals will be conducted at four-thirty o'clock in the Auditorium on Tuesday and Thursday evenings on a selection entitled "Hannah's Wedding Feast," composed by the famous negro, Coleridge-Taylor.

Any members of the male student body, or the faculty, who have the ability to sing tenor or bass acceptably, are urged to enroll in the chorus. Such men will receive choral training with the women slingers and will be admitted to practices every Tuesday and Thursday afternoons at four-thirty o'clock in the Auditorium.

**CHRISTIAN SCIENCE** services are held every Sunday at 10:45 in Room 100 North. All those interested are invited to attend.

**LION MENTORS TEACH COURSE ON COACHING**

**Men and Women Students Enroll for Training as Directors of Various Sports**

Penn State's summer course in athletic coaching for both men and women opened Monday and registration figures indicate that many coaches and prospective coaches have enrolled for the six weeks of instruction. The course will be given by members of the Penn State coaching staff. Women's sports will be covered separately.

B. M. Heyman, Penn State basketball and freshman football coach will have charge of those two sports. Heyman ranks as one of the greatest basketball coaches in college circles and his teams have averaged but two defeats a season for the past ten years. His work as freshman football mentor has given him the proper perspective for the training of high school and college coaches as well.

Mr. Cutnell, Blue and White track director, will handle that branch of the summer course, while R. G. Leonard will take up the coaching in wrestling, boxing and gymnastic drill. The course includes both the theoretical and practical side of coaching and advanced work will be given to those who have taken the course in former summer sessions. Several Penn State athletes who expect to go into coaching work are enrolled for the course this summer.

Graduate Manager Neil Fleming is already on the job preparing for the football season which will open September first. He is at present attempting to devise ways and means for increasing the seating capacity of the Lion State stands for the big annual home-coming game with Notre Dame on November seventh. This problem is one of the biggest problems which ever staged in central Pennsylvania and a record crowd is anticipated.

**A WEALTH IN TRAINING**  
 While the plan of putting aside a dollar each week will not of itself make you a man of wealth, it is nevertheless true that there is no better training for the young man or woman just forming life habits.

If carried on for several years, this plan of banking a part of the earnings becomes an excellent habit, for it means you have mastered your expenses and expenditures and are living on less than you earn.

Any business man will tell you the value of this habit as well as the value of having a reserve set aside for emergencies.

With money in the bank there comes a feeling of independence, life is the more enjoyable and your business success is not merely a possibility, but a probability.

We would not urge you to start an account with this bank were we not positive that the advantages of such an account are greatly in your favor.
