## Wooden Shoes

"The peasants in America do not wear wooden shoes at all, even in the fields!" write Abbe Pierre, of Gascony.

Advertisements haven't yet taken the heavy wooden shoes from Gascon feet...

Advertisements make the difference. They crisscross improvements in countless directions across the miles.

You read advertisements to link yourself with the best—to substitute speed for the shambling progress you otherwise would have to make in the lonely wooden shoes of isolation.

Do you read them regularly? Good habits pay.

Advertisements are a reliable buying guide obtainable in no other way
