PLEASURE HAUNTS

DR. LOSEY SLATED FOR SIX LECTURES

Wednesday Subjects Will Deal With Hamlet—Readings of Play Also Booked

C. S. CROSSMAN GIVES ILLUSTRATED SPEECHES

Six successive lectures on literature and some of its special phases will comprise the talks which will be given by Dr. F. D. Losey...

Dr. Losey was graduated from the University of Rochester in 1911 with an A. B. degree... He next went to Harvard where he took post-graduate work in English...

From 1907 to 1916 he taught English and rhetoric at the University of Alabama where he was an associate professor... He showed pictures of his travels through Egypt, up the Nile river to Sudan...

Dr. Pike Makes Second Address

Speaking before a decidedly larger audience than that which attended his first talk, Dr. H. V. Pike, director of clinical psychiatry at the Danville State Hospital for the Insane...

Dr. Pike went on to show that these mental conditions are not the result of inborn weakness in the mind, but rather follow from brooding over some of the unconscious wishes of the individual...

Registrar Admits 600 to '29 Class

More than 800 hundred applicants have been granted admission to the next freshman class at Penn State during the past ten days...

Unavoidable delay in the publication of the 1929-30 Blue Book, although it prevented many high school graduates from selecting courses they desire to pursue here...

PENN STATE ART TEACHER HONORED

Canvas, Entitled "Blossom Time," Receives Prominent Position in London Gallery

NEW YORK ART DEALERS SEND CONGRATULATIONS

Emik Walters, professor of oil painting at Penn State, received an unusual honor when his canvas in London, "Blossom Time," was placed on exhibition in the Fate Gallery in London...

The canvas by Walters hangs in the main hall of the gallery which is the most important London exhibition in London. The painting is surrounded by works of Frederick Watts and Degas...

After being exhibited at the National Academy of Design in New York, "Blossom Time" went to the Corcoran Gallery of Art in Washington D. C. for a long loan. The canvas then went to Philadelphia to hang in a good position at the International Exhibition...

TOLLEFSEN TRIO—VIOLIN, CELLO, PIANOFORTE

ALUMNI GRID STARS TO PLAY VARSITY ELEVEN NEXT FALL

ENCOUNTER FILLS OPEN DATE ON SATURDAY PRECEDING TURKEY DAY BATTLE WITH PITTS—PROMISES TO BECOME ANNUAL FEATURE

Announcement of a football game between Penn State and a team of former Pittsburg stars to be played on the Saturday before the final Thanksgiving Day game with the University of Pittsburgh was made recently by Graduate Manager Neil M. Fleming...

The proposed annual game was sanctioned recently by the Alumni Athletic Committee and is met with the hearty approval of Coach Hagen. The game will be played on Saturday, October 17, at the University of Pittsburgh...

The game is expected to prove quite a drawing card with such former Penn State stars as Charlie W. Thibodeau, Glenn Killinger, George Smith, Bob Lightner, Bob Higgins, Pat George, Brown, Ben Culligan, Larry Conover, Julius Prevost, Dick Schuster, Harry Rabb, Red G. Bell, Al Knable, Mike Pridemore and others...

NEXT PLAYERS SHOW PROGRESSES RAPIDLY

Cast for "Not So Fast" Rehearses Regularly Under Direction of F. S. Neusbaum

Following rehearsal under the direction of F. S. Neusbaum, the Players' cast for the second production of the summer, "Not So Fast," is rapidly mastering the lines and acts. This play met with great success when it was shown in New York in 1923...

Conflict develops over the production of the play and after the Players' moved around through-out the play, he comes through in the last scene and proves that he is not a dud. "Not So Fast" from which the name of the comedy is taken. All of the acts are laid in New York city, with the first and last in the Strand home and the second in Acton's office...

Trouble Over Wall Conflict develops over the production of the play and after the Players' moved around through-out the play, he comes through in the last scene and proves that he is not a dud. "Not So Fast" from which the name of the comedy is taken...

TOLLEFSEN TRIO TO PRESENT CLASSICAL RECITAL TOMORROW

Nationally Popular Combination Composed of Violoncello, Violin and Piano

VARIED SELECTIONS ARE ARRANGED ON PROGRAM

Presentation Is Second Number of Artists' Course—Begins at Eight-fifteen

At the second entertainment of the Artists' course, the Tollefsen Trio will offer a musical recital, consisting of varied classical selections in the Auditorium tomorrow night at eight-fifteen o'clock...

This organization has long been noted for its interpretation of chamber music and extended tours for each season give ample testimony of the worth of the musicians. It has made many records for the Victor people...

Carl Tollefsen, head of the organization is an American although he was born in England. He did not go outside of America to secure his musical training and credits his success chiefly to Leopold Lichtenberg and Franz Kreller...

CHAPLAIN DELIVERS INTERESTING TALK

Dr. Metzger Uses "Adventures in Sacrifice" as Topic of Last Sunday's Sermon

OPEN AIR SERVICES DRAW LARGE STUDENT AUDIENCE

Choosing as his text, the tenth chapter of the Gospel of Mark, in which a Christ's is forth the requirement of heaven for the rich young man who was commanded to sell all his possessions...

Dr. Metzger went on to tell that no matter who studied was used to making the goods which it is impossible to hold with an attitude of selfishness and that they would be the critics of the cross...

The following is a brief of the chaplain's sermon: "No man in the sphere of human action has counted so much for progress (Continued on last page)"

School Marm Diamond Stars Threaten Miners' Championship Hopes Tomorrow

After breaking even with the U. club bluebook stars last Thursday, the School Marm diamond stars will again be successful...

Demands a return game, the champions of quizzes were satisfied with an encounter Saturday on the same field. This time they had answered their earlier formidable array of best present and future big league stars...

The school stars were somewhat less as they are on the few occasions when the students happen for some unknown reason to be well prepared on the lesson. The miners of the blue pencil hit the old apple but the Miners were working as smoothly and fast as coal miners going to lunch...

As usual the "perpetrators" had an ally that came out with the incident and bewitched excuse that their full strength was lacking. Rumor has it that they were working out new plays for next year's All-American football team in their drill room...

LOCAL NINE TO MEET BELLEFONTE TONIGHT

Hecla Park Comes to New Beaver Field for Game With State College Saturday

After defeating the Bellefonte tossers 7 to 5 last Thursday night and dropping a home-played encounter to Hecla Park Saturday, the State College bitmen are ready for the game with Bellefonte tonight at the Hecla front ball park...

The game with Bellefonte last Thursday, listed but six and one-half innings, the contest being called because of darkness. Clubhouse pitched for the home team and although he allowed seven satellites which netted five runs, his team-mates came through with nine hits off the opposing pitcher...

The hitting attack opened in the initial frame, Bellefonte missing two hits and as many errors to score three runs. The locals came right back in their half of the inning with hits by Harkins, Mueser, Shurt and Hollenbach. These hits coupled with two errors enabled the town bitmen to surge to the fore with four tallies...

The game Saturday with Hecla Park showed an entire reversal of the form that humbled Bellefonte. The locals were able to count for one run in both the first and seventh frames, although they nicked the visiting pitcher for seven sacrifices. Hecla Park was able to game nine hits which gave them eleven runs, a margin of victory of nine counts. The visitors scored twice in the second frame four times in the fourth, and five in the fifth.

7:00 P. M.—Reading, "Hamlet" by Dr. Losey. Open Air Theater.

DR. DEAN WILL LECTURE AT VOCATIONAL MEETING

Third Address Given Last Tuesday by Mrs. Burdick on European Industrial Problems

"Viewpoints on Industrial Education" will be the subject of a lecture by Dr. Arthur D. Dean, author and lecturer of New York city at the fourth weekly vocational teacher training conference to be held in Room 200, Engineering D. next Tuesday night at eight o'clock.

The third meeting of the group was held Tuesday night, and Mrs. Anna L. Burdick, Federal Agent for Industrial Education of Ohio and Women, Washington D. C. spoke on the industrial education for European women. Mrs. Burdick has been with the Federal department since continuation school work first began here. It established in all states that now have it except Pennsylvania and Wisconsin.

She compared the work of the continuation schools in England and countries of the continent with the similar schools in different parts of this country. As secondary education in England is not public the continuation school takes the part played by high schools here in giving this training to the poorer classes. The attendance in many cases is voluntary rather than compulsory. However, in the United Kingdom youths must attend continuation school for four to six hours a week in order to receive unemployment dole or insurance.

In the chocolate industries which are controlled mainly by Quakers the best system for the welfare of workers is found. Small conditions are found in the Lever Brothers soap company. The stability of labor is much greater in England and better educational training can be given as the employees generally work with the company, after a careful selection of workers is made by testing.

NOTICES

Miss Nell Whaley, Representative of the Junior Red Cross, National Staff, will be at the College on July 16 and 17 to speak to groups in different departments and confer with persons interested in her work.

The Old Man bell will be rung ten minutes before the scheduled meeting time of each evening event. For meetings in the Open Air Theater the bell will be rung continuously; for meetings changed to the Auditorium because of weather conditions, and those scheduled regularly for the auditorium, it will be rung twice for a medium length of time, with an interval of about a half minute between.
