According to Britton, the administration has mentioned no particular date for the start of rushing and pledges. Members of the Council will confer with the Freshmen Week committee today in an effort to set a tentative date for ratification by the entire Council tomorrow. Unofficial reports indicate Wednesday, September 16th as the probable date.

With the midnight oil

It's quicker to bed, if the pen does its work infallibly. The smart pen for the American student is made of green, jade-green radite, an indestructible material of jewel-like beauty and has a nib that is guaranteed for a lifetime. But better dealers will sell you the "Lifetime" principally because it is always a dependable performer—and helps to save the midnight oil.

The preponderance of advice is:

Always buy Remington Portable

It is the outstanding choice of students everywhere, because it is the lightest, smallest, and most compact of all standard keyboard portable machines. It fits in a case only four inches high. You can carry it anywhere and use it anywhere—and when not in use, you can tuck it away in a desk drawer or lockcase. You will find it a great time-saver throughout its years and years of service.

Let us show you the many decisive advantages of the New Remington Portable and explain our easy payment plan.

CHEVROLET

Now 2,000,000 CHEVROLETS

Why?

QUALITY AT LOW COST

Chevrolet has now built 2,000,000 cars—the first manufacturer of automobiles with modern sliding gear transmission to reach this tremendous production.

This achievement has been made possible because Chevrolet has met the great public demand for a quality car at low cost.

Chevrolet has a construction typical of the highest priced cars—powerful economical motor and disc clutch, bodies of beautiful design, closed models by Fisher, Duo-co finish, interior of cars beautifully and substantially upholstered and fully appointed.

Be sure to see these cars that have achieved so great a degree of public favor—and learn how much automobile you can really get for little money.
