### F. AND M. SUCCUMBS TO LATE LION RALLY

Varsity Gridmen Show Punch to Humble **Opponents 13-0—Michalske, House,** 

A. S. M. E. OPENS

### Mahoney and Slamp Star

ging a belated rally in the sec-half after being held scoreless g the first two periods, the Penn gridiron combination drew reserve strength to defeat Kin and Marshall on New Bea-Field Saturday by a score of the most complete in the College. It RATED MOST COMPLETE The library, operated in connection with the School of Mines, is one of the most complete in the College. It was founded in 1896, at the same time that the School of Mines was established. At the present time there are about eight hundred and fifty volumes in the library, a num-ber of them being duplicates of duplication is caused by the fact that the library in the Mining Building is the Mining Building is meant to be a reference library and therefore du-plicate copies are necessary. The library at the present time also re-ceives about twenty-five periodicals. It has complete files, to date, of both the Government Geological Survey publications and the United States Bureau of Mines publications.

Frankin and Marshall on New Bea-ver Field Satudny by a score of V 13-0. Slamp, left end, went over for the the blocked Stehman's purt on the lat-ter's 8-yard lne, fell on the oval and rolled across the hne for a score a f few muntes after the third quarter had begun The pass from center had begun The pass from center the nation of the the state of the score of the route state cunter. A forty-fic-yard drive down the field after House had untercepted a forward pass accounted for the final touchdown, Pineura diving under the F and M. fortard here for the score. Dangerfield, who was injected into the buttle to replace Hebig, booted the buttle or place Hebig, booted the buttle or place Hebig, booted the buttle or place Hebig, booted the buttle to replace Hebig, booted the buttle or place and ground for the visitors and kept the oval sec-sawing around midfield Shortly after the teams had changed goals, the Lons took the ball on their op-ponents' 45-yards and started a steady march down the field, tallying three first downs in rapid succes-sion. With the ball on the 7-yards and

three first downs in rapid succes-sion With the ball on the 7-yards and the goal to gam, a penalty of 15 yards for holding was imposed upon the Nitsnay eleven A pass, Fineura to Wilson, netted seven yards and gams by Pritchard and Pincura brough the ball gam within scoring dis tance. Pritchaid essayed a field goal, but the ball was blocked and recov-ered by one of Maysel's piotoges on is own 10-yard mark. An exchange f and M 6-yards when the hall ended.

et punts took the ball orded. FALL TRACK POINTS

**TO BANNER SEASON** phomore Cindermen Expected To Fill Eight Vacancies On Varsity Squad

WEALTH OF MATERIAL AVAILABLE FOR DASHES

With the return to College of all ut eight men from last year's Var-ty track team, the prospects for an xceptional season are becoming righter. Many capable performers rom the present sophomore class will e available for Varsity competition ins year, rounding out a well-bal-need squad

anced squad Although some good material may be uncarthed later, the team will be theoretically weak in the pole vault, shot and half-mile events. Durbur-row and Montgomery, two dependable vaulters, are lost to the team by graduation, leaving Page and Bates the most outstanding sperformers. Football men will polabily be called upon to take care of the shot, while Nate will develop a half miler from the abundance of quarter-mile mate-rial. **CONVENTION TODAY** Upperclassmen in Mechanical Engineering Will Attend Annual Meeting

rial. Coach Cartmell will be well forti-fied an the spints this year, as Tor-rence, Filkms, Kilmer and Bartholo-mew, the latter captain and star of last year's yearling team, are working out daily. Torrence is faster on the stat than ever before, and with Kar-bach he is hkely to iace in the 440-ward event DELEGATES WILL VISIT OLD PORTAGE RAILROAD

With sober and impartial justice as its keynole, the Student Tribunal reld its first real conclave at a mo-nert's notice last Thirsday night, and judging by the vehement popu-lar acclaim of its decisions, the new Tibunal will be busice than it has seen in the last few years.

peen in the last few years. While no harcuts sancthed the ceremony, the strenuous vocal at-tempts of the eleven freshmen sin-ners did much to add digmity to the occasion. Only one thing was lack-ing, and that was harmony

Gravest and Saddest Gravest and Saddest The gravest case of the evening was that of Sam Wills; the saddest two is that of Sam Wills; the saddest was that of John Rapino. The lat-ter, in spite of one semester of cuc-toms last year, was densely ignorant of all the college songs and cheers. Furthermore, besides his freshness, his anging was so execrable and so lacking in feeling that his immediate execution seemed painfully neces-sary. Calmer spirits unfortunately prevalled, and for the next two weeks Rapino will wear a sign with the words "Am I fresh? Just ask

weeks Rapino will wear a sign with the words "Am I fresh? Just ask me." As to Samuel Wills, that erring yearling, after being graciously in-vited to perform his death defying eigarette trick, evaded the issue, say-ing he needed his apparatus. Theu, to the hilarious surprise of his dudi-

legins Career as Apprentice in Railroad Machine Shops in New Jersey Coming to Penn State with an en-viable record, Mr. James E. Key, formerly superintendent of the West-inghouse Air Brake company, will become an instructor in the machine shop of the Industrial Engineering

p of the artment fr Key began his mechanical teer in 1870 as an apprentice with Delaware, - Lackawanna and stern Railroad at their shops in galand, New Jersey. Realizing the d of an education along mechanilepar Mr lines he took night courses at the open Istitute of New York City for

pin, and alle breakage and some his conclusions along these lines w accepted by the Master Mechan and Matter Car Builders' Assoc tions For some time previous the close of his connection with railroad, he was engaged in the sign of labor-saving devices 1 facilitating the handling of work their shops.

facilitating the ansatz of the subsequent connection Makes Rapid Progress Mr. Key's subsequent connection vas with the Standard Arr Brake Company of New York, as foreman, but in 1901 he accepted a position with the Westingfoure Air Brake Company at Wilnerding. He was later alvanced to general (Continued to last page)

## LINEUP CHANGES

Hard-Working Scrubs Displace Several First Team Men in Daily Practices

Striving haid for the covered fust team berthe as the opening game of the yearling grid season with Wy-oming seminary looms on the horr-zon, several former second-string players have now dispineed their rivals of the first eleven in the last few days of practice.

Tew days of practice Injuries have made thein first ap-pearance for the freekneen eleven this week. Wolff, the irrst-string hull-back being forced to the bench by a spianed ankle Hanmas, the former second team back, is now playing in Wolff's place and is gradually accus-toming hinasoff to the position Injuries Affect Backfield With the averaging of Wolff all the

Injuries Affect Backfield With the exception of Wolff all the changes that Coach Heimann has made in the plobe first team lineup have offected the line The end po-sitions are the only set of berths re-maining uncerved, as Delp and Mar-cus are playing smashing games there.

cus are playing smashing gambs, there Moore and McAndrews are Dutch's chore for the first combination tac-les, both men demonstrating ability to open holes on the offensive and are good tackles on the defensive McAndrews has been playing in his position continuously, but Moore now occupies the position formally held by Sonderburg. Both forwards are husky with v slight margin in weight falling to Moore

husely with a signer intergent in weight falling to Moore Try New Guards Although Hillen has played with the first team since it's morphon, Willy, at the other guard, is a new-comer Matheu, a tail, rangy guard first occupied the position, but Willy's playing during the lint week has slightly excelled his rival. At the supper-back position Wolshayer is now stiongly entrenched, Plasse be-ing relegated to the second outfit. Encouraged by the success of last Wednesslay's scientiman will prob-obly array his proteges against the Variaty. Cotch Hermann will prob-obly array his proteges against the Variaty today of tomotow

nn State
Before an audience which packed the Auditonum to the doors, Gox. Gifford Pinchot proclamed his behef in the greatness of Penn State at the convocation held here yestenday alternoon "It amounts to wonething, to belong to an institution like this," écelared the Governor, after this rousing reception which greeted him upon his first visit to the Nittany Valley since his election "Before I was elected to the governoiship of Pennsyltamia, he continued, there was a report enculated that if I were elected, Penn State College would be moved from the Nittany Valley to the Some other pince?" Emphatically he exclamade, "You are still here. Similarly, there is nothing to the report that I wrote a letter to the Bord of Trustees of this institution urging that it become sololy an agricultural collece," he stated

"I have shaken hands with the "I have shaken hands with the Nittany Lon," he said, "and I have the spirit of this place. But it is too high, too valuable to have the future endangered by being put into poli-tics It must not be organized pio or con Politics has no business on the campus of Penn State" This statement was followed by an en-thusiastic applause from the stu-dents, expressing their belief in this theory.

Strong Political Convictions However, he went on to say "this does not mean that there should not be political convictions, strong polit-ical convictions in the minivalual minds of the students. It does not 

What has been promised publicly to all the people is the most sarred promise that can be made A con-didate is more sacredly bound than if the promise were made to an-other in writing Any mai who makes promises to the people on the strength of his election, and fails to fulfill those promises, deserves

scengen of mis election, and fails to fulfill those promises, deserves contempt greater than any defaulter or embezzler Since I have been elected as gov-ernor of this comonwealth I have hid more for the the this fun than I did as a co And I will have mo More that if will have more before my term expires. I regard the gov-e.norship of this great common-wealth as the leadership of a grgan-tic corporation. It is a contrict be-tween the people and mvself if they elect me i shall do certain things I am now making a tour to check up on the work done during my administration. I am making my report to the people I have done as nearly right as I knew how. The problem was to find out what was right and then it was easy to do it
