 position at center halfback. With Bell at left, Gil or Lippincott at center, and Hargest at right halfback, the Nittany team will have a fairly strong defensive line to stop the Syracuse onslaughts. At the fullback positions Lippincott and Henry will probably uphold the Penn State honor, unless the former will be pinned at center halfback in which case Carlson will occupy the vacant position. Helmsch, at goal, will complete the lineup.

 a well developed lighting effect. This year the company includes the finest group of wire manipulators Mr. Saig has ever assembled. Each member must be able to handle the puppets, he must have a remarkably good voice, special dramatic instinct, a singing voice of a pleasing quality and the ability to play one or more musical instruments. The Pirate Chorus of "Treasure Island," a feature of the play, is said to be the finest of its sort ever attempted.

 record for the Stadium gridiron when, against Providence, he traveled ninety-seven yards on the second kickoff for a touchdown. Carl, left halfback, is fourth individual high-scoring of the East, and is trailed closely by Clark and Meister, who alternate in the backfield.

**Onondagan's Slate Clean**  
 Syracuse is one of the four Eastern colleges which as yet has not been scored upon. The scoring combination of the hill eleven has tallied 105 points in five games and is topped in the high-score tabulations by only Dartmouth and Cornell in this section of the country.

with Slapp and Weston at ends, McCand and Hastings at tackles, Flank and House at guards, and Captain Gray taking care of the pivot post. Pincura, Pritchard, Dangerfield and Michaelke will take the turf as the first backfield, with Helbig, Lungren, Roeple and either Bergman or Greene to be sent in as the reserve quartet.

For the past week, end runs and cross-backs have been hammered into shape and there is no telling when the fleetest of the backs will circle the ends or swerve through the line for lengthy gains.

Yesterday's scrimmage against the scrubs brought forth another angle in Berdek's slowly-developing aerial attack. New plays, manufactured especially for the fight with the Onondagans, were brought forth and worked successfully. The Varsity backs gaming at will.

**Fumbles Noticeably Absent**  
 Continual drill with a wet, slippery ball has aided the Blue and White backs in the approved manner of holding onto the pigskin. The coaching staff has been bearing down on the ball-carriers in a final effort to eliminate clumsy handling and thus prevent a win by the Orange in the manner in which the 1924 Alumni Day was captured.

Vic Hanson, according to reports in Ithaca and Syracuse newspapers,

is still the "demon end" which he was last season and which he so ably demonstrated in his scooping up of a loose ball and tallying the touchdown when made the Lion eat humble pie.

With Hanson's ability to recover fumbles in the discard because of what promises to be expert handling on the part of the Nittany backs, the Bezdokians' chances of annexing the title are the greater, since this is the first big game of the current season for the Orangemen.
