When you have to concentrate on a heavy theme

TAKE this tip from Prince Albert: Pack your pipe with P. A. and make fire with a match! That's the formula. Nothing complicated. And it works, it works! Yes, sir! Every jimmy-pipe bowl is a well of inspiration when it's packed with cool, fragrant, soothing Prince Albert.

You'll celebrate . . . and celebrate the discovery. Prince Albert is sure the right kind of pal to tie to. No matter how stiff the grade, P. A. will go right along with you. Can't bite your tongue or parch your throat, because the Prince Albert process won't let it.

Let Prince Albert cheer you with your work. Let it sweep away the mental cobwebs as nothing else can. In all the world of fine tobaccos, there's nothing like friendly P. A. Slip into top-speed now and head for the nearest store where they hand out jimmy-pipe joy in tidy red tins, marked "Prince Albert."

PRINCE ALBERT —no other tobacco is like it!

P. A. is still everything in tidy red tins, found and half-pound tin (standard), one-pound crystal glass tin (new) with sportsman's case top and done with every bit of bite and parch removed by 15 Prince Albert process.

Look at the U. S. return stamp—there are 17 1/2 ounces in every tin
