**ENTERTAINMENTS TO BE GIVEN BY SPANISH CLUB**

**Committee Agrees on Tentative Program for Initial Show of New Organization**

Judging by the activities of the committee in charge of the Spanish Club, the organization will take definite form in the near future. When the committee met last, the members decided on a program for entertainment. The program for the prospective entertainment is to consist of talks, short plays, exhibition Spanish dances and musical selections, both vocal and instrumental. The date for the first meeting will be decided later. The officers of the committee are A. C. Miller '26, president; L. C. Mullica '28, vice-president; and Mrs. E. M. Grafius '27, secretary.

In connection with the Spanish Club, Mr. Jose Gallardo, instructor in Spanish, opens to those studying the language the *La Prensa* contest. The *La Prensa* is a Spanish newspaper published in New York, which has decided to give away \$675 to deserving students. Eighteen prizes are offered for essays written in Spanish on topics suggested by the newspaper. These topics are now in the possession of Mr. Gallardo who is manager of the local contest. Dr. I. L. Foster is a member of the committee in charge of the contest and is chairman for Pennsylvania.

The *Argosy* *Flores* of Kansas State is holding another contest which is open to all students and which offers substantial rewards. For this contest, an article written in Spanish must be translated into English. A reward of thirty-five dollars goes to the best translator, the second best collects twenty dollars and the winner of the third place will receive five dollars. Anyone wishing to take part in either contest, or in both, should call on Mr. Gallardo at the Spanish office as soon as possible.

**COLLEGE SENATE GRANTS JUNE FRATERNITY PARTY**

(Continued from first page)  
 made contagious so that it will spread to the whole student body, I have little doubt of having reached at last a happy solution of the Commencement program problem. I wish also to urge the freshmen and sophomores to recognize their subordinate relationship in an occasion which belongs distinctly to upperclassmen alumni and parents, and to suggest to them that they do as they may rightfully expect to be done by when they get to be upperclassmen.  
 It is also recommended that the restriction which last year kept sophomores and freshmen from having guests for the fraternity dances be not renewed and that all four classes be invited to participate in the social events of Friday and Saturday, with the understanding that no social events will be arranged on Monday and Tuesday which sophomores and freshmen may attend. It is understood that, as last year, each fraternity chapter has the privilege of determining the nature of its commencement party subject only to the foregoing conditions and the general regulations of the College.

The complete report of the Committee on Commencement Program follows:  
 Friday night—Penn State Players performance; dances in the Armory and fraternity houses.  
 Saturday night—Thespian show; dances in the Armory and fraternity houses.  
 Sunday forenoon—Baccalaureate service.  
 Afternoon—Band concert.  
 Evening—Vesper service.  
 Night—Choral Clubs concert.  
 Monday forenoon—Departmental alumni conferences.  
 Senior Class Day exercises.  
 Afternoon—School receptions to alumni and parents.  
 Alumni activities.  
 Evening—Alumni dinner and meeting.  
 Night—Musical clubs concert.  
 Commencement reception and dance in the Armory for faculty, alumni, seniors, juniors and guests.  
 Tuesday, forenoon—Graduation exercises.  
 Noon—Senate luncheon.

 the central design to the walls, about eight feet from the floor.  
 Walls—Completely screened by heavy white sheeting, decorated with blue lighting, the sides of the building will be freed from the militaristic aspect which they now possess. Plans have been made to provide accommodations for about fifty fraternity booths, which will be separated by partitions made up of fancy wooden railings, decorated with oak branches.  
 It was decided that in order to obtain the best results from the orchestra, it must be placed upon the platform, near the end of the hall. An attractively decorated sounding box will provide the background for the orchestra, as well as bettering the acoustics of the room.  
 Front Entrance—That all the decorations might not be confined to the interior of the Armory, it was provided that a canopy be erected at the front entrance, carpeted with thick matting. Arrangements have also been made to illuminate the front of the hall, to consist of electric stars and streamers.  
 The best plan for illumination for the inside of the Armory was thought to be a single continuous string of lights, placed on the ceiling at the edge of the lattice work and the border.

**Program Chosen**  
 The committee also selected as the program for the affair the specimen which was submitted by E. A. Wright company, Philadelphia. The cover of it consists of a white background with a raised gilt emblem upon it, combining the college seal with the class numerals, with "Penn State" embossed above all.  
 The drawing for fraternity spaces will be held February third and the date for the ticket sale was set for February eighth, at Co-op, with the price of tickets set at three dollars.

**GROUP LEADERS MEET IN FOURTH DISCUSSION**

(Continued from first page)  
 showed how these objectionable features of fraternity life could be remedied.  
 Another question discussed was the manner in which fraternities benefit the College. Finally the responsibilities of the fraternity group were outlined. A strong moral code and a common ideal were held to be essential to fraternity welfare.  
 In discussing the failures of fraternities to accomplish all that their advantages enable them to, the present system of rushing was censured. System of deferred rushing was given as one of the remedies for this condition. Unless a freshman becomes a member of the right group he can not achieve full success as another relief of several of the leaders.

**MATMEN OPEN SEASON WITH WIN OVER ALFRED**

(Continued from first page)  
 after 25 seconds Chenoweth alternately used the hall and three-quarter Nelson to such a degree that Pruder finally became worn out and succumbed to a three-quarter-Nelson.  
 Long, wrestling in the 145 pound division, made the third successive fall for Penn State when he threw Kelley with a half-Nelson and body hold. Kelley put up a good fight, barely escaping being thrown on several occasions. There was plenty of action in this bout and Long was forced to dig into his bag of tricks to gain a fall.  
 Alfred's Best  
 Grantie, Alfred's hope in the fifty-eight pound class, put up the best scrap of any of the visitors, but Packard managed to get a time advantage on him of 1 minute 7 seconds. For four minutes they dickered for a hold, which Packard finally got, enabling him to throw his opponent. When within a bare inch of being thrown, Grantie displayed a power which displaced Packard. The bout ended with both standing. Using a fall back and twist hold

Rumbaugh took Stearns to the mat and held time in the same position till he was forced to admit defeat. The fall came after 3 minutes 21 seconds of constant strain. Stearns was determined to be thrown when he first hit the mat for it was evident that Rumbaugh's hold could not be broken.  
 With Prevost ineligible, Coach Leonard had no one to send into the unlimited bout and Penn State defaulted to Alghells of Alfred. The closing score was 26 for Penn State and 5 for Alfred.
