For that Easter Box of Candy be sure and see our wonderful selection from five of the biggest lines in the business.

Notices

The Penn State Club will meet in Old Chapel Monday evening at seven o'clock in order to nominate men for all offices of the organization.

All candidates for the advanced engineering course beginning September first, 1927, should report to Lt. Miller at the Armory before May first. This also applies to those who have submitted their names previously. A priority list to be made and scholarship, personality and athletic record will be considered.

Four Quints Remain in High School Play Here

(Continued from first page) Finals will be played tomorrow afternoon at two o'clock.

Yesterday Philipsburg met New Castle after which Windber and Scranton lined up in opposition to each other. In the other first round contests Westfield and Shanton met Steelton and Summit Hill, respectively.

Championship Awards

The championship team will earn besides individual gold medals, a mounted silver trophy which stands more than two feet high. To the runner-up will be awarded another loving cup upon which is the figure of a basketball player.

Each member of the team which finishes second will also receive a silver medal. Third and fourth places will not be decided by an extra game as in former years but will probably go to the two teams losing in the semifinals by a special decision of the officials.

Officials

Game officials will be Lewis of Philadelphia and White of Windber, both having taken charge of games in their divisions of the Association during the regular season.

That a new champion will be crowned is inevitable since neither last year's winner, Nanticoke, nor the other finalist, Harrisburg academy is represented, Steelton winning out in the latter's division. In fact none of the 1926 competitors were successful in reaching their district final.

Members of the various teams, as has been the case in past years, are being entertained at fraternity houses.

Bezdek Directs Ball Players From Sickbed

(Continued from first page) time during the last three years," Bez declared.

Practice games will probably start today on the varsity diamond under the direction of Captain Page, who is in charge of the work-outs until the return of Coach Bezdek.

The probable first team line-up for the premier game as announced by Page will be: Harrington, catcher; Page or Styborski pitching; Harris at first base; Dobbelaar at second; Cy Lungren at short; and Kent at third. Monahan, Delp and Mike Hama are the likely candidates for the outfield positions.

Lesko will backstop for the second-stringers with either Roepke, Van Atta, Campbell, Hames or Plott on mound duty. Delp is scheduled for the initial sack if he does not go into the outfield for the first team, and will be supported by Jacobson at second, Grove at short and Sterling at third. Aspirants for the outfield positions are Steve Hama, White, V. Niede, Singly and Cooper. Extra infielders are Giant and Striker.

Regular batting and infield drills have been held on Holmes Field for the past ten days but practice has been light and bad weather has slowed the players down to some extent.

The battery men, Styborski, Page, Hama, Van Atta, Plotts, Campbell, Roepke, Harrington and Lesko have been working out regularly in the Stock Pavilion. Roepke joined the squad at the end of the basketball season.

Student Body To Honor Doctor Hetzel Tonight

(Continued from first page) sought to secure a higher poll of votes from the freshman class than heretofore. There will be strict prohibition of vote soliciting, electioneering, and button-holing within or in the immediate vicinity of any building in which a voting booth is placed.

Votes for any office are not to be

REDUCED PRICES ON Fraternity Seal Stationery Rush Printing Co., Ltd. Foster Building, Opposite the Post Office

solicited by means of printed matter of any kind, which includes posters, sample ballots and cards. In case of a violator of these rules obtaining office, the candidate who ran second will be reinstated. All names of those breaking these rules will be reported to the Student Council and published in the Collegian.

Council meeting attendance has been so poor that rules were passed stating that three unexcused absences in one semester would drop that member from the Council and the Student Council key shall be presented to men only after being members for a full semester.

Reacting favorably to the petition for vacations to begin at noon, the Council will present this petition to the College Senate. To overcome the transportation trouble of last semester, the Council is securing ten buses to relieve the usual congestion.

After passing an order to empower Neil Fleming, graduate manager of sports, to check and limit all college dance budgets, a committee was appointed to secure a more even distribution of dances throughout the year. Move-up Day was set tentatively for May fourteenth and R. A. McQuade '28, was named as chairman of the Poverty Day committee.

Shigley Lectures on Conservation of Fish

Dr. J. F. Shigley, college veterinarian, gave an illustrated lecture on " Trout Fishing " before the Penn State Poultry club, Tuesday night. His talk was supplemented by four reels of motion pictures supplied through the courtesy of the Bureau of Fish Commissioners of Harrisburg.

Conservation of wild life, especially of the so-called game fish, was particularly emphasized by Dr. Shigley, who also explained the operation and maintenance of the fish hatcheries in Pennsylvania. The pictures dealt entirely with the various operations as they are carried on in the hatcheries as well as the methods of handling, transporting and restocking streams.

Report Agricultural Club Work Effective

That the work of agricultural club members has been exceptionally effective was disclosed by surveys made recently by officials of the United States department of agriculture and the Penn State agricultural extension division.

As stated by A. L. Baker, state club leader, "the objects of this work are to educate farm boys and girls and through them, demonstrate the value of improved practices in agriculture." The surveys made in many sections of Pennsylvania compare very favorably with those made in nine other states where similar surveys have been made.

Dates Announced for Annual Poultry Show

The annual Pennsylvania State Production show will be held at State College during the week of October twenty-second to twenty-ninth, according to E. W. Callenbach, of the poultry department.

"The dates are announced early," stated Callenbach, "so that prospective showmen may arrange their showing schedules." Any resident of the state is eligible to exhibit birds. Many varieties of poultry will be shown and numerous prizes awarded to the winners. Prizes will include silver loving cups, medals, special rosette ribbons, brooders and subscriptions to poultry journals.

Nittany Boxers Battle For Ring Championship

(Continued from first page) Pelouze have completed undefeated seasons, matching Collins in this respect while Frankie Mahon gave the Middle star a terrific battle at Annapolis in the third meet of the season.

Apparently Weintraub of Navy will be Koltoski's hardest opponent unless M. I. T. can produce a tough 125-pounder. Koltoski after dropping his only bout of the year to Weintraub, has overcome his inexperience, and is with Wolff, Filegar and Grazer the best bet of the Nittany Lions. Koltoski, however, is suffering from a reopened cut over his eye.

If Filegar can shake the hoodoo that seems to attach itself to every intercollegiate champion he will make the Nittany an even greater threat. Filegar will have to defeat the

mighty Horney who holds two decisions over the Blue and White lightweight to retain his crown in that class.

Captain Clarke Grazer is the dark horse of the Nittany team. Although defeated early in the season by Gearin, Navy's sharp shooting welterweight, Clarke has scored several notable victories this season. A clever boxer with a powerful punch in his right, Grazer should rate high when the tourney ends.

Although Allic Wolff will enter the ring a heavy favorite in the 160-pound class he will be under a psychological handicap. The M. I. T. representative should be his hardest opponent. He has defeated the contenders from the other three colleges.

A merry scramble is sure to ensue in the heavyweight contests. Houch is relying on Mahoney to repeat his victory over King, the Navy pachyderm, should the pair meet in the eliminations. Lewis, who stopped Mahoney here in a dual meet, should be well up near the top. It is possible

that he may be shifted to the 175-pound division.

According to Graduate Manager N. M. Fleming who is president of the intercollegiate boxing association the boxers will weigh in at ten o'clock this morning. The eliminations will be held at seven-thirty o'clock tonight according to the drawings. The semi-final contestants will fight it out at two-thirty tomorrow afternoon while the finals will begin at eight-fifteen o'clock tomorrow night.

ROBERT H. WHITLATCH
stockroom to home office
"Graduating from Western Reserve University in 1911 I began business life with an idea that I was fitted for managerial work. Two years found me in a good position, but one with only a limited future.
From S. L. Kresge, of Cleveland, I learned of the wonderful opportunities offered by the Kresge Company, of their provision that managers share in the earnings of their stores. I saw the opportunity for a life work where the individual and his personal ability were of paramount importance. Friends tried to discourage me from making any change, but I had caught an enthusiasm that carried me over discouragement. I left my comfortable desk work and started in the stockroom. Then I worked successfully as floor manager, assistant manager, and manager of a store at Rome, New York. Recently I have been transferred to a newly created work in the general office of the company.
The financial return that has come to me exceeds all that I had expected. The future is bright and with opportunities open in proportion to the ability I may have to take advantage of them."
Robert H. Whilatch

Start out Right in the Business world
Two men graduate from college. One may take a position where the immediate earnings are high. The other may start for less, but in a position with future possibilities. In a few years the second man will probably pass the first in earning power—with unlimited possibilities ahead of him.
It's the difference between a "blind alley" job and a position with a future.
Start out right, college men! The Kresge Company offers ambitious college men positions with a future. You start at a modest salary. You're trained in every phase of our business. And as soon as you're ready you are placed in charge of one of our stores—a position that pays well.
If you have the foresight to look beyond immediate salary, and the ambition to reach the heights in the business field, write at once to our Personnel Department and we will arrange a meeting with a graduate of your own college who has already found success in the Kresge organization.

It's mighty easy to like the best
THAT'S why Camel is the most popular cigarette ever made. In all tobacco history there has never been a cigarette preference like Camel's. Nothing is too good or expensive that will make Camels the world's finest smoke.
Camel is the friendliest cigarette ever made. From early morning to night's last reluctant parting you just can't smoke enough Camels to tire the taste. Camels are the celebrated smoke that brought an end forever to cigarette after-taste.
If you've not yet learned how really satisfying a cigarette can be, just try Camels. Into this one cigarette the world's largest tobacco organization puts every good quality that could be wished for in a cigarette. All the mild and mellow fragrance. The most perfect blending. The utmost in smoking enjoyment and contentment, regardless of price.
Have a Camel!
