cession which will parade through the streets of the town and end at the baseball field. Judging will take place as the parade enters the field. A Fox News camera-man will be on hand to take pictures of the event.

According to a special decision of the Tribunal, freshman in costume will not be required to wear dinks on this day. However, the Poverty Day committee emphasizes the fact that freshmen will not be excused from taking part in the affair which begins with first classes Saturday morning.

The committee consisting of R. A. McQuade '27, G. P. Lippincott '28, H. S. Buck '27, K. R. Weston '27, W. E. Pritchard '27, J. C. Belfield '28, and C. A. Yost '29, will act as judges. First prizes are as follows: originality group, ten dollars donated by the Student Council; hobo group, five dollars donated by the Photo Shop; movie-actor group, ten dollars donated by Maurice Baum and for the float group, fifteen dollars donated by State College restaurants and candy stores.

with the University of Virginia nine on the sixteenth at Charlotte, Virginia. Beard, a pitcher of two years standing, may oppose the Nittanyans for Virginia.

**Last Game With Georgetown**  
Meeting Georgetown university at Washington in the last game of their southern trip, the Lions will engage their most formidable opponent.

Having won the first two scheduled games the Hilltoppers appear capable of netting considerable trouble for the home-heathers. With Gillespie and Burch changing places in the box for the Washingtonites, both with

a game apiece to their credit, the seduced fingers of Captain Phil Page and his alternates will be called on for all their craft to equalize the probable pitcher's battle.

**Page Leads the Way**  
Winning his own ball game, Captain Phil Page struck out fourteen Dickinson batters to pave the way for Penn State victory on New Beaver diamond Saturday in the first game of the season.

Cold weather and lack of practice failed to slow up the Lions to any noticeable degree and with Page in the box held the situation in hand continually.

Gene Singley, a sophomore, grasped the hitting honors by batting a perfect score in four times at the plate and counting two runs for Penn State.

Dobbelaar and Kent also brought in a duo of runs apiece and Page scored on Kent's timely single in the third inning, making the tally of seven runs complete. Reiter, Dickinson's first baseman, came in on Lesko's error at the plate in the first inning for his team's lone run.

The squad of seventeen men which take the southern trip includes Lesko and Harrington, catchers; Page, Styborski, Haines, Van Atta, Plotts and Roepke, pitchers; Harris, Dobbelaar,

Langren, Kent and Wolff, infielders; and Singley, Hamas and Delp for the outfield. Two managers, James Forgie '27 and Malcolm Gager '28, will accompany the team.

# David Belasco, the Dean of the American Theatre

writes:

"The voice is to the actor what the chisel is to the sculptor. He must beware of dulling its qualities. Naturally I am vitally concerned about the voices of my players, so I always advise the one cigarette that I discovered many years ago that does not impair control of the subtlest vocal shadings or cause huskiness or harshness. I mean the 'Lucky Strike.' It is the player's best friend."

David Belasco

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

Snagging. Amid a great pyrotechnic display, superfluous steel is removed from castings with marvelous speed by means of grinding wheels and various types of grinding machines.

The rolling mill transforms steel ingots into billets, fashions steel rails, armor plates and structural steel—and here is the starting point for the thousands of labor and time-saving machines and the great engines of commerce.

The ponderous steel mill rolls, some 40 inches by 15 feet or larger and weighing around 55 tons, are finished to mechanical perfection on giant Norton Grinding Machines over 50 tons in weight.
