Bigler, second baseman, and center-fielder Francis are counted as Ursinus' heaviest bets in pillwalking. Although both drew only one hit apiece from Styborski's delivery last year, they have been going strong at the plate this season.
 Playing in two games, Monahan leads the list in batting averages with .500 although Captain Lefty Page follows him closely with .437. Gene Singley, the sophomore center fielder who has played in every game this season, started out the year with a perfect score, but his percentage has now dropped to the .400 mark. If home runs lifted the average, Singley would be batting higher as would

Dobbelaar. Lesko and several others. George Dely and Styborski come next with .342 and .333, both men having dropped between a hundred and a hundred and fifty points since the season's opener. Dobbelaar, hitting .324 has lifted himself in the line-up lead-off position from the .250 he held in the first two games to his present place.

 "No smoker's harsh throat for mine. I've switched to Luckies for good. Luckies are the only brand of cigarettes that give complete throat protection. And you can't beat them for real enjoyment."

Jerry Wyman

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.
