

WOMEN

A SUCCESS—

Much to be commended is the royal way in which the girls entertained the Mothers last weekend. Everyone went out of her way to see that everyone's Mother had the best time possible. At the tea in the afternoon every possible effort was made to make the Mothers feel at home. If you own wasn't present you rose to the occasion and took care of someone's else. In Mac Hall every courtesy was shown to the visitors. The girls were careful to stand back and let them pass into the dining room first. Even the catering department felt the greatness of the day and supplied unusually good meals—the nearest yet to what Mother makes at home. In the evening the Mothers were shown a fitting "close to then day at Penn State by being taken to the vaudeville show. We feel that if any Mother went away with anything but the very best impression of Penn State it was not the fault of the girls.

Juniors and Freshmen Hold Class Elections

Again the Juniors and their "little sisters," the freshmen, demonstrate their ability to work together by choosing their class officers at the same time. The following girls were elected for the Junior class officers: President, F. H. Gager; vice-president, J. E. Smith; treasurer, E. H. Lewis; secretary, E. T. Hazel; social chairman, S. E. Hartz. For the freshman class the election results were: President, E. E. Dutton; vice-president, E. M. Yohe; secretary, M. A. Thomas; treasurer, A. P. Myers; social chairman, H. P. Foust; A. A. representative, J. T. Lee.

OLD MAIN BELL WILL USE PATTEE CRITICISM

With Dr. F. L. Pattee's criticism of "Elmer Gantry" by Sinclair Lewis, as the feature article, the Old Main Bell will be ready for distribution in about a week, according to W. W. Jacobs '27, editor-in-chief.

Other outstanding contributions to this issue have been made by Prof. W. L. Werner and Prof. H. F. Gates, both of the English department, R. B. Smith '27, W. P. Reed '27 and S. S. Geesey '30.

TOWN GIRLS TO HAVE A SENATOR

Town girls' representation in the W. S. G. A. will be provided for by the passage of a new amendment to the town girls' constitution. The amendment, which was discussed at the last town girls' meeting will read "The town girls' representative to the woman's senate shall be a Senior girl who shall be nominated and elected in the manner prescribed under the section on general elections."

This amendment will be voted on in Dean Ray's office on Friday, May twentieth. This time a special election will be held one week later, after a special meeting to nominate the candidates.

Town girls who expect to attend the dance at the Sigma Nu house on May twenty-first are asked to sign up as soon as possible on Dean Ray's bulletin board and pay their dollar to Delilah Kistler or Miss Ray's secretary.

Choose Managers For Spring Athletic Teams

The W. A. A., at its last meeting elected the following managers for spring sports:

Baseball: Head Manager, N. H. Vezuffe '28; upper class, M. A. Webb '28, sophomore, A. E. Geary '28.

Track: Head Manager, E. H. Lewis '28; Senior, L. H. Robertson, Junior, S. E. Hartz, Sophomore, F. M. Speicher.

Golf: M. M. Stewart '28.

The A. A. Board appointed a committee of four of its members to revise its constitution. The members of this are Coach Marie Handt, President M. M. Wheeler '28, Vice-president M. E. Heiman '29, and H. E. Coaker '28.

Move-Up Day Dance—Hey!

Underclassmen Pull

In Annual Tug-of-war

The annual tug-of-war between the freshman and sophomore classes will be held tomorrow afternoon at one-thirty o'clock on the field between the Pond Laboratory and the Agricultural building. The winners will select the freshman class colors.

Freshmen Discard Dinks for One Day

The victors of the emerald headgear triumphed over their traditional enemies the sophs, by the overwhelming score of 2 to 1 at the pushball scrap Tuesday.

The shamrock-hued hatless respondents nobly to the call. There were six heats to the two-hour contest starting at four forty-five o'clock and throughout the whole affair there was a marked determination of the rivals to outstrip each other. A large crowd gathered to view the contest and a considerable difficulty was experienced in controlling the gathering. In fact, at times, only the gigantic pushball distinguished the combatants from the spectators.

As a result the earlins discarded the dink, blue tie, and socks for eye passionate neckwear, footcovering and human hedgehog. The well-dressed sophomore followed. Fashion's decree and wore dink, black tie and socks.

Seniors To Plant Ivy By Old Main Monday

(Continued from first page) other two will take place at the same time Tuesday and Wednesday evenings. At the final singing seniors have been invited to take part. President Hetzel will deliver a short address at the final senior sing. J. L. Nelson will lead the singing.

The committee in charge hopes to have a more enthusiastic group at the affair in past years. From present indications nearly four hundred members will attend the twilight ceremony and help to make the event one of the most successful since its revival last year.

Berryhill, Feight, Stone Get Class Presidencies

(Continued from first page) Bruce, T. R. Moore and A. L. Haslam received the vote. Student Council from the School of Agriculture, while T. F. Costello and C. B. Keil were named from the School of Chemistry and Physics. Students in the School of Education named S. B. Dreyer and F. M. Gager. W. S. Laggett, R. M. McPherson and D. R. Pratt were elected from the School of Engineering.

Members of the Liberal Arts school chose J. C. Brifford, C. F. Flinn, Joseph Schavone and A. K. Schroeder as representatives but the balloting in the School of Mines resulted in a tie between P. F. Housman and J. R. Keim which will be voted off at a later date.

Junior Representatives
From the School of Agriculture R. F. Hahn and L. D. Reilly received the posts with G. L. Ball as the representative from the School of Chemistry and Physics. The School of Education favored A. J. Gates.

C. M. Davis and W. L. Hechler were named by Engineering students, but the third representative will have to be decided on a special ballot since there was a tie between C. A. Bismann, R. R. Cleland and S. H. Weaver. L. H. Bell and E. D. Blau were elected in the School of Liberal Arts, while M. W. Lightner was the successful candidate in the Mining school.

Freshman Choices
Since W. A. Stone who was elected president is a member of the School of Agriculture, R. F. Mollenauer will

not fill the post for which he received the majority. Students in the School of Chemistry and Physics selected K. R. Kaiser while L. C. Stroudhour was the choice of those in the Education school.

Another tie was made in the Engineering school—this time between S. M. Cunningham and T. S. Shoemaker. S. H. Lewis and T. Jones carried the ballot in the School of Liberal Arts and Mining, respectively.

Largest Vote
Although less than forty-five per cent of the student body voted, the number of ballots cast totaled 1510, an increase of seventeen over last year's sum. Members of the Class of 1929 were the ones responsible for this mark since 592 votes were cast by them this year in comparison with the 189 last year.

The junior ballot fell off forty-six while ten less freshmen voted this year than was the case in 1926. This is only the third time that the poll system of voting has been used here and each year the balloting has increased. In contrast with past year's the

balloting for class officers was not exceedingly close, although the Student Council nominees were not far apart. The largest and smallest majorities were in the competitive for treasurer in the senior and sophomore classes, respectively.

The votes of which there were three, will be taken off at a special election to be announced at a later date.

Official Results Tuesday
Since the Student Council bylaws require that a check-up be made before the results are pronounced official Tuesday's *Collegian* will contain the corrected ballot.

A committee composed of R. B. Donaldson '27, chairman, G. L. Lippincott '27, and A. S. Gony '27, will take charge of the recounting of the ballots.

Margaret Anglin, Honored* Stage Star, ever careful of her voice,

Photo by Charlotte Baird

writes:
"Certainly women of the theatre must be careful of their voices. The one cigarette, I have observed, which seems to protect the throat and give the greatest enjoyment is Lucky Strike."

Margaret Anglin

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

"It's toasted"
Your Throat Protection

*Among the many honors conferred on Miss Anglin is the recent award of the Lactare Medal, which is presented annually by Notre Dame University for excellence in the arts. The medal was first conferred in 1883 and Miss Anglin is the ninth woman to receive this honor.

LUMBER
A good grinding wheel is the key to a high production of lumber. Norton grinding wheels are made of the finest quality materials and are ground to the exact shape and size required for the job. They are available in a wide variety of sizes and grades to meet the needs of all lumber grinders.

Axes that last in the vast forests are shaped and sharpened on grinding wheels in tremendous quantities.

Saws that work lumber into usable forms are kept sharp by saw grinding machines equipped with wheels made especially for this purpose.

Powerful engines of transport with the caterpillar crawler, the motor truck and locomotive that carries lumber thru the forests are a share of their efficiency to the production of hundreds of thousands of feet of lumber and working parts for the lumber industry.
