Strimlan Scores at Start

For a while at the opening of the contest the outcome did not look so frab for the Blue and White aggregation, since in the first minutes of play, Strimlan netted a goal. However, the Forn State booters were able to take advintage of no more scoring opportunities during that or any succeeding quarter.

ing opportunities during that or any succeeding quarter.

In the second period of the encounter, Davidson, inside left, bloke into action, actually netting two goals for the Canadians and pushing a thred on toward success. It seemed as if Nittana barriers were completely shattered and the Blue would play on to a high-score triumph.

In the final half of the contest, the Nittanay team managed to keep the sphere well into foreign territory but could not make scoring opportunities count. Edgeiton made a sensational attempt to score when he made a twenty-yaid drive toward the net, only to have the ball strike the goal post and rebound

Syracuse Scores

Against a Syracuse elever, reputed to be of unusual strength, the Liona were able to display their soccer ability both by out playing their opponents and by outseoing them as well. Marsnall, inside left proved a stellar asset to the Nittany group and scored three goals.

At present the majority of the officials of the Chinese colleges are from the United States or England The Chinese people are objecting to this condition. They maintain that they have men fully as capable as the foreigners to be executives in the educational system.

China today, although fairly weak economically, is in a better position than ever in her history to be of aid to other nations of the world With proper cooperation China can be of invaluable help to foreign countries, especially to the United States, said Dean Watts.

Farm Show Gives Cup in Memory of Heister

In memory of Gabuel Heister, one of the outstanding horticulturists of Pennsylvania, a silver loving cup will be awarded to the individual scoring the largest number of points in the fruit division of the State Faim Products Show at Harrisburg in January Three points will be given for a first prize, two for second, and one for third The cup will become the permanent property of the winner each year.

At the age of 18 years Mr. Heister guidanted from Penn State and returned to his father's grain farm with an interest in horticulture which continued undiminished Mi. Heister sprain much of his time in the interest of education He succeeded his father as a trustee of State College in 1891 and served until his death in 1912. He was a member of the exceutive committee of the board and one of the advoxy committee of the School of Agriculture. In all of these duties he labored most unselfishly.

O Mery chimes from Crouse Hall that usually ring out joyous tidings of notable Syvacuse vectories were as silent Saturday afternoon as the twenty thousand Orange rooters who saw a mighty Penn State team, newly rejuvenated, sweep to a spectacular last period 9-6 victory, the first in seven years, over the undefeated Hill conformation.

And it was a noble placement attempt kicked squariely between the uprights from the twenty-one yard hine by Captain Johnny Rochke's accurate right foot that sailed spiritually to the Clouse steeple and silenced the chimes temporarily. The achievement of the Nittany grid leader must be considered all the more versational since the ball, kicked right and silenced the chimes temporarily. The achievement of the Nittany grid leader must be considered all the more versational as sight wind, cleared the woolen H at a high altitude and would have counted even from the thirty yard stripe.
