INTEREST?

The Town Girls of this college are to all appearances the most unappreciative of mortals. Most of them do not seem to take any interest at all in what is being done for them. Yet if they think that they are not getting treated right they are the first ones to howl!

For several years now a few have been working out of the Town Girls Club. It seemed last year that they were succeeding, at least in some degree. There were a large number of "active" or paid members; a constitution had been drafted and approved, the finances were in fine condition, thanks to the recognition of the W. S. G. A.; a Town Girls' Senator was provided for by an amendment to the W. S. G. A. constitution; seats were given the Town Girls in the women's mass meetings.

This year, however, things are not going ahead at all. The girls who are trying to collect the dues are

meeting with refusals or promises to pay some time. What was last year a real whirlwind of competition has almost died an inglorious death.

The Senator has been installed, but what good is she unless the girls are behind her and take her suggestions of things to bring before the Senate concerning the welfare of the girls who live off the campus? Don't they want their rightful share of college life?

The few girls who have given so much of their time and energy these last few years are both discouraged and hurt that the thing to which they gave them, both as officers and in other capacities, is going back on them.

There is one consolation, however. It is not too late to mend Town Girls, wake up! Take an inter rest. Pay your moderate dues. Come out to the meetings. Support your Senator. Show that most of you are not the ungrateful beings that you seem to be.

Put your pipe on P.A.

WHAT you get out of a pipe depends on what you feed it. Millions of contented jimmy-pipers will tell you that Prince Albert commands a pipe to stand and deliver. You suspect you are in for some grand pipe-sessions the minute you get a whiff of P.A.'s aroma.

The first pipe-load confirms your suspicions. What a smoke, Fellows! Remember when you asked for the last dance and she said "You've had it"? P. A. is cool, like that. And sweet as knowing that she didn't really mean it.

Sweet and mellow and mild and long-burning.
Put your pipe on P. A. You can hit it up to your heart's content, knowing in advance that P. A. will not bite your tongue or parch your throat. That one quality alone gets P. A. into the best smoke-fraternities. And then think of all its other qualities!

P. A. is sold everywhere in tidy red tins, pound and half pound tin, humidor, and pound crystal-glass humidor with sponge-weather top. And always with every bit of bite and parch removed by the Prince Albert process.
