hant offense that piled up eighteen points before the opponents could find the basket. The Juniata floormen then staged a short rally, sinking five shots in rapid succession to bring the count up to 20-10. The Blue and White defense tightened, however, and the Indians were forced to accept the short end of a 31-10 score at the end of the half.

The action of both teams was considerably slower at the opening of the second period and it was some time before either quintet could score. After the Penn State dribblers began to function, they added fifteen points to their score while the Indians were tallying five. The score was 49 to 15 when Coach Hermann sent in the entire second team late in the final period. The reserves were just beginning to show scoring power when the game ended with the count of 53 to 18.

**Lions Aggressive**

The Blue and White passers kept the ball in their possession during most of the game giving the Indians little opportunity to score and the Nittany defense, which has been strong this season, proved a stumbling block in the path of the Juniata attack.

Lou Reilly showed a vast improvement over his former performances, scoring nineteen points, the highest individual total of Wednesday's game. Delp, making his first appearance in the starting line-up, proved a stabilizing influence on the team and counted for thirteen points.

**Reinhold Improves**

In his first game of the season Dick Reinhold showed good form although he was a little anxious at times and often failed to take advantage of his shooting opportunities. Cy Lungren, although he failed to account for any field goals, played a good defensive game. Joe Wilson's work with the second team places him in order for

promotion should any of the first-string players prove unsatisfactory. The line-up follows:
