FORESTERS ARRANGE FOR SUMMER CAMP TRAINING

Select Lamar Camp for Scene of Practicum in Timber Growing Studz

Freshman and sophomore forestry students will begin their summer camp training immediately after Commencement Day, the Forestry Department announced yesterday. The first year men will spend six weeks at camp in the Washington Furnace Company's forest near Lamar, Pa. This tract is used annually by the college for a summer camp location. It is especially desirable for this work, covering thirteen thousand acres, and being mostly young timber. Fishing Creek, one of the best trout streams in the state, runs through it and affords plenty of sport for students who are fond of fishing. The sophomore class will have a more unsettled summer practice. They plan to spend the first four weeks in the engineering camp near Williamsport, and then two weeks studying logging, milling and wood-using industries in the northern and northwestern parts of the state, especially in Sheffield, Pa., finishing an eight week program with a final fortnight at the camp near Lamar. Eleven men will graduate from the course in forestry at the coming commencement. This is below the number in the graduating classes of previous years, as there have usually been about twenty-five prepared to take diplomas each June. Professor John A. Ferguson, of the Forestry Department, predicts a rapid increase in the size of the classes in the next few years.

ENGINEERS EXHIBIT GIFT

As a result of a recent gift by the father of one of the senior mechanical engineering students, a permanent exhibition of Fisher's specialties has been placed on the second floor of the mechanical laboratory. The equipment includes a valuable array of various steam specialties.

ENGINEERS HOLD CONFAB HERE FRIDAY, SATURDAY

Industrial Leaders Will Discuss Senior Placement Tests Used in Colleges

Discussion of practical engineering problems will occupy the attention of noted authorities attending the Industrial Engineering conference here Friday and Saturday. The program begins Friday morning with an address by President Ralph D. Hietzel. This will be followed by a discussion of placement tests as used in industry and engineering colleges. Committees in the following season will report on the ethics of offering positions to engineering seniors. A discussion on the economic aspects of engineering education will be included. There will be a dinner in McAllister Hall Friday evening, followed by short entertainment. Addresses will also be given by Dean Dexter S. Kimball, of Cornell University, and P. C. Staples, vice-president of the Bell Telephone company of Pennsylvania. Among the important industrial executives who will attend the conference are C. G. Stoll, vice-president of the Western Electric company; P. C. Staples, vice-president of the Bell Telephone company of Pennsylvania; and Colonel R. I. Rees, assistant vice-president of the American Telephone and Telegraph company.

Student Council Plans Weekly Convocations

which will probably consist of five men, shall select the speakers, arrange the program, appon the budget and care for the correspondence relative to the gatherings. The president of Student Government will preside at the convocations. Advantages of Convocations. Besides the talks by capable speakers, announcements relative to college affairs will be included in the program. In recommending the project the committee declared that during the convocations the student body would be brought closer together and, in this way, would become more conscious of itself.

ELECTS BARR CHAIRMAN

Annual elections were held by the Electrical Engineering society at a recent meeting resulting in the selection of Herbert F. Barr '29 as chairman, Joseph F. Houldin '29 as secretary and Robert F. Hallett '29 as treasurer for the coming year.

Juniors Announce Final Distribution of Blazers

There will be a final distribution of junior blazers at Whitey Musset's store this morning from eleven until twelve o'clock. Deposits will be lost on all blazers not called for.

College Journalists Meet Here Next Year

(Continued from first page) The general agreement that the undergraduate press must serve most intimately the student body and faculty, yet be conducted with entire editorial independence. Suggestions were accepted by the Association relative to the facilitation of inter-member exchange of news.

Penn State Sends Five Delegates

Five representatives of the Penn State Collegian, Wheeler Lord, Jr. '28, Charles F. Plinn '28, Louis H. Bell, Jr. '29, William S. Turner '29, and Harry P. Mielman '29, attended the convention. The election of the president and secretary-treasurer of the Association, both Penn State delegates, was the deciding factor in establishing State College as the scene of the 1929 convention.

Intra-Mural Council Adopts Rushing Code

(Continued from first page) Interfraternity divides the rushing season into three parts. The first period opens at the same time as does the rushing season of the local Greek-letter houses, that is at eleven-thirty noon. Lewis and Stephaug led on the attack for the plebes while Weber and Green performed notably for the sophomores. The game was fast throughout, the yearlings managing to keep in the lead from the opening whistle.

YEARLINGS OVERCOME SOPHOMORE STICKMEN

Scoring seven goals to their opponents five, the freshman lacrossers defeated the second-year stickmen in the second contest of a three-game series Friday afternoon. The victory evens the series and the deciding battle is scheduled for Thursday afternoon. Lewis and Stephaug led on the attack for the plebes while Weber and Green performed notably for the sophomores. The game was fast throughout, the yearlings managing to keep in the lead from the opening whistle.

o'clock on the Saturday following the opening of Freshman Week, and closes the next Saturday.

During the second period, from Saturday until Monday, the national fraternities will cease rushing activities but will resume during the third period, which lasts from Monday until the following Thursday. The local organizations will not employ the sealed system of bidding, which is required under the I. F. C. code, nor will they restrict the number of dates which each freshman may be given.

Lured by Aroma of Neighbor's Tobacco

Boston, Mass. April 21, 1927. Larus & Bro. Co., Richmond, Va. Gentlemen: This morning I had a smoking adventure worth recording. Next to me in the smoking car a gentleman was puffing his pipe contentedly. I was not smoking at the moment, and the aroma of his tobacco intrigued me exceedingly. For twelve years I had smoked Edgeworth without being tempted by any other brand, but the fragrance emanating from the pipe of the gentleman beside me was so agreeable that I could not resist the temptation to speak of it. "That is wonderfully fragrant tobacco you have there," I remarked. "Would you mind telling me the name of it?" "It is Edgeworth," he answered. We then congratulated each other upon our mutual good taste, and I decided that I would continue to use his brand and mine. Sincerely yours, S. H.

Blindfolded... in scientific test of leading Cigarettes, Mrs. Reginald C. Vanderbilt selects OLD GOLD

Mrs. REGINALD C. VANDERBILT

"I wonder if one can really tell the difference, when blindfolded," was my first thought when invited to make this test. "After smoking the four brands, as they were handed to me one after another, I discovered there was one that was noticeably smoother than the others and richer in taste. "This proved to be an Old Gold. I hope I shall be able to buy them in Paris... they are surprisingly free from any trace of throat irritation and have a delightful aroma which to me is very important."

How Test Was Made Mrs. Vanderbilt was blindfolded, and, in the presence of two responsible witnesses, was given on one each of the four leading cigarettes to smoke... To clear the taste, coffee was served before each cigarette... Mrs. Vanderbilt was unaware of the identity of these cigarettes during test... After smoking the four cigarettes, Mrs. Vanderbilt was asked to designate by number her choice... She immediately replied: "Number 3"... which was OLD GOLD.

Why can you pick them in the dark? ... Because they're made from the heart leaves of the tobacco plant

"Vo-dodeo Dough-dough, Vodeo-dough." —SHAKESPEARE. WHEN all the bright young men and women have passed their final examinations, the fun really begins. Commencement! Solemn robes! Solemn speeches! Solemn parents! But gaiety afterwards, you bet! Gather all your friends and relatives together. Get out the food! And get out the bottles of "Canada Dry"! This fine old ginger ale has a joyous sparkle, a rare dry flavor which makes it the choice of college connoisseurs all over the U. S. A. Its subtle ginger taste recommends it to particular palates. Its pleasing carbonation makes it go down with a gurgle of goodness. Because "Canada Dry" is made from pure Jamaica ginger and does not contain capsicum (red pepper), it does not bite the tongue or leave an unpleasant after-effect. Pure, mild, mellow... drink "Canada Dry" and see how good a ginger ale can be! It blends well with other beverages.

"CANADA DRY" The Champagne of Ginger Ales. Imported from Canada and bottled in the U. S. A. by Canada Dry Ginger Ale, Incorporated, 25 W. 43rd St., New York, N. Y. In Canada, 1, J. McLaughlin Limited. Established 1850.
