Notices

A final distribution of 1930 class regiments will be held at 105 East Fairmount avenue on, or at any time before, June fifth, according to the chairman.

Senior physics laboratory reports may be obtained in Room 90 Physics building today from ten until twelve o'clock and from three until five o'clock and tomorrow from nine until twelve o'clock.

Seniors who have failed to purchase programs and invitations may secure the same from Adelbert S. Schroeder '28 tonight from seven until nine o'clock at the S. A. E. house. Unless orders are called for, the same will be sold without refunds.

Students residing here during the second semester are strongly urged

to consult their advisors and deans immediately, relative to courses which they intend to take in the summer session. By doing so they will avoid the rush and delay always accompanying late registration.

A ticket sale for the combined musical clubs' concert will be held at Co-op Tuesday, Wednesday and Thursday evenings at seven o'clock.
