Class of 1932, Welcome to Penn State

Since 1914, while still a Junior at Penn State, we have been serving the various classes here. Each year we have been trying to make our store better and better. We can only grow bigger through the continued patronage of each class. Our store must be of some service to the community in order to grow.

Each year new departments have been added, until now we carry the most varied stock that you will find in any student supply store in State College.

We want our store to be of service to you.
